Re: City of Worcester Franchise Renewal
CUID: MA0018

Dear Mr. Augustus:

Spectrum Northeast, LLC, an indirect subsidiary of Charter Communications, Inc., has appreciated the opportunity to serve the City of Worcester and its residents over the years. Therefore, as we are sure you can appreciate, Charter Communications is taking the proper steps well in advance toward the renewal of our franchise agreement with you, which is due to expire on October 28, 2023. We are now looking forward to the renewal of our franchise.

As you may know, Section 626 of Title VI of the Communications Act of 1934, as amended (the "Cable Act") contains provisions that detail a procedure for the renewal of franchises. In order to comply with these provisions, Charter requests that the City of Worcester commence renewal proceedings in accordance with the requirements of Section 626(a) through (g) of the Cable Act.

However, Section 626(h) of the Cable Act provides for renewal of franchises without going through the extensive, formal procedure specified in Sections 626(a) through (g). We believe that this informal process may be preferable for all concerned. We would like to meet with you at your earliest convenience to discuss the renewal proceedings outlined in the Cable Act.

We look forward to meeting with you in the near future and to a continuing, mutually-beneficial relationship.

We remain committed to providing an excellent experience for our customers in your community and in each of the communities we serve. If you have any questions about this matter, please feel free to contact me at 774-243-9735 or via email at John.Maher@charter.com.

Sincerely yours,

John R. Maher
Director of Government Affairs

MEMORANDUM

April 30, 2021

TO: Jennifer Beaton

FR: Judy Warren on behalf of the Cable Television Advisory Committee

RE: Cable Contract with Charter Communications

The Cable Television Advisory Committee has recently started to meet more regularly and is beginning the renewal process of the cable license. They have requested I reach out to the Law Department with a few questions.

Contractual obligations

1. Section 9.5 of the City's contract with Charter allows for a technical review of the cable operator. Is there a formal process or procedure to follow? Can a consultant be hired to assist with technical review? If during any review process, a tour of their infrastructure is permitted, and other information is obtained, but claimed proprietary by Charter, what steps need to be taken to meet open meeting laws or public information? How is proprietary information to be handled, particularly with financial and technology reports?
2. Similarly, Section 5.2 requires a cable customer survey be developed and implemented this calendar year. Is there a formal process to follow or simply make the notification and work directly with Charter?
3. Can the committee go on record and request legislative support of any State or Federal Bills directly or only as individuals?

In review of current license under Ascertainment Renewal process, the committee seeks opinion:

1. When would the legal team need the Ascertainment Report submitted by for negotiations?

2. Is Charter/Spectrum in breach of contract, in particular with the change in local news (Section 5.5(a), loss of channels, discounts, additional channel (5.5 d), and regional channel?
3. Does the totality of the cable contract allow for review of internet, phone, and Wi-Fi? If not, can the committee request an RFP be created to provide said technology including and/or separate cable TV, internet, phone, and Wi-Fi? Can the committee invite other providers to discuss options they can provide to the city?
4. In relation to Rights of Ways, is there standard language used or does the committee need to research? How, if any, are violations of those ROWs regulations determined and processed? Recognizing the committee is advisory, if there were a need or trend to seek legislative options, for example, to generate additional revenues for use of ROWs, can the committee submit recommendations for legislative filings or to support existing legislation?
5. Under Ascertainment, can the Director of Cable Services contact Charter directly on behalf of the committee with questions on service, billing and/or renewal or does any correspondence need to come from the Issuing Authority, the City Manager or through the Law Department?
