SPRINKLER SHUT DOWN PERMIT
(Repair, Alteration, Impairment)

In accordance with MGL 148 Section 27A, no person shall shut off, disconnect, obstruct or remove any fire protection system in any building owned, leased or occupied by such person without procuring a written permit from the fire department. This shall not prevent the temporary shutting off or disconnect for purpose of making necessary, emergency repairs provided that the fire department (508.799.3473) is notified immediately of such action. A permit for such emergency repairs shall be obtained on the next business day. The fire department shall also be notified when the system is placed back in service. Permit valid for up to 30 days - duration of impairment permit may vary. Certain restrictions may apply.
A permit is necessary for any repairs, additions/modifications, or impairments.
Impairments require narrative in addition to permit application.

Procedure:

1. Licensed sprinkler contractor applies for permit.

2. Permit Fee - $50.00 check or money order payable to: City of Worcester

Application for Sprinkler Shutdown

Shut down sprinkler for sprinkler system repair, alteration, or impairment. Permit must be applied for or assumed by licensed sprinkler company within 7 calendar days. Owner must supply current annual inspection report for final sign off.
