(continued) Request that the Administration have available at the time of our
next discussion at the Standing Committee or as soon thereafter
as feasible the cost impact in connection with its
recommendations for Capstone in order to quantify them as part
of preparation for the FY18 Budget.
On a voice vote, the motion was approved.
HOLD the item for January 2017.
Request that the Administration provide feedback in January 2017 with regard to the professional development initiatives and the alignment of practices which are detailed in Annex A, page 1.

MMSI Saturday Study Sessions (Mass Math & Science Initiative)
- The purpose of the SPP (Sustaining Partnership Program) with MMSI is to maintain and continue to expand student achievement and teacher capacity in Advanced Placement Math, Science, and English courses. The SSP provides schools the opportunity to continue to access selected services and components of the AP Program to achieve this purpose. Mass Insight is determined that providing this program will increase the number of enrollments and qualifying scores on AP Exams for Worcester Public Schools. Students will participate in two Saturday Study Sessions per year as well as participate in the Mock exam for each AP course they are enrolled in.

After School Tutoring
- Advanced Placement teachers are given the opportunity to tutor their students after school and be compensated for their time to increase district wide qualifying scores.

AP Nights at Individual Schools
- Each high school will host an AP night which will inform students and their parents of the opportunities they can take advantage of in regards to enrolling in AP Courses. Principals, Focused Instructional Coaches and Head Guidance Counselors receive an AO Potential list of students who can enroll in specific courses for the following school year.

Advance Placement Summer Institutes
- All WPS staff who will be teaching an AP course will attend a week long summer institute. These institutes are offered for new teachers as well as experienced teachers. These courses provide participants with some of the best tools and techniques for helping students acquire the skills needed to excel in the AP classroom. Teachers also have the opportunity to attend mid-year two day refresher courses.
Request that the Administration provide an update when it receives additional information with regard to participation in the Capstone Program.

AP Capstone
- Five Worcester Public Schools will be participating in AP Capstone; South High School, Claremont Academy, University Park Campus, Doherty High School and Burncoat High School.
- Classes will be taught one period per day by a current teacher in the building. Appropriate schedule changes and additional staffing to be determined during allocation meetings.
- Teachers of AP Capstone courses – AP Seminar and AP Research-are required to take part in a week long professional development summer institute (see below)

Request that the Administration have available at the time of our next discussion at the Standing Committee or as soon thereafter as feasible the cost impact in connection with its recommendations for Capstone in order to quantify them as part of preparation for the FY18 Budget.

Budget impact for AP Capstone include, but are not limited to the following costs:
- The cost per teacher to attend the summer institute is $1050 per person (does not include travel expenses). Total cost for session only $5,250
- Approximate enrollment of 20 students per school enrolled with an estimate of $150 per book
  - 5 schools x 20 students = 100 students x $150 per book = $15,000
  (estimated cost for 1 course per school)
ITEM: Mr. Monfredo/Mr. O’Connell/Ms. Colorio/Mr. Foley/Miss McCullough (March 21, 2016)

Request that the Administration consider implementing an advanced academy, based on the Goddard Academy model, at Burncoat Middle School for grade 7 students in either the 2016-17 or 2017-18 academic year which can be expanded to grade 8.

PRIOR ACTION:

4-7-16 - Referred to the Standing Committee on Teaching, Learning and Student Supports for a report back in October 2016.

8-16-16 - (Considered with gb #5-181.)
Mr. O’Connell made the following motion:
Request that the item be held for a report from the Administration in February 2017 regarding the establishment of a Goddard Academy model at Burncoat Middle School for 2017-18. On a voice vote, the motion was approved.
It was moved and voice voted to file gb #5-181 and hold gb #6-128.

BACKUP:

The Administration will be prepared to speak to the item.
ITEM: Miss McCullough/Mr. O’Connell/Mr. Monfredo/Miss Biancheria
(September 26, 2016)

Request that the Administration consider explore the feasibility of establishing a citywide girl’s ice hockey team.

PRIOR ACTION:

10-6-16 - Referred to the Standing Committee on Teaching, Learning and Student Supports.
12-5-16 - STANDING COMMITTEE ON TEACHING, LEARNING AND STUDENT SUPPORTS
Miss McCullough made the following motion:
Request that the item be held for discussion in February for additional information from the Administration relative to the possibility of forming a co-op.
On a voice vote, the motion was approved.
Mr. Monfredo suggested that the Administration check with the local colleges and Michael Myers, Manager of the Worcester Railers, the new professional hockey team for possible equipment support for a citywide girls hockey team in the Worcester Public Schools.
12-15-16 - SCHOOL COMMITTEE MEETING - The School Committee approved the action of the Standing Committee as stated.

BACKUP:

Annex A (1 page) contains a copy of the Administration’s response to the item.
On 12/5/16 David Shea, Athletic Director, presented the Standing Committee on Teaching, Learning, and Student Supports with the cost related to the establishment of a City-Wide Girls Ice Hockey Team; total cost being $46,178.80. Mr. Shea informed the School Committee that the athletic liaisons from each of the Worcester Public High Schools conducted a survey to determine the level of interest in ice hockey amongst the female students in the high schools. The result from that survey showed that less than 5 students were interested. Due to high cost and low interest Mr. Shea agreed to look into the possibility of joining other high schools and establishing a CO-OP girl’s ice hockey team.

The following has taken place since the 12/5/16 meeting:

1. Each high school in the Worcester Public Schools will provide a list of the exact number of girls interested in playing ice hockey. The exact number will be provided to the other high schools in an attempt to set up a CO-OP for the next few seasons.
   
   In addition, we need to know the following:
   - Interest in playing with students from other schools
   - Travel issues for getting to/from practices
   - Comfort level of playing with student they don’t know

2. The MIAA will provide the Worcester Public Schools a list of Central Massachusetts high schools that currently have girl’s ice hockey.

3. Mr. Shea will contact each of those high schools at the end of their seasons (March) to find out which high school(s), if any, are interested in the possibility of partnering with the Worcester Public Schools to form a girl’s CO-OP ice hockey team.

4. If and when this comes to fruition, Mr. Shea will then contact the local colleges to see which of them actually have Women’s Ice Hockey and see if they would be willing to help WPS with donated equipment and supplies.
   
   Note: The colleges have to be extremely careful when donating supplies as to not break any NCAA rules regarding recruitment. If WPS does not have the numbers to build a team or if WPS cannot join other high school teams, then another attempt can be made again next year.

5. A few weeks ago, Maureen Binienda, Rob Pezzella, and Dave Shea met with the owners of the Worcester Railers. They were very happy to hear of the possibility of WPS starting girl’s ice hockey alone or through a CO-OP opportunity and they were very excited about the possibility of helping out to help get a team started. A few items mentioned were equipment, supplies, and possible ice time at the new facility.

Proposed Course Description:

In the AP Seminar course, students will investigate real world issues from multiple perspectives, gathering and analyzing information from various sources in order to develop credible and valid evidence based arguments. This course is one of two courses required for the AP Capstone Certificate. The AP Capstone Certificate is built on two courses, AP Seminar and AP Research, which are designed to complement and enhance the in depth, discipline specific study experienced in other AP courses.

Essential question/s for the course:

Within each big idea presented in the course, there are open ended essential questions that encourage students to think deeply about a topic, ask additional questions and investigate solutions, and develop the deeper conceptual understanding that the course seeks to foster.

Some Essential Questions for the course include:

- Question and Explore
  How might others see the problem or issue differently?
  What questions have yet to be asked?

- Understand and Analyze
  Why might the author view the issue this way?
  How do I know if a source is trustworthy?

- Evaluate Multiple Perspectives
  How can I explain contradictions within or between documents?
  How do I connect multiple perspectives?

- Synthesize Ideas
  Are there other conclusions I should consider?
  How do I avoid committing plagiarism?

- Team, Transform, Transmit
  What contributions can I offer to a team?
  What common misconceptions might my audience have?

Standards addressed in the course:

RL.11-12.1: Cite strong and thorough textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text, including determining where the text leaves matters uncertain.

RL.11-12.1: Cite strong and thorough textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text, including determining where the text leaves matters uncertain.

Revised February 3, 2015
WORCESTER PUBLIC SCHOOLS – NEW COURSE REQUEST FORM

W.11-12.1: Write arguments to support claims in an analysis of substantive topics or texts, using valid reasoning and relevant and sufficient evidence. a. Introduce precise, knowledgeable claim(s), establish the significance of the claim(s), distinguish the claim(s) from alternate or opposing claims, and create an organization that logically sequences claim(s), counterclaims, reasons, and evidence.
Pointing out the strengths and limitations of both in a manner that anticipates the audience’s knowledge level, concerns, values, and possible biases. c. Use words, phrases, and clauses as well as varied syntax to link the major sections of the text, create cohesion, and clarify the relationships between claim(s) and reasons, between reasons and evidence, and between claim(s) and counterclaims. d. Establish and maintain a formal style and objective tone while attending to the norms and conventions of the discipline in which they are writing. e. Provide a concluding statement or section that follows from and supports the argument presented.

SL.11-12.4: Present information, findings, and supporting evidence, conveying a clear and distinct perspective, such that listeners can follow the line of reasoning, alternative or opposing perspectives are addressed, and the organization, development, substance, and style are appropriate to purpose, audience, and a range of formal and informal tasks.

W.11-12.4: Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience. (Grade-specific expectations for writing types are defined in standards 1–3 above.)

SL.11-12.4: Present information, findings, and supporting evidence, conveying a clear and distinct perspective, such that listeners can follow the line of reasoning, alternative or opposing perspectives are addressed, and the organization, development, substance, and style are appropriate to purpose, audience, and a range of formal and informal tasks.

W.11-12.10: Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of tasks, purposes, and audiences.

MassCore is a rigorous and comprehensive course study recommended by the Commonwealth as preparation for college and career. MassCore is also the vehicle through which high school students can gain competence in computational, scientific, visual, creative, and critical thinking and can engage opportunities for “hands-on” application and exploration of new areas of knowledge and experiences.

How does this course support the readiness of students for college and career?
AP Seminar is a foundational course that engages students in cross-curricular conversations that explore the complexities of academic and real-world topics and issues by analyzing divergent perspectives. Using an inquiry framework, students practice reading and analyzing articles, research studies, and foundational literary and philosophical texts; listening to and viewing speeches, broadcasts, and personal accounts; and experiencing artistic works and performances.
Students learn to synthesize information from multiple sources, develop their own perspectives in research based written essays, and design and deliver oral and visual presentations, both individually and as part of a team. Ultimately, the course aims to equip students with the power to analyze and evaluate information with accuracy and precision in order to craft and communicate evidence-based arguments.
The transferable skills and proficiencies are high level descriptions of understanding, knowledge, and skills that students should be able to apply in novel situations long after completing the AP Seminar course.

Is proposed course a Career/Vocational Technical Course: Yes

Proposed Course Description:
In this course, students will prepare several performances and demonstrate their skill development and performance practice. Multiple solo and ensemble performances are required. As an honors level course, content will be covered at an accelerated pace. Students will study topics at a deeper level and will be expected to complete more independent coursework and assignments.

Essential question/s for the course:
- How does a dancer heighten artistry in a public performance?
- How do dancers work with space, time and energy to communicate artistic expression?

Standards addressed in the course:
DA:Pr4.1.7
a. Expand movement vocabulary of floor and air pattern designs. Incorporate and modify body designs from different dance genres and styles for the purpose of expanding movement vocabulary to include differently designed shapes and movements for interest and contrast.

DA:Pr6.1.7
a. Recommend changes to and adapt movements to performance area. Use performance etiquette and performance practices during class, rehearsal and performance. Maintain journal documenting these efforts. Post-performance, accept notes from choreographer and apply corrections to future performances.
b. Explore possibilities of producing dance in a variety of venues or for different audiences and, using production terminology, explain how the production elements would be handled in different situations.
