5. Old Business

- Green Hill Handball Court Update
  - Mr. Tomaino reported that the Assistant Commissioner is working with one of the project managers trying to get estimates on what it would cost to put up fencing along with an ADA accessible walkway to the court an estimate price right now is $140,000.00 and it doesn’t include the design.
  - Mr. Cashman commented on money the City has and asked when there would be additional information.
  - Mr. Tomaino informed that more information would most likely come for the next meeting.
  - Mr. Cashman asked about how to communicate to the Handball Association of the next meeting.
  - Mr. Tomaino asked Ms. Ortiz and she said she had been contacted by the office.
  - Ms. Turner asked if there was any discussion about some documents she sent the Assistant Commissioner regarding the original building of the handball courts.
  - Mr. Cashman wanted to add this item to the next meeting to be discussed.
  - Ms. Turner suggested a memo be sent over to the City Council requesting funding for the handball court.
  - Mr. Lee asked if he could make a motion to provide documentation Ms. Turner had submitted.
  - Mr. Cashman didn’t feel a motion was necessary but he would like to discuss this and express the concern, and take a vote and give a recommendation.
  - Ms. Zamarro stated that the reason the fencing didn’t go up when they first built the court in 2003 was because the project ran out of funding due to some of the conditions at the site such as ledge and gravel. She suggested maybe looking into a different location.
  - Ms. Ortiz said they originally wanted to have the Cambridge Street repaired, but she likes this location likes that there are a few courts they can use and feels fencing is needed at Green Hill.
  - Mr. Cashman stated he would like to hear from Administration on this. He stated it didn’t seem right that the handball court didn’t have a fence.
  - There were discussions in reference to having a special meeting.
  - Mr. Lee asked if it’s a possibility to bring this up on the April 28 meeting to give Administration time to put documentation together.

- Request of Sean Bellin for approval of an Eagle Scout Project @ Newton Hill @ Elm Park
  - Sean Bellin spoke in reference to his request to place a kiosk at Newton Hill that will contain information on the pollinator gardens and what they bring and their importance.
  - The Commissioners had some questions concerning what is a pollinator garden, if the Low bush sumac would cause rashes, does the kiosk need to be anchored, would the kiosk need to be updated, what happens when the useful life of the kiosk is over, would the kiosk disrupt the Disc course, what drew Mr. Bellin to this project.
  - Ms. Turner made a motion to approve. Second by Mr. Goldstein. All were in favor. Motion was approved 4 – 0.

- Request of the Friends of Wetherall Park (Duffy Field) to speak to the Commission
  - Mr. Noel Choquette spoke on behalf of the Friends of Wetherall Park he went over a list of items they would like for the Parks Division to help with, he also
spoke about the trails in the woodlands they have been working on. He explained that some of the items on the list would be taken care of by Friends of Wetherall Park, however other items would have a budgetary impact by the use of employees. This was the list of suggestions: 1) Two Trash barrels 2) Two dog waste bag dispenser machines 3) Three park benches for parents abutting children’s playground. 4) Three park benches for seniors within woodlands trail system. 5) Replace dying tree along Chalmers Road. 6) Plant four trees along Newton Ave. North abutting the field. 7) Dismantle or cut-up large concrete and asphalt in woodlands so it can be removed. 8) Woodchip deadwood that will be utilized on trails. 9) Connect existing trail system to Newton Ave. North and Haviland Street. 10) Design & create educational signs identifying tree species for Midland School. 11) Cement closed the open manhole on the berm connecting to Newton Ave. north. 12) Investigate the creation of a “rain garden” to capture CO2.

- Mr. Bobby Hazelton from 55 Coolidge Road also spoke in reference to Duffy Field, he commended Mr. Choquette on all the work he has done. He stated that the City should take Mr. Choquettes’ list of recommendations into consideration as well as go forward and give the neighborhood the opportunity to get involved and work together and maybe go forward with a Master Plan.

- There was a long conversation/communication between the Parks & Recreation Commissioners, the Assistant Commissioner and neighbors of Duffy Field. All were happy with the outcome of the meeting. No voting was required but the Friends of Wetherall Park would like to continue to come back to Park Commission meeting to discuss needs and show progress.

Attn: Cyrus Alexander  
33 Alvarado Ave.  
Worcester, MA 01604

Dear Mr. Alexander,

Please be informed that upon your request the City of Worcester, Department of Public Works & Parks – Parks, Recreation & Cemetery Division has placed a hold at the Worcester Common on September 17, 2022 for the 3rd Annual Beats & Barbecue Community Festival.

Please be advised that this is not a permit, it is a tentative hold, and a final permit will only be given after all fees have been paid, all paperwork is completed, and all necessary permits are obtained.

We thank you for your interest in our Parks, we support your event and we look forward to working with you.

If you have any questions or concerns do not hesitate to call our office at 508-799-1190.

Sincerely,

All in Together Now
[ outdoors Hip-Hop Jam ]

- Unify all elements by teaching through action. Hip-Hop consists of 4 Elements [Breaking, DJing, MCing, and Graffiti]. Through the years each element has seen its prominence rise and fall in comparison to the others [breaking in the 80s and turntablism in the 90s for example], with commercial exploitation driving the elements further apart. This event seeks to unify the elements in a way that shows how the elements feed off one another to inspire the practitioners of these expressive artforms to innovate and build community around the world. Rap music has risen above all elements. As a result, we no longer see breaking at "Hip-Hop" shows or in videos. We've witnessed the rise of "push button DJs" and there is little representation of the leaders/elite level of the other elements in popular Hip-Hop radio shows/interview platforms.

Breakin' will be represented at the Paris 2024 Olympics, and we predict there will soon be a surge in popularity for the dance across the globe and in our local communities. Part of our goal is to provide a true representation of Hip-Hop dance in collaboration with the other elements to establish a sense of cultural context for a new generation of dancers and artists. To this end, we will build from our existing relationships with leaders in the local hip hop community (such as Orphanage Movement, TRU Crew and others) to generate more visibility for our local hip hop artists and activists, and set the tone for deeper appreciation of the art and artists within the Worcester communities.

The elements of Hip Hop (Breakin', Dee Jayin', Emceein', and Graffiti Art (also known as Writing)) were practiced and developed in a similar time and place by youth growing up in the same New York communities in the 1970's. In fact, pioneers of the artform would practice multiple artistic disciplines under the umbrella of hip hop (for example both Graffiti Writing and Breakin'). It is our contention that the history shared among the elements and deep similarities in their artistic practices deserve to be taken seriously for their intellectual contributions to our global culture and celebrated within our communities.

- This event will have a DJ playing classic break beats and Hip-Hop music for the dance cipher [dance circle] in which judges will be choosing a dancer to receive a prize based on originality [cipher king/queen]. There will be exhibition dance battles showcasing the emerging talent in the New England dance scene. Canvases will be setup for live painting by local artists and the event will end with performances by local Hip-Hop artists.

Re: Blithewood Park Master Plan

The Department of Public Works and Parks has scheduled the first and second Master Plan public meeting for Blithewood Park. This is submitted for your consideration and to forward to the City Council to add to their respective schedules.

The DPW&P has contracted with Ray Dunetz Landscape Architects (Dunetz) to complete a Master Plan Initiative at Blithewood Park. Dunetz has experience in Worcester with the current improvement program at Hope Cemetery and the parking lot improvements at Blithewood Park. The cost to attend, participate, develop two conceptual designs and a final design is $10,000.00.

This planning process will include stakeholders’ input in creating a roadmap for future enhancements to the existing park. The park presently has maintenance challenges due to the age and condition of the amenities. This plan will provide a final design which will include a cost and construction timeline to bring the enhancements to fruition.

The DPW&P will complete two public hearings on Blithewood Park. Meetings will be posted with the City Clerk and on the City’s website. Invitations will be sent to interested parties including property owners who live within 1,000 feet of Blithewood Park, neighborhood groups, and individuals. The Department will also work closely with local neighborhood groups and organizations to promote these meetings.

The Master Plan process will culminate with approval from the Parks & Recreation Commission at a regularly scheduled meeting. The final plan will assist the City in defining the future of Blithewood Park by developing a plan that maximizes its full
potential. The plan will be designed to meet the needs, wants, and desires of the neighbors, citizens, and organizations that currently use park facilities. This plan will become a community endorsed guidebook for Blithewood Park that will include a synthesized plan of phased improvements.

The location and date of the first public hearing is as follow:

**Blithewood Park Master Plan:**

**LOCATION:** Massachusetts Audubon  
Broad Meadow Brook Conservation Center & Wildlife Sanctuary  
414 Massasoit Rd  
Worcester, MA 01604  
**DATE & TIME:** Monday June 6, 2022 @ 6:00 PM

**LOCATION:** Massachusetts Audubon  
Broad Meadow Brook Conservation Center & Wildlife Sanctuary  
414 Massasoit Rd  
Worcester, MA 01604  
**DATE & TIME:** Monday June 13, 2022 @ 6:00 PM

When new meetings are scheduled, additional correspondence will advise of the new dates and times. We look forward to working with the neighbors, organizations, and users of Blithewood Park to finalize this guidebook that will identify future improvements to this park. All are invited and encouraged to attend.

Please review and advise if there are any questions.

Sincerely,

The attached communication relative to the City of Worcester being named Tree City USA for thirty-six consecutive years and a recipient of the Growth Award for the twenty-third consecutive year, as received from Jay J. Fink, P.E., Commissioner of the Department of Public Works & Parks, is forwarded for the information of your Honorable Body.

I am pleased to report to the City Council that the DPW&P has been notified that the City of Worcester has once again been chosen by the Arbor Day Foundation as a Tree City USA recipient and a Growth Award recipient. I would like to echo the Commissioner’s sentiments and congratulate the Forestry Operations within the DPW&P for their dedication to the revitalization of the Urban Forest for future generations.

Re: Tree City USA

The Arbor Day Foundation has named the City of Worcester a Tree City USA (the thirty-six consecutive year) and Tree City USA Growth Award (the twenty-third consecutive year). The Tree City USA and Growth Award honor comes from the Arbor Day Foundation in cooperation with Commonwealth of Massachusetts Department of Conservation and Recreation, Urban and Community Forestry Program. The Arbor Day Foundation is a nonprofit organization dedicated to the care and recognition of the value trees play in our community.

Communities receiving the national recognition are awarded the Tree City USA designation upon recommendation by their state forester. Numerous standards must first be met including having a tree board or department, a comprehensive urban forestry program, and observation of Arbor Day. The City of Worcester has exceeded these standards through an efficient and effective street tree management program. This recognition is a continuation of the steps the Department of Public Works and Parks is using to revitalize the Urban Forest for future generations.

Congratulations to the Forestry Operation Team headed up by Brian Breveleri for their dedication and commitment to the care and revitalization of the City’s Urban Forest.

Sincerely,

Jay J. Fink, P.E.

Dear Tree City USA Community Member,

On behalf of the Arbor Day Foundation, I congratulate Worcester on earning recognition as a 2021 Tree City USA and receiving a Growth Award. We are so thrilled that Worcester takes pride in creating a community that places unique value on the planting and caring of trees.

Worcester is part of an incredible network of more than 3,600 Tree City USA’s, with a combined total population of 155 million. The Tree City USA program is one of the Arbor Day Foundation’s earliest programs. We are proud to partner with the U.S. Forest Service and the National Association of State Foresters to maintain this community.

Over the last few years, it has become increasingly clear of the value and importance that trees hold for our future. Cities and towns across the globe are facing challenges when it comes to air quality, water resources, personal health and well-being, and energy use. Worcester shows its residents and peers that they are forward-thinking and eager to combat these issues. By showing your dedication to urban forestry, you demonstrate a commitment to a brighter, greener future.

We hope you are as excited as we are to share this accomplishment with your local media and your residents. Enclosed in this packet is a press release for you to distribute at your convenience.

State foresters will receive the Tree City USA recognition materials and coordinate on how to distribute them. We will forward information about your awards to your state forester’s office to facilitate the presentation. Your community’s Arbor Day ceremony would be the best time to mention the Tree City USA award.

Again, we are excited to celebrate your commitment to the people and trees of Worcester and thank you for helping us plant, nurture and celebrate trees.

Best Regards,

Dan Lambe

Worcester Earns Mark of Distinction, Receives
Tree City USA Growth Award from Arbor Day Foundation

Small percentage of Tree City USA participants ultimately earn Growth Award Honor due to a
continued dedication towards building a sustainable community

LINCOLN, Nebraska (4/8/2022) -- Worcester received a Tree City USA Growth Award by the Arbor Day
Foundation to honor its commitment to effective urban forest management.

A Growth Award is bestowed to a community alongside their Tree City USA recognition for
demonstrating environmental improvement and a higher level of tree care. The Growth Award recognizes
major milestones and annual activities in five categories on a point-based system to build sustainable
community forestry programs over the long term such as: building a team, measuring trees and forests,
planning the work, performing the work, and building the community framework.

"Tree City USA communities can experience the positive effects that an urban tree canopy has year after
year," said Dan Lambe, chief executive of the Arbor Day Foundation. "The trees being planted and cared
for by Worcester are ensuring that generations to come will enjoy a better quality of life. Additionally,
participation in this program helps cultivate a sense of stewardship and pride for the trees the community
plants and cares for."

With the additional recognition of a Growth Award, Worcester has demonstrated their expediency towards
building framework for sustainable urban forest management. Urban tree plantings help reduce energy
consumption by up to 25%, which will reduce general energy costs and help with the overall cooling of
the city as well. In addition, members of the community benefit from properly placed trees as they
increase property values from 7–20%. Trees also positively affect the local ecosystem by helping to clean
water and create animal habitats to encourage biodiversity.

More information on the program is available at arborday.org/TreeCityUSA.

About the Arbor Day Foundation
Founded in 1972, the Arbor Day Foundation has grown to become the largest nonprofit membership
organization dedicated to planting trees, with more than one million members, supporters and valued
partners. Since 1972, almost 500 million Arbor Day Foundation trees have been planted in neighborhoods,
communities, cities and forests throughout the world. Our vision is to lead toward a world where trees are
used to solve issues critical to survival.

As one of the world's largest operating conservation foundations, the Arbor Day Foundation, through its
members, partners and programs, educates and engages stakeholders and communities across the globe to
involve themselves in its mission of planting, nurturing and celebrating trees. More information is

Hello,

- **Green Hill Handball Court Update**
  - Mr. Tomaino reported that the Assistant Commissioner is working with one of the project managers trying to get estimates on what it would cost to put up fencing along with an ADA accessible walkway to the court. An estimate price right now is $140,000.00 and it doesn’t include the design.
  - Mr. Cashman commented on money the City has and asked when there would be additional information.
  - Mr. Tomaino informed that more information would most likely come for the next meeting.
  - Mr. Cashman asked about how to communicate to the Handball Association of the next meeting.
  - Mr. Tomaino asked Ms. Ortiz and she said she had been contacted by the office.
  - Ms. Turner asked if there was any discussion about some documents she sent the Assistant Commissioner regarding the original building of the handball courts.
  - Mr. Cashman wanted to add this item to the next meeting to be discussed.
  - Ms. Turner suggested a memo be sent over to the City Council requesting funding for the handball court.
  - Mr. Lee asked if he could make a motion to provide documentation Ms. Turner had submitted.
  - Mr. Cashman didn’t feel a motion was necessary but he would like to discuss this and express the concern, and take a vote and give a recommendation.
  - Ms. Zamarro stated that the reason the fencing didn’t go up when they first built the court in 2003 was because the project ran out of funding due to some of the conditions at the site such as ledge and gravel. She suggested maybe looking into a different location.
  - Ms. Ortiz said they originally wanted to have the Cambridge Street repaired, but she likes this location likes that there are a few courts they can use and feels fencing is needed at Green Hill.
  - Mr. Cashman stated he would like to hear from Administration on this. He stated it didn’t seem right that the handball court didn’t have a fence.
  - There were discussions in reference to having a special meeting.
  - Mr. Lee asked if it’s a possibility to bring this up on the April 28 meeting to give Administration time to put documentation together.

Hello Milagros,

Hope you are well.

I am requesting that Will and I be included in the next Worcester Parks meeting.

a. Sun. 10/17: Will and I had an issue with three youth ages 16-22 (approximately) who refused to leave the court floors when asked politely. They were rebellious, defiant, and disrespectful. As a result, continued to stay on the courts. Eventually, we had to call 911 and Parks Security to end this negative incident.

What is needed for both of amenities to co-exist is proper designation. Will and I went to Green Hill to release stress and play a few friendly handball games—we and other people who use the handball courts to play handball, practice their tennis swings, or play 1-Wall Racquetball should not have to tolerate verbal aggression and be treated like we are insignificant park patrons.

We have been advocating for additional fencing since 2002. We are dedicated to advocate, protect, and teach the sport of Handball in general.

COUNCILORS:

I respectfully recommend that Eighty Thousand Dollars ($80,000.00) be transferred from Account #91C784, Park Improvements, and appropriated to Account #72C702, Park Site Improvements, to provide funds for the purpose of payment for contractual obligations associated with the Green Hill Park Handball Court construction project as requested of Michael V. O’Brien, Commissioner of Parks. I agree with Mr. O’Brien’s recommendation to proceed with the completion of the handball courts and skate board park at Green Hill Park by utilizing a portion of the loan order previously designated for pool and beach improvements. I recognize that this recommendation reduces the availability of existing funds for pool and beach projects at this time. I will wait for the city-wide pool/beach replacement study and evaluate the recommendations incorporated in that report to devise a comprehensive plan that will address the long term status of Worcester’s summer pool and beach infrastructure.
Without this funding it would be necessary to scale back this Green Hill Park to a point where the city would only complete either the skateboard park or the handball courts. At this time I recommend that we appropriately complete the work as originally envisioned and not shortchange the user groups who will unquestionably enjoy these new facilities.

Subject: Transfer Request – Green Hill Park Handball Court Construction/Unforeseens

The combination state-of-the-art skateboard facility/multiple handball court construction at Green Hill Park is 75% complete as of this writing. This is an exciting capital program for the City and well warranted. The demand for both by the respective user groups is very high and the need to complete these facilities as designed is critical. Both components must be constructed to the highest standards for safety is paramount for both activities.

My original date of completion for this effort was the mid-October, 2003. However, a multitude of unforeseens will now require additional fiscal resources, above and beyond existing funding sources, to complete. These unforeseen conditions are due to subsurface ledge with erratic profiles that defy standard engineering assumptions. These pre-construction assumptions were based on a range of test pits throughout the site. The scopes now required include ledge removal, ledge pinning, extensive rebar placement, additional/extensive placement of processed gravel, and additional foundation modifications to other planned amenities. I have brought to bear value engineering to attempt to address these unforeseen costs through scope reductions in other aspects of the program. I have exhausted these opportunities while concurrently ensuring the baseline goals and the objectives outlined above are still met and exceeded. The total amount of additional fiscal resources required to address these unforeseens is $80,000.00.

As mentioned in a previous transfer request, I combined the skateboard/handball court project with the clean up of Green Hill Park (per the GHPC/Voke School Final Settlement Agreement) last July 2002 in order to facilitate its timely construction. This was done to meet the terms and the conditions of the final settlement agreement and to capitalize on economies of scale. A summary of the contract funding sources and the related project budget are as follows:

Funding Sources:

- CDBG (SK8) $60,000.00
- Green Hill Park Improvement (SK8) $42,489.32
- Donations & Trust Funds (SK8) $109,043.85
- FY03 Loan Authorization (M/M Areas) $200,000.00

Total Funding Sources: $411,533.17
Project Budget:

Construction $339,233.17
Engineering/Architectural $ 51,500.00
Contingency $ 0.00
Project Management $ 20,000.00
Anticipated Compliance Officer $ 800.00
Unforeseen Conditions (as detailed) $ 80,000.00

Total Project Cost $491,533.17

Existing Funding Sources (above) $411,533.17
Amount Transferred and Available to Date $411,533.17

Balance Required $ 80,000.00

I respectfully request $80,000 from Account Number #91C784 to Account #72C702, Parks Site Improvements, to address this "balance required". This sum would be applied against existing, approved loan authorization balances for pool/beach improvements. The current available balance in these existing authorizations is $440,500. The revised balance would be $360,500. The comprehensive, extensive consultant study associated with these City-wide pool/beach improvement programs is underway and I expect recommendations/priorities by Winter of 2004. It is my professional opinion that the volume of reinvestment required at all these sites will certainly require additional loan authorizations (subject to funding) to address these community established priorities. This fact, the realities of the pool and the beach season, and the FY budget process combine to set the Fall of 2004 as the earliest these prioritized improvements programs would begin. At a minimum, this same amount ($80,000) would be requested for reauthorization in the City’s Capital Budget for FY05 to make this account and this purpose “whole”. All would be, of course, predicated on your approval, on City Council’s approval and subject to the City’s overall financial status. It is not my preference to do so but the sense urgency on this dictates the need to prioritize accordingly.

Upon approval, all work associated with this entire improvement program will be complete by November 30, 2003. Please review and advise if there are any questions.
ORDERED: That

the City Auditor be and is hereby authorized, empowered and requested, under the direction of the City Manager, to cause the sum of Eighty Thousand Dollars ($80,000.00) be transferred from Account #91C784, Park Improvements, and appropriated to Account #72C702, Park Site Improvements, to provide funds for the purpose of payment for contractual obligations associated with the Green Hill Park Handball Court construction project as requested by Michael V. Here is the plan that I did back in 2017. At that time I had quotes that ranged from $24,000 to $40,000.

Just today I priced fencing for a new pickleball court 60' x 120' = 360 linear feet of 6' high fence at $30,000!!!

I would expect we could complete the fencing at GHP for $50,000 to $60,000 max - even with prevailing wages.

Let me know if the city is willing to proceed if we obtain competitive quotes.

I'm happy to assist.

My wife Nancy went to today's meeting and I believe Cesar presented a quote for additional fencing being 147,000 dollars. That seems quite a bit for the 200 more feet of 8 foot fencing needed to complete the perimeter. Even if we consider prevailing wage, ledge and all it still seems high. On another note we are still looking forward to the Harry Sherry/Maloney Courts to go up and hope that pushing for fencing at the Greenhill location would not interfere with the much awaited new Handball courts for Camp St. If for whatever reason no fencing is gotten for Greenhill can the floors be at least sealed and painted again? The cracks have opened up pretty bad on the street side. It would be great if the same color scheme used at Crompton was used for the Greenhill courts. Thanks again!
