Director  
Cable Services Division

## Cable Advisory Committee Meeting Meeting Notice

Wednesday, January 9, 2013  
6:30PM Room 409, 4<sup>th</sup> Floor City Hall  
Worcester, MA

### Agenda

1. Roll Call
2. Approve Minutes from November 28, 2012 meeting
3. Ascertainment
  - a. Site visits – Government
  - b. P.E.G. – Reports from Committee members as assigned
4. WCCA requests to seek clarification on the following:
  1. We formally request that the topic of clarification on how the WCCA TV Needs Assessment will be used by the Cable Advisory Committee. It was unclear to us at the last meeting, how the report would be shared with the City Manager's office or if it would be shared directly with the City Manager's office. We would like some clarification on this matter.
  2. We seek clarification on whether the Cable Advisory Committee requests for WCCA TV 13 will be consistent with the requests expressed in the WCCA TV Needs Assessment Report. If not, to what extent and why?
  3. We would like to further discuss the capital allocation question of funds. As we pointed out at the last meeting, there has been no discussion among the PEG channels or with the Cable Advisory members relative to the necessity of an additional studio space for the Government Channel nor was there any conversation exploring possible synchronization of goals and collaboration on resources.
5. Adjourn
