SUGGESTIONS FOR THE PLAN OF LAND SHOWING THE PROPOSED DEVELOPMENT

A plan of land, at least 8 ½" x 11" or 11" x 17", and drawn to scale (at least 1 inch = 40 feet) should show the following:

- ❑ North point.
- ❑ Names of streets.
- ❑ Zoning districts (Include overlay zones – floodplain overlay, water resource protection overlay, flexible parking overlay, mixed-use overlay, arts district overlay, adaptive reuse overlay, etc.).
- ❑ Names of owners of properties up to abutters of abutters of the subject property within 300 feet.
- ❑ Property lines, locations of buildings or use of the property where a variance or special permit is requested.
- ❑ Existing & proposed porches, decks, garages, sheds, pools, stairs and any other accessory buildings, uses or ground-level projections.
- ❑ Distances from adjacent buildings and property lines. These should be verified in the field.
- ❑ The dimensions of the lot.
- ❑ All existing uses (i.e. types of businesses, types of residences) on the entire parcel and any future proposed uses. Indicate where each different use is located and how much square footage is dedicated to each use.
- ❑ Table of dimensional requirements (including exterior side yard setback for corner lots) and proposed setbacks as well as relief requested or relief previously granted and dates of such granting.
- ❑ Percentage of the lot covered by the principal and accessory uses (impervious surface) and percentage of open space.
- ❑ Required off-street parking spaces for each use on the lot. If there are multiple uses, applicants must label which parking spaces are dedicated to each use. Even if the applicant is leasing parking spaces, all other parking spaces that are leased to other uses must be shown. Required parking may not be taken away from required parking from any other uses. Parking spaces should measure 9' x 18' for a standard space, 25% of parking spaces may be compact 8' x 16' spaces (except for uses that do not have parking lots). For business or manufacturing districts, applicants may also provide proof of a five-year parking lease on-site or off-site (must be within 1,000 square feet of use). Parking cannot be located in required front yard and *exterior* side yard setbacks.
- ❑ Location and dimensions of required loading spaces for entire site, if applicable.
- ❑ Existing and proposed driveways, entrances, exits, circulation, alleys, paths, access aisles (access aisles must be 24' wide for two-way traffic or 12' wide for one-way traffic), and drive-through lanes.
- ❑ Include a parking table with a breakdown of existing parking spaces, proposed parking spaces, required number of parking spaces (by different use), required handicap accessible spaces, including one van space per every eight accessible parking spaces with a 8-foot access aisle (for parking lots over 15 spaces). Please note: proposed developments may not reduce the number of required off-street parking spaces for adjoining lots in such a way as to make lots once held in common ownership or currently held in common ownership nonconforming.
- ❑ Required five-foot landscaped buffer where parking, work or service areas of a proposed project abut a street, public park or residential property (except 1, 2, 3 families). Trees should be the main element in landscape screening and should be planted 20-25 feet on center.
- ❑ Location, height, dimensions, type and distance from lot lines of any existing or proposed signs.
- ❑ Proposed outdoor seating, proposed ATM machines, utility boxes, other design features, etc.
- ❑ Proposed multi-family dwellings should show proposed usable open / recreation space (at least 10% of lot).
- ❑ Location of dumpsters and snow storage (snow storage cannot be located in the 5-foot parking buffer).
- ❑ Height and location of existing and proposed signs.
- ❑ Location and type of existing and proposed lighting fixtures.
- ❑ Location and species of any trees over 9 inches in diameter that are proposed to be removed as part of the development.
- ❑ Provide any information regarding proposed low-impact or sustainable design (i.e. green roofs, permeable pavement, rainwater gardens, ecological landscaping, passive solar design, etc.)

CITY OF WORCESTER CERTIFIED LIST OF ABUTTERS

Replace This Page with Certified List of Abutters
From Assessor's Office

List of Abutters: The Applicant shall provide a list of "parties of interest" which shall be attached to the application form and shall include the names and address of all abutters and abutters to abutters within three hundred (300) feet of the Applicant's property line. All such names and addresses shall be obtained from the most recent applicable tax list maintained by the City's Assessing Department. The Assessing Department shall certify the list of names and addresses.

MEETING WITH YOUR NEIGHBORS

While not required, it is recommended, when possible, that applicants meet with neighbors prior to the scheduled public hearing to discuss the proposed development. State law requires that direct abutters and abutters to direct abutters within a 300-foot radius of the site receive notification of the hearing. Those abutters will receive a brief notice in the mail from the Division of Planning and Regulatory Services indicating the date and time of the public hearing and the requested Special Permit. In some cases, abutters may have additional questions or concerns about the proposed development that are not answered by the legal notice they receive in the mail. Additionally, abutters may not be able to visit the Division of Planning and Regulatory Services office during business hours to view the actual petition and plan.
