

Worcester Planning Board
Minutes of Meeting
June 12, 1990

Board Members Present: Frank D. DeFalco, Chairman
John Reynolds
George Russell
Michael Lopardo

Staff Present: Francis J. Donahue, BLUC

Special Meeting held jointly with the Worcester City Council

Mayor Levy and Chairman DeFalco called the meeting to order at 7:30 P.M.

1. Consideration of Amendment No. 8 to the East Central Urban Renewal Plan as proposed by the Worcester Redevelopment Authority

Mr. Joseph A. Kellog, Assistant City Manager for Development, stated that the existing East Central Urban Renewal Plan (Mass R-88) was first adopted on June 8, 1967 and no longer adequately addresses the economic, social and land use requirements of the City. Consequently, the City of Worcester has caused to have prepared a Downtown Worcester Development Plan and the Worcester Redevelopment Authority has incorporated into the East Central Urban Renewal Plan the items contained in that study. He further explained the Amendment in detail.

There were no parties interested in speaking either for or against the Amendment so the public hearing was closed.

Mr. Reynolds made the following motion:

"That Amendment No. 8 to the East Central Urban Renewal Plan, Project No. Mass. R-88 of the Worcester Redevelopment Authority, as heretofore amended, be and is hereby approved; and the Planning Board does hereby find that the Plan, as amended, is based upon a local survey and conforms to comprehensive plan for the locality as a whole."

Mr. Russell seconded the motion and it was unanimously voted.
