November 6, 2026

To All Bidders:

Subject: **Bid No. 8860-W7, Furniture, Science Tables (NPS) / WPS**

ADDENDUM NO. 3

To Whom It May Concern:

With reference to our bid request relative to the above subject, please refer to the changes/modifications/clarifications to the original proposal request.

- ***Please see below questions received and response from City:***

1. Addendum 2 identifies NPS model SLT2-2472H while leaving other specifications unchanged. The NPS catalog published by New York OGS lists that model as a 24-by-72-by-36-inch table with a black high-pressure-laminate top and ash frame. The original RFQ specifies black epoxy resin and solid maple. Please confirm the controlling top/frame requirements and whether the standard SLT2-2472H configuration is intended.
   Answer: Please delete model number as noted in addendum # 2. The NPS tables work surface can be either black epoxy resin or phenolic, and the legs may be any wood finish/color.

2. For delivery to the Doherty Memorial High School loading dock, will school personnel unload the truck, or must the carrier provide unloading/liftgate service? Are there appointment or receiving-hour requirements?
   Answer: Vendor must unload the truck at the dock. WPS staff will take the product inside from there. Delivery must be coordinated at least 48 hours in advance with WPS staff. No delivery on weekends or holidays.

3. Please confirm the cutoff for written questions.
   Answer: Questions will not be taken after November 11, 2026

Bidders are requested to acknowledge and/or include this addendum with submission. All other terms, conditions, and specifications remain unchanged.

Very truly yours,

Christopher J. Gagliastro
Purchasing Director
