OTHER BUSINESS:

7. Communication:

Chair Truman asked if Mr. Bisceglia wanted to comment.

James Bisceglia, 54 Honeysuckle Road, appeared and expressed concerns about the slope and the safety of residents whose homes abut the slope. He expressed concerns about the developer not being a good neighbor and stated Gallo was doing things without letting the City know.

Mr. Bisceglia told the Board that the Conservation Commission conducted a site visit and stated the Commissioners were surprised by the conditions on the site. He expressed concerns related to the residents’ safety with rocks falling from the slope and excess runoff. He expressed concerns that the process has been extended and that disciplinary action keeps being postponed.

Mr. Bisceglia stated, and submitted into evidence, that he made a drawing with various slopes. He expressed desire for the slope to be modified to 3:1 slope, 30 degrees or less, rocks or grass.

Mr. Bisceglia asked where the approved 1:1 slope is supposed to start? He expressed concerns about rock-slides on his property and encouraged the Board to make decisions expeditiously. He stated that Gallo made mistakes and needed to fix them.

Chair Truman stated that he understood Mr. Bisceglia’s frustrations and that the Board was also frustrated. He noted that the letter the Board sent to the applicant will give the Board direction to take action at the March 26, 2014 meeting and reiterated that until then the Board did not have anything to review.

Chair Truman requested the Board have the Original approved plans at the March 26, 2014 meeting. Mr. Rolle stated that staff would ensure the Board had copies of all of the previously approved plans at that time.
Tim Viele, 46 Honeysuckle Road, appeared and expressed his frustration with repeated continuations and noted that by the time the issue is addressed it would be spring. He requested the Board take disciplinary action immediately with specific consequences. He wondered what the Board’s capabilities were for disciplinary action and asked what the Board’s maximum penalty could be.

Chair Truman stated that the letter the Board sent to Gallo outlined the disciplinary process.

Mr. Viele asked for clarification about the disciplinary timeline.

Chair Truman stated that the letter the Board sent to Gallo stated he needed to submitted revised plans as an amendment to the Board by February 20, 2014.

Mr. Rolle explained that this deadline would allow for revised plans to be placed on the agenda for the March 26, 2014 meeting.

Mr. Viele asked what would happen if the Board did not receive the plans.

Mr. Rolle stated that the Board would consider further disciplinary actions at that time and staff would work with the Law Department to make recommendations prior to the next meeting.

Mr. Viele confirmed that the disciplinary action would take place on March 26, 2014.

Chair Truman confirmed.

Mr. Rolle reminded the Board that the Subdivision Amendment was not on the agenda at this time, only a site plan for Bittersweet Boulevard.

Mr. Biscoglia reappeared and expressed concerns about enforcement. He stated that he felt Gallo is taking advantage of the City. He asked who would be responsible if Gallo built homes higher up on the hill, sold them and then they collapsed.

Jo Hart, Worcester resident, appeared and stated that she believes something needs to happen. She clarified that Bittersweet is the Road that caused the slope issue. She stated she felt the Law Department should handle the issue. She expressed that no one should have to live under such conditions. She expressed that she felt Gallo should be forced to remove Bittersweet entirely.

Mr. Mitra stated that the Board is frustrated. He expressed his opinion that if the Board does not receive everything by March 26, the Board should take action.

Chair Truman stated that this was the process outlined in the letter.

Ms. Haralambous stated that the letter the Board sent to Gallo has enforcement options and that staff will have options to present to the Board.
