

# POLICY AND PROCEDURE

# NO.442

## Procedure for Police and School Departments to Follow With Ill Students

Date Issued April 19, 1994	Date Effective April 19, 1994	Revision No.	No. of pages 1
-------------------------------	----------------------------------	--------------	-------------------

In the event that a child required emergency treatment, the Police Department would provide transportation by ambulance to an appropriate hospital.

In the event that the child was ill, the parents of the child were ill, the parents of the child would be contacted by the School Department and if available the School Department Special Student minibus would be used for transportation. If that were not available the parent would be required to direct the form of transportation to be used, i.e. taxicab or other. The Police Department will not be asked to provide such transportation.

Per:

*Edward P. Gardella*  
Chief of Police
