Commissioner McCann asked what is the square footage of the house. Mr. Lee stated 4,300 square feet. Commissioner McCann stated that the removal of the chimney seems unnecessary.

Mr. Lee stated that they would like to go home and take photos of current condition to present to the Commission but he believes it would cost more to repair than replace. Commissioner McCann stated that the applicant can make that argument but no financial information was presented tonight for the Commission to review.

Mr. Lee asked about the siding. Chair Shveda stated that the since it only repair that the Commission would not have purview.
