Reference Map - Wetlands Protection Ordinance

Commercial Area Revitalization District & Combined Sewer System Area

For City of Worcester: Wetlands Protection Ordinance (September 2003) (Reference Map - Commercial Area Revitalization District & Combined Sewer System Area). This ordinance establishes a Commercial Area Revitalization District and a Combined Sewer System Area. The Commercial Area Revitalization District is intended to encourage economic development in the City's commercial areas. The Combined Sewer System Area is intended to improve the City's sewer system and reduce combined sewer overflows.

- **Note 1:** Combined Sewer System
  - Any project within the Commercial Area Revitalization District (CARS) shall be subject to the requirements of the Combined Sewer System Area. The CARS shall be reviewed and approved by the Director of Planning and Development.

- **Note 2:** Commercial Area Revitalization District
  - The Commercial Area Revitalization District is intended to encourage economic development in the City's commercial areas. The CARS shall be reviewed and approved by the Director of Planning and Development.
