   Variance: For relief of the lot-area dimensional requirements (Article IV, Section 4, Table 4.2)

   Public Hearing Deadline: 3/28/19

   Kevin Keeler of Permit Solutions appeared upon behalf of the applicant, Immeku Solutions, LLC. The petitioner seeks relief of 365 SF from the 6,000 SF lot area dimensional requirement for a two-family detached dwelling in an RG-5 zone. Mr. Keeler provided an overview of the proposal.

   Mr. Wanat expressed his approval of revisions of the proposal.

   Mr. Freilich noted that many ‘side-by-side’ developments do not fit the character of existing neighborhoods, and asked for insight as to why it is featured in so many developments. Mr. Keller stated that the design is more desirable as it gives impression that the home is like a duplex and gives a separation between the families. Mr. Freilich expressed concern that these project designs are changing the look of neighborhoods and suggested that the Board look into design guidelines for neighborhoods.
Upon a motion by Mr. Freilich and seconded by Mr. Berg Powers, the Board voted 4-0 to close the Public Hearing.
Upon a motion by Mr. Freilich and seconded by Mr. Berg Powers, the Board voted 4-0 to approve the requested waiver from the application requirement to label abutters and abutters thereto within 300 feet on the plan.
Upon a motion by Mr. Freilich and seconded by Mr. Berg Powers, the Board voted 4-0 to approve the Variance application with conditions outlined in the staff memo.

4. Remand from Superior Court (Civil Action No. 1485CV00512-A) regarding Appeal of Variances for 3 Homer Street (ZB-2013-060) – Order to update Findings of Fact, Conditions, and Plan Reference
Attorney Wayne LeBlanc, representing the owners of 3 Homer Street, appeared upon behalf of the request.
Mr. LeBlanc stated that an abutter had appealed the Variance that was approved by the Board and an agreement has been made between the applicant and the abutter. He stated that the applicant is reducing the three-car garage to a two-car garage and have added a drainage swale, which is satisfactory to both the applicant and the abutter.
Mr. Freilich asked if an appeal such as this usually takes five years to go through the courts. Attorney LeBlanc stated that, unfortunately, it is not unusual for it to take this long.
Mr. Freilich requested that all summons to court for Board members be sent to the City and not to their home addresses. Mr. Rolle stated that he would make the request to the Law Department.
Upon a motion by Mr. Freilich and seconded by Mr. Berg Powers, the Board voted 4-0 to approve the updated plan, clarifying the original decision that shows a two-car garage and associated drainage.
