DUTIES: Firefighters often perform risky and physically demanding duties under emergency conditions. Firefighters work under supervision, often as a member of a team, to respond to fires and other emergencies. Firefighter duties may include, for example: connecting, pulling, and operating hose lines; operating a pump; positioning and climbing ladders; emergency rescue and lifesaving; ventilating smoke-filled areas; using and maintaining tools and equipment; training; and fire station activities. For a more detailed listing of duties, see the essential functions of a Massachusetts Firefighter, available on our website.

SALARY: Each jurisdiction sets its own salary for Firefighter. Inquiries concerning salary should be directed to the appointing authority at the time of the employment interview.

ENTRANCE REQUIREMENTS

Age Requirement: As of the posting of this notice, candidates must be at least 19 years of age on or before April 2, 2012, for all civil service Firefighter jurisdictions. It is your responsibility to review any additional age requirements for each Fire Department covered by civil service on our website, under Guides & Publications, Fire Information Civil Service, Fire Departments Covered By Civil Service. Please be advised that the list of Fire Departments is subject to change, and inquiries about status changes should be directed to the Fire Departments in question.

SELECTION AND HIRING PROCESS

EXAMINATION WEIGHTS: Your results on the written examination represent 90% of your final mark, with your rating in employment and experience making up the remaining 10%. Applicants must attain a passing mark on each of the weighted components. If you are NOT claiming credit for prior relevant employment and experience, your results on the written examination represent your final mark.

You must take and pass a written examination and ELPAT to be placed on the eligible list for appointment as a Firefighter. It is your responsibility to review any publications regarding the appointment process for civil service Firefighter on our website.

1. **Written Examination:** The written examination consists of three subtests: the Written Ability Test (WAT), the Life Experience Survey (LES), and the Work Styles Questionnaire (WSQ). The WAT is administered to measure cognitive abilities that have been identified as essential to performing the duties of a Firefighter. The WAT includes areas of verbal expression, verbal comprehension, problem sensitivity, deductive reasoning, inductive reasoning, and information ordering. The LES consists of a series of multiple-choice questions related to candidates' past history and experience of potential relevance to successful performance of entry-level Firefighters. The WSQ is designed to assess certain motivational, value-related and attitudinal characteristics that are of potential relevance to successful performance of entry-level Firefighters. A *Firefighter Written Exam Orientation and Preparation Guide*, which describes the written examination in more detail, is available on our website.

2. **ELPAT:** The ELPAT is designed to assess a candidate's capacity to perform the tasks ordinarily performed by a Firefighter while on the job. This is accomplished by requiring the candidate to perform a series of events that both simulate firefighting activities and depend on the physical abilities required to perform the Firefighter's job. These abilities include cardiovascular fitness, muscle strength, muscular endurance and flexibility. The exercise training program presented in the Physical Ability Test Preparation Guide, available on our website, provides candidates with the information they need to improve their level of physical fitness by conditioning the individual muscles and muscle groups involved in the tasks performed by a Firefighter. You may also view a video of the ELPAT exercises on our website.

Candidates who pass the written examination and ELPAT and receive a conditional offer of employment from an appointing authority will be instructed on how to apply for the Physical Abilities Test and other screening processes. Questions about qualifications listed below should be directed to the appointing authority in question.

Physical Abilities Test (PAT): All candidates who receive a conditional offer of employment will be instructed on how to schedule and take the PAT. The PAT is a test of the candidate's aerobic capacity and physical capability to perform various tasks required on the job. A separate fee (currently \$150) is charged for the administration of the PAT. The PAT Training Guide is available on our website. The ELPAT and the initial hire PAT are not interchangeable.

Medical Exam: Candidates must pass the medical examination before participating in the PAT. The Medical and Physical Fitness Standards are available for review on our website. Candidates may be required to pass both a medical examination and a psychological evaluation before appointment.

Smoking Prohibition: In accordance with MGL Ch. 41, §101A, candidates hired from the Firefighter eligible list resulting from this examination are prohibited from smoking tobacco products at the time of and after appointment.

Character: A candidate may be disqualified for evidence of character clearly unsuited for fire services. Most appointing authorities include a comprehensive background check as part of the selection process.

Driver's License: A candidate may need a valid Massachusetts motor vehicle operator's license before appointment.

Job Interview: An appointing authority may conduct an oral interview prior to appointment.

CLAIMS FOR PREFERENCE

It is your responsibility to review the Certification Order of Lists for civil service Firefighter on our website. Please note, preferences are only available to individuals who receive a passing score on the examination, and cannot be applied to a failing examination score.

Credit for Employment/Experience as a Firefighter: Pursuant to the provisions of MGL Ch. 31, § 22, individuals may apply to receive credit for employment or experience in the position title of municipal Firefighter. Information on how to apply for this credit will be available after April 9, 2012, on our website. All claims must provide specific details of any employment or experience you have in the examination title as the result of service on a city or town fire force, including dates of service and number of hours worked per week, and must be accompanied by documentation supporting these claims. Please note, credit for employment or experience is applicable only to individuals who achieve a passing score on the written examination, and cannot be added to a failing written examination score. Claims and supporting documentation must be submitted at the exam site, or postmarked within 7 calendar days of the written examination.

Candidates can submit a claim for the following preferences prior to the exam date, during the application period.

VETERANS: DEFINITION OF A MASSACHUSETTS VETERAN M.G.L. Chapter 4, Section 7, Clause 43 as amended by the Acts of 2004 Effective August 30, 2004: To be a "veteran" under Massachusetts law, a person is required to have either 180 days of regular active duty service and a last discharge or release under honorable conditions **OR** 90 days of active duty service, one (1) day of which is during "wartime" and a last discharge or release under honorable conditions. [A chart defining "wartime" service is available online](#) at www.mass.gov/civilservice or www.mass.gov/veterans. Qualifying service must have been in the Army, Navy, Marine Corps, Coast Guard, or Air Force of the United States. Please note that active duty exclusively for training in the National Guard or Reserves does **NOT** qualify you for veterans' preference. National Guard Members or Reservists must have been activated under Title 10 or Title 32 of the U.S. Code or Massachusetts General Laws, chapter 33, sections 38, 40, and 41 and then must meet the minimum service requirements listed above. The Members' last discharge or release must be under honorable conditions.

VETERANS' PREFERENCE: If you are claiming veterans' preference and if your eligibility for veterans' preference has not been previously approved by HRD, you must submit a copy of your DD Form 214 Member-4 Form (Release From Active Duty-Long Form) in order to receive proper credit. Although you may supply this proof at any time during the life of the eligible list, it is recommended that you submit it at the time of the examination or immediately upon qualification.

As of July 1, 1998, those who otherwise qualify for veterans' preference, but are still in military service may claim such credit by supplying proof, on official letterhead with appropriate signature, of their military service to date, including the dates of active duty, current assignment, and estimated time of separation. The individual must provide official documentation of honorable discharge at the time of appointment. See MGL Ch. 31, §3, Clause (f).

DISABLED VETERAN STATUS: Claims for status as a disabled veteran require written confirmation from the US Veterans Administration of a continuing service-incurred disability rated not less than 10% based on wartime service ([MGL Chapter 31, Section 1](#)).

During the HRD review process or during the life of the applicable eligible list(s), applicants must make original supporting documentation available should the issue of authenticity arise with the submitted copies.

PREFERENCE FOR THE CHILDREN OF CERTAIN POLICE OFFICERS/FIREFIGHTERS: The son or daughter of a Firefighter or Police Officer employed in Massachusetts who was killed or died of injuries received in the performance of duty, or who was permanently disabled as a result of injuries received in the performance of duty, is entitled to certification preference under the provisions of Chapter 402 of the Acts of 1985.

RESIDENCY PREFERENCE: If residency preference is requested by an appointing authority, candidates who have resided in that community for the entire twelve-month period immediately preceding the date of the written examination are entitled to be placed on the eligible list for that community ahead of any non-residents. Candidates who have had a break in residence or have moved from one community to another within the twelve-month period preceding the date of the examination will not be entitled to claim residency preference in any community. Candidates can submit a claim prior to the exam date, during the application period. Verification of residency will be made by the appointing authority.

RACIAL/ETHNIC PREFERENCE: Due to a federal consent decree, African-American (Black) and Hispanic candidates are given certification preference in a number of communities, whether or not they are residents of those communities. It is your responsibility to review the Fire Departments covered under a consent decree on our website under Guides & Publications, Fire Information Civil Service, Fire Departments Covered By Civil Service. Please be advised that the list of communities is subject to change and inquiries about status changes should be directed to the communities in question. The definition of Hispanic, for the purposes of the decree, includes any person born in a Spanish-speaking country or any person who grew up in a household in which the predominant language spoken was Spanish.

SELECTIVE CERTIFICATION FOR EMERGENCY MEDICAL TECHNICIANS: If an appointing authority requires that a Firefighter hold Emergency Medical Technician certification at the Basic, Intermediate, or Paramedic level prior to appointment, the appointing authority may request that competition for that vacancy be limited to persons holding such certifications. Proof of possession of a current certification as an Emergency Medical Technician, issued by the Massachusetts Department of Public Health, Office of Emergency Medical Services, must be submitted in order to qualify for this selective certification. Although you may supply this proof at any time during the life of the eligible list, it is recommended that you submit it at the time of the examination or immediately upon qualification so that you do not miss out on a potential opportunity.

SELECTIVE CERTIFICATION FOR BILINGUAL FIREFIGHTERS: If an appointing authority requires that a Firefighter be fluent in a second language (e.g., Spanish, Vietnamese, Haitian Creole, etc.), the appointing authority may request that competition for that vacancy be limited to persons who have such skills. You will have the opportunity at the test site to indicate the foreign language(s) in which you are fluent. You will need to prove your language fluency at the time of appointment.
