IV. ADJOURNMENT

Helen A. Friel, Ed.D.
Clerk of the School Committee
STANDING COMMITTEE: TEACHING, LEARNING AND STUDENT SUPPORTS

DATE OF MEETING: Monday, May 14, 2018

ITEM: Mr. O'Connell/Mr. Foley/Mr. Monfredo/Miss Biancheria (September 17, 2014)

To initiate a course in Mandarin Chinese at the Advanced Placement level, offered either in a customary classroom setting or through Virtual High School.

PRIOR ACTION:

10-2-14 - Referred to the Standing Committee on Teaching, Learning and Student Supports.

5-19-15 - Mr. O'Connell made the following motions:
Request that the Administration interact with the College of the Holy Cross as to enrollment of Worcester public school students, on a dual enrollment basis, in appropriate Mandarin Chinese courses.
Request that the Administration consider the options for instruction of students in Mandarin Chinese through on-line programs including, but not limited to, the virtual high school, the Michigan on-line program and the Stanford University on-line high school.
On a voice vote, the motions were approved.
Mr. Monfredo and Mr. O'Connell made the following motion:
Request that students be surveyed, during the Fall of 2015, as to courses that they would like to have considered for inclusion on the Course Selection Sheet for 2016-17 including, but not limited to, instruction in World Languages.
On a voice vote, the motion was approved.

BACKUP:

At present, Mandarin Chinese is not offered as a high level AP course. However, the students can access courses though the Virtual High School Program. In addition, the Administration is studying the feasibility of establishing a Foreign exchange program with a village in China in conjunction with State Representative James O'Day. As part of the program, the visiting teacher from China will teach interested Worcester public school students at no charge.
PRIOR ACTION (continued)

2-1-16 - Dr. Meade-Montaque made a presentation indicating that 213 students are currently taking Mandarin courses. The Mandarin Part 1 and Part 2 are the middle school level courses and Mandarin I to IV are the high school level courses. She reported that Doherty Memorial High School has 21 students interested in continuing with Mandarin IV which will be offered next year. All eleven 11th grade students currently taking Mandarin IV are interested in continuing and the question would be whether to offer Mandarin V or AP Mandarin at Doherty Memorial High School. In the future, if there aren’t enough students to offer AP Mandarin courses in one school, a districtwide course could possibly be offered to the students.

Mr. O’Connell made the following motion:
Request that the Administration submit a report in April in connection with interest in expanding World Language Programs at both the elementary and secondary levels.

On a voice vote, the motion was approved.

8-16-16 - It was moved and voice voted to request that students be surveyed, during the Fall of 2016, as to courses that they would like to have considered for inclusion on the Course Selection Sheet for 2017-18 including, but not limited to, instruction in World Languages.

It was moved and voice voted to request that the Administration respond to the item in December 2016.

3-8-17 - Mr. Monfredo made the following motion:
Request that the Administration provide a report in May 2017 which would contain the names of the courses available by grade levels and also indicate the way in which the Administration will keep the parents apprised of how they can help their children with academic pursuits at home.

On a voice vote, the motion was approved.

1-18-18 - There is an urgent need to approve more courses under this item, not Mandarin Chinese courses. The approval needed now is for the courses listed in Annex A. The reason is that the Administration needs to add them to the course selection sheet.

Mr. O’Connell made the following motions:
Request that the Administration report back to the Standing Committee in June 2019 as to the effectiveness of the Independent Study Physical Education course.
Request that the Administration amend the prerequisites of the academic AP Research paper by amending the number of words from 4000-5000 to 4000-8000.
PRIOR ACTION (continued)

1-18-18 - (continued)
Request that the Administration notify the School Committee of the date, time and location of the Career Technical Education Department's Open House highlighting a viewing of the students' presentations as an integral part of the Career Readiness Capstone Program.
On a voice vote, the motions were approved.
It was moved to approve the following courses as contained in Annex A of the backup:
  Activities of Daily Living Awareness
  Activities of Daily Living Development
  Activities of Daily Living Independence
  AP Research Course
  Career Readiness Capstone Course
  Independent Study Physical Education
  Intro to Advanced Manufacturing
  Intro to Construction
  Intro to Health Assisting

STANDING COMMITTEE: TEACHING, LEARNING AND STUDENT SUPPORTS

DATE OF MEETING: Monday, May 14, 2018

ITEM: Mr. O'Connell/Mr. Foley/Mr. Monfredo/Ms. Colorio/Miss McCullough/
Miss Biancheria (July 6, 2016)

To consider opportunities to enhance the education of the academically gifted
students of the Worcester Public Schools, at all appropriate levels.

PRIOR ACTION:

8-18-16 - Referred to the Standing Committee on Teaching, Learning and
Student Supports.

8-16-17 - HOLD for a progress report in November 2017.

BACKUP:

Annex A (1 page) contains a copy of the Administration’s response to the item.

- **More Advanced Course Options: Increase the number of advanced learning options and enrichment opportunities in 9th grade to better prepare students to succeed in advanced courses throughout high school (p.14)**
- **Credit-Bearing Courses in Partnership with Colleges and Universities: Partner with local colleges and universities to offer high school students access to additional credit-bearing course opportunities through dual enrollment (p.15)**
- **Development of an Enrichment Academy Supported by Learning Institutions in the Community: Develop a public/private enrichment academy to support advanced learners, including after-school and summer opportunities for children in grades 7-12, that leverages Worcester’s distinct community, STEM, and civic assets (p.15)**

2. Worcester East Middle School Innovation Academy will be reorganized for 2019-2020 into a grade 7-8, citywide, gifted and talented program focused on science and applied for a state planning grant.

3. The Hanover Arts Academy at Burncoat Middle School will expand to grade 8 in 2018-2019.

4. The AP Seminar and AP Research courses will be fully implemented by June 2019 which will provide student access to the AP Capstone Diploma.
STANDING COMMITTEE: TEACHING, LEARNING AND STUDENT SUPPORTS

DATE OF MEETING: Monday, May 14, 2018

ITEM: Mr. Monfredo/Mr. O'Connell/Ms. Colorio/Miss McCullough/Miss Biancheria (July 22, 2016)

Request that the Administration provide a report on the summer school programs to include:

- academic progress
- attendance
- community involvement
- engagement of colleges in summer activities
- number of ELL students
- number of grade 1 and 2 students

and suggest improvements for next year.

PRIOR ACTION:

8-18-16 - Referred to the Standing Committee on Teaching, Learning and Student Supports to be discussed at a meeting in January 2017. Miss Biancheria made the following motion:
Request that the Administration provide information on the College Community Connections Program regarding:
- the list of internships that took place at various sites and
- feedback from the students that attended the Community Connection Program and will be taking the MCAS retest in the Fall.

On a voice vote, the motion was approved.

BACKUP:

Annex A (6 pages) contains a copy of the Administration’s response to the item.
PRIOR ACTION (continued)

4-24-17  Dr. Rojas spoke to the item.
Mr. Monfredo and Mr. O'Connell made the following motion:
Request that the item be held for a Standing Committee meeting
in the Fall of 2017 in order to include recommendations from the
Administration as to the program for the Summer of 2018. It was
further requested that the Administration provide information on
the following:
- expansion of opportunities for students in grades 1 and 2 with
  a focus on enrolling more of them in appropriate summer
  school programs
- expansion of internships and externships for students for
  enrichment purposes
- feasibility of offering a full course at the secondary level for
  full academic credit during the summer as a double period
  course
- opportunities in connection with summer school initiatives
  with a focus on the needs of at-risk students
On a voice vote, the motion was approved.
Academic progress was framed around credit buyback for students in grades 8 and up and as a preventative step to stem summer learning loss for elementary students entering grades 3 through 6. Elementary students received ELA, math, science (weather theme), and the arts daily.

Attendance at both the secondary and elementary programs was lower than expected. This was attributed to: late announcement and recruitment, limited/condensed sites, the initiation of 3 bus tiers, and the elementary limitation to grades 3-6 for enrollment. The 3 bus tiers were an attempt to save transportation costs. Several families voiced they were unable to attend the last tier sites because of parent work schedules. Other families explained that older students were needed at home to watch younger siblings who were not old enough to attend.

In summer 2017, community involvement at the elementary level included coordination with Recreation Worcester for an afternoon component in coordination with the Worcester Public Library for the book mobile visits to schools. District Title III funds supported a camp for middle school English learners through the Latino Educational Institute (LEI) at Worcester State University; African Community Education (ACE) programming, a soccer group, and several other initiatives for English learners through community based organizations.

Worcester State University, through LEI, was the only college engaged in these summer activities.

Elementary English Learners grades 3-6 with an EPL level of 1 or 2 received a full morning of ESL instruction. The number of English learners attending would have to be determined based on all programs and students identified EPL status. Attendance was not monitored/coded this way other than in the EL program.

Grade 1 and 2 students were not initially enrolled due to staffing limitations. Some schools, such as Canterbury, reorganized to take in younger siblings when it was apparent older siblings had to stay home to babysit if younger siblings did not attend.

Please note that this response does not include the special education programs that were provided for students in the summer of 2017.
The organizational structure was:

**High School**
15 days of credit buyback/Plato (Burncoat, North, Claremont, Doherty)

**Middle School Grade 8**
15 days of credit buyback/Plato (housed in high schools)

**Sullivan Middle School**
21st Century Summer Program

**Burncoat Middle School**
21st Century Summer Program

**Claremont Academy**
ESL Jump Start Program

**NCC New Ludlow**
18 days ESL Camp

**Elementary Schools**
15 days Camp Explore, Grades 3-6
- Canterbury, Woodland (Goddard, Chandler), Quinsigamond (Vernon, Union), Roosevelt (Grafton, Rice Sq.), Columbus Park (Gates Lane), City View (Belmont St.), Clark St. (Burncoat Prep, Lincoln), McGrath (Elm Park), Chandler Magnet (May St., Tatnuck)

- 18 days ESL Camp for grades 3-6, EPL 1 and 2 at each elementary site

- 18 days ESL Camp NCC Clark St.

- 10 days Camp Invention, all grades
  Grant through Inventors Hall of Fame and AbbVie
  Housed at Clark St. and Woodland Academy for students in schools not serviced by Camp Explore

**Suggested improvements:**

**Data collection:**
- Collect data on English Learners enrolled across programs offered and across grades.
- Collect data on secondary students successfully completing buyback.
- Monitor MAP Fall to Fall for grade 3-6 students to assess success at preventing summer learning loss.

**Secondary Program:**
- Include 7th grade and create an engaging curriculum for grades 7-8
- Recruit and contact parents earlier. Follow up after final report card and across 15 days.

**Elementary Program:**
- Revert to 2 bus tiers.
- Enroll students entering grades 1 through 6.
- Continue with book club and math game format.
- Continue with hands on science activities.
- Continue with enrichment activities.

**Enrollment**

STANDING COMMITTEE: TEACHING, LEARNING AND STUDENT SUPPORTS

DATE OF MEETING: Monday, May 14, 2018

ITEM: Miss McCullough/Mr. O’Connell/Mr. Monfredo/Miss Biancheria
(September 26, 2016)

Request that the Administration consider the feasibility of establishing a citywide girl’s ice hockey team.

PRIOR ACTION:

10-6-16 - Referred to the Standing Committee on Teaching, Learning and Student Supports.

12-5-16 - STANDING COMMITTEE ON TEACHING, LEARNING AND STUDENT SUPPORTS
Miss McCullough made the following motion:
Request that the item be held for discussion in February for additional information from the Administration relative to the possibility of forming a co-op.
On a voice vote, the motion was approved.

UPDATED GIRL’S ICE HOCKEY INFORMATION:

A year ago, the Administration asked the athletic liaisons to make announcements and have dialogue with the girls in their school regarding the feasibility of having the Worcester Public Schools start an Ice Hockey Team. We fielded 5 girls that said they were interested. With the very low numbers and the fact that it would cost roughly $46,000 dollars to start our own team the Administration decided that the best option for the Worcester Public Schools was to seek out a CO-OP possibility by joining another team that had already established Girl’s Ice Hockey.

When the Administration interacted with other schools, it discovered that Saint Peter Marian and the Advanced Math and Science Academy were also looking to start up a team. All three groups wanted teams but didn’t have enough girls so the Worcester Public Schools joined together with them to form one team with the host school as Saint Peter Marian. Thus, the Advanced Math and Science Academy and the Worcester Public Schools would be the guest schools. This was approved by the MIAA and Saint Peter Marian agreed to hire the coaches. The Worcester Public Schools gathered equipment, supplies and uniforms and then finally secured the new Fidelity Bank Worcester Ice Center on Harding Street as the rink on which they were going to practice and play the ice hockey games. The team was up and running and was very successful in the first year. The team went 9-10-2 and made it to the first round of the playoffs where they lost to Woburn.

The Worcester Public Schools only had two players on the team this year. We had one girl from Worcester Technical High School and one girl from Burncoat High School. The Administration is hoping to utilize the success of the team this year to continue to have more and more girls come out for the team in the future. As the fall season approaches, the Administration will once again start to make announcements and post information for the students to see at their school regarding a sign up procedure to become part of the CO-OP Girls’ Ice Hockey Team.

DATE OF MEETING:          Monday, May 14, 2018

ITEM:  Mr. O'Connell/Mr. Monfredo/Ms. Colorio/Miss Biancheria/
       Miss McCullough       (February 6, 2017)

To reestablish the PEAK ("Providing Enrichment for Able Kids") Program in the Worcester Public Schools.

PRIOR ACTION:

2-16-17   -   Referred to the Standing Committee on Teaching, Learning and Student Supports.
4-24-17   Dr. Ganias stated that the Administration is proposing that it organize a PEAK-like experience for students using the Title I SES funds.
            Mr. Monfredo inquired as to the feasibility of establishing after-school PEAK-like enrichment programs for students, and, if possible, provide a report on such a program at the Standing Committee in September.
            Dr. Ganias indicated that she could provide a list of after-school programs that are PEAK-like.
            Mr. O'Connell made the following motion:
            Request that the item be held for a progress report in June or July.
            On a voice vote, the motion was approved.

BACKUP:

Annex A (1 page) contains a copy of the Administration's response to the item.
Title I funds were used to support the development of math skills using a PEAK like format. In second semester of 2016-2017, each Title I elementary school was offered the opportunity to provide a before and/or after school math club that was strategy based game playing. Teacher training to use the 24 Game and Greg Tang math games was provided. The 24 Game is an arithmetical card game in which the objective is to find a way to manipulate four integers so that the end result is 24. There are varied levels of play. Tang’s games require the use of visual models and number bonds to actively problem solve. At the end of the semester, school’s had a 24 game tournament and/or a parent workshop with the Greg Tang games where parents and children played the games together. The resources were left in the schools for replication in the 2017-2018 school year.

In 2017-2018, Title I funds to the district were decreased. In addition, our middle and high schools received the Title I designation to ensure they would qualify for anticipated grant opportunities. As a result, the system was unable to offer before/after school programs through Title I this school year. Title I money will fund the elementary and secondary summer school in 2018.
STANDING COMMITTEE:  TEACHING, LEARNING AND STUDENT SUPPORTS

DATE OF MEETING:  Monday, May 14, 2018

ITEM:  Mr. Monfredo/Miss McCullough/Mr. O’Connell  
(March 2, 2018)

Request that the Administration consider expanding the Worcester: Future Teachers Program in conjunction with Worcester State University in an effort to recruit the best and brightest students.

PRIOR ACTION:

3-15-18  - Referred to the Standing Committee on Teaching, Learning and Student Supports.  
Mr. Monfredo suggested that the Administration forward a Future Teachers Plan to the Standing Committee on Teaching, Learning and Student Supports by the end of the year.

BACKUP:

Annex A  (1 page) contains a copy of the Administration’s response to the item.  
Annex B  (1 page) contains a copy of the backup from gb 8-58.1 that Mr. O’Connell requested to be annexed with this item.  
Annex C  (3 pages) contains a copy of the Administration’s response to gb #8-58.1 that was forwarded in a Friday Letter.
The Worcester Public Schools, Worcester State University, and Quinsigamond Community College are committed in their efforts to recruit and retain the best and brightest students to participate in the Worcester Future Teachers initiatives. Through this partnership, it is hoped that a diverse pool of educators can be created to help fill the future needs of the Worcester Public Schools.

Worcester State University is steadfast in continuing to provide students with the weeklong, summer campus experience that many students have enjoyed in the past. With the WeTEACH, EPIC Diversity grant on its last year, alternative funding sources are being investigated in order to continue with the Worcester Future Teachers dual enrollment and internship opportunities (See Annex C Gb #8-58).

Regardless of funding, Dean of Education, Raynold Lewis, intends to continue recruitment of underrepresented populations by offering spring and fall campus visits for North and South High School, as well as begin a dialogue with middle school students regarding opportunities in education.
In the fall of 2016, the Worcester Future Teachers went through a revitalization due to an EPIC (Educator Candidates in Education Preparation) Diversity Grant received by Worcester State University, Quinsigamond Community College funds, and a robust partnership with Worcester Public Schools. Prior to the EPIC funding, the Worcester Future Teachers participants met regularly, afterschool, for club meetings to discuss the teaching profession and had the opportunity to attend a week-long college campus exploration each summer. Since the fall of 2016, the Worcester Future Teachers has been transformed into the Worcester's Teacher Education Attainment Collaborative Highway (WeTEACH) initiative that includes college counselling, college level courses, internships, all the while providing students with individualized support to ensure success. In an effort to increase the number of qualified teachers from underrepresented groups and create a diverse teaching staff, Worcester State University, Quinsigamond Community College, and Worcester Public Schools has made it possible for students interested in the field of education to begin their postsecondary experience while still in high school in the following ways:

- Students are recruited through the Worcester Future Teachers school-based groups, Chapter 74 and CTE Early Childhood Education Programs, guidance counselor and teacher recommendations, whole class email, parent letters, word-of-mouth , and annual "Call to Teaching" events hosted by Worcester State University that features presentation from the presidents of WSU and QCC, as well as WPS' Maureen Binienda. In February 2018, a student speaker from Cohort 1 was able to talk to interested students about his experience with WeTEACH, thus offering a contemporary's perspective on the initiative.
- Students are given the Accuplacer test in their home-schools to eliminate the need for students to find transportation to QCC. All pre-registration is provided at the time of testing, processed by the WPS staff person, and moved on to QCC and/or WSU.
- Students are able to earn fifteen college credits, at no cost and take the courses at QCC or WSU.
- Course sequence has been modified to begin with a First-Year Seminar (not Accuplacer dependent) to allow students to progress towards a passing Accuplacer score with the help of their senior English course as well as First-Year Seminar writing component. This initiative does not include the Math Accuplacer, as the courses are general core requirements or education based.
- Students are matched with a paid internship during the summer, in the afternoons, while taking courses.
- Students are provided a contact at WPS to call/text/email for any comments, questions, or concerns and are assisted accordingly.

The partnership, collaboration and dedication to this initiative continues as WPS, QCC, and WSU begins the enrollment process of Cohort 3.
Item gb #8-58.1

School Committee Item
Response of the Administration to the request to work collaboratively with Quinsigamond Community College, Worcester State University and other colleges in Worcester to develop a pipeline of students interested in pursuing a teaching career in Worcester.

Response
Worcester Public Schools, Quinsigamond Community College, and Worcester State University have been collaborating since the fall of 2016 in providing Worcester Public School students with an educational and career pipeline for those wishing to become teachers. In the fall of 2016, the Worcester Future Teachers went through a revitalization due to an EPIC (Educator Candidates in Education Preparation) Diversity Grant received by Worcester State University, Quinsigamond Community College funds, and a robust partnership with Worcester Public Schools. Prior to the EPIC funding, the Worcester Future Teachers participants met regularly, afterschool, for club meetings to discuss the teaching profession and had the opportunity to attend a week-long college campus exploration each summer. Since the fall of 2016, the Worcester Future Teachers has been transformed into the Worcester 's Teacher Education Attainment Collaborative Highway (WeTEACH) initiative that includes college counselling, college level courses, internships, all the while providing students with individualized support to ensure success. Through this committed partnership, Worcester State University, Quinsigamond Community College, and Worcester Public Schools have made it possible for students interested in the field of education to begin their postsecondary experience while still in high school in the following ways:

English course as well as First-Year Seminar writing component. This initiative does not include the Math Accuplacer, as the courses are general core requirements or education based.

- Students are matched with a paid internship during the summer, in the afternoons, while taking morning courses.
- Students are provided a contact at WPS to call/text/email for any comments, questions, or concerns and are assisted accordingly.

The partnership, collaboration, and dedication to, and for, this initiative continues as WPS, QCC, and WSU begins the enrollment process of Cohort 3 beginning classes this fall.

**School Committee Item**
Request that the Administration provide a report, in a Friday Letter indicating the total number of teachers that have gone through the Future Teachers Program, especially teachers of color.

**Response**
Worcester State University, Quinsigamond Community College, and Worcester Public schools is currently in its second year of providing students with a clear and direct pathway to becoming educators.

As the second cohort is still attending Worcester Public Schools as seniors, the program is not yet able to produce data for 'teachers that have gone through the Future Teachers Program.' In an effort to illustrate the number of students enrolled as well as the diversity of participants, please see the information below:
