ARPA Diverse Business Certification Grant Program

INTRODUCTION AND BACKGROUND:

The City of Worcester received approximately \$146 million from the federal government, through the U.S Treasury, as a result of the American Rescue Plan Act (ARPA). This direct allocation is part of the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) program. The goal of the SLFRF program is to ensure that state, local and Tribal governments have the resources needed to fight the pandemic, strengthen and sustain economic recovery, maintain vital public services, and make investments that support long-term growth, opportunity, and equity. The funding is intended to address local needs within these four eligible categories:

- Replacing Lost Public Sector Revenue
- Addressing Public Health and Economic Impacts
- Providing Premium Pay to Essential Workers

ARPA ELIGIBLE USE:

The following eligibility description is taken from the U.S. Treasury's Overview of the Final Rule:

ASSISTANCE TO SMALL BUSINESSES

The pandemic has severely impacted many businesses, with small businesses hit especially hard. Small businesses faced significant challenges in covering payroll, mortgages or rent, and other operating costs as a result of the public health emergency and measures taken to contain the spread of the virus. Under Sections 602(c)(1)(A) and 603(c)(1)(A), recipients [the City] may “respond to the public health emergency or its negative economic impacts,” by, among other things, providing “assistance to . . . small businesses.”

Small businesses eligible for assistance are those that experienced negative economic impacts or experienced disproportionate impacts of the pandemic and meet the definition of “small business,” specifically:

1. **Have no more than 500 employees**, or if applicable, the size standard in number of employees established by the Administrator of the Small Business Administration for the industry in which the business concern or organization operates, and
2. Are a small business concern as defined in section 3 of the Small Business Act (which includes, among other requirements, that the business is independently owned and operated and is not dominant in its field of operation).

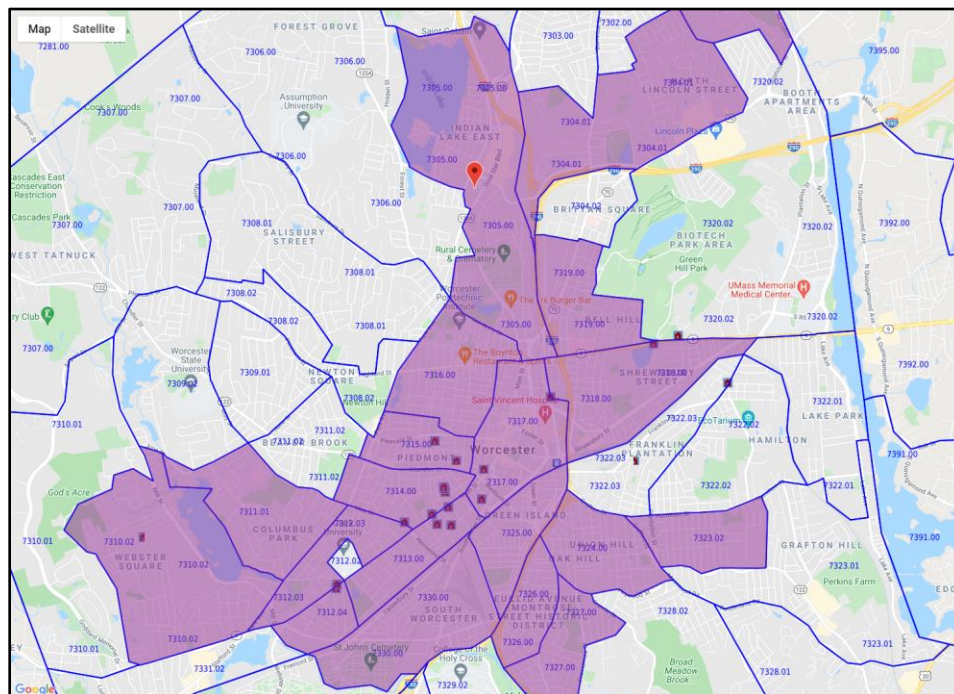

The Final Rule presumes that small businesses operating in a Qualified Census Tract were disproportionately impacted by the pandemic. Recipients of ARPA funding can provide technical assistance, business incubators, and grants for start-ups or expansion costs for disproportionately impacted small businesses. Enumerated eligible uses can be provided to those businesses without any specific assessment of whether they individually experienced negative economic impacts or disproportionate impacts due to the pandemic.

DISPROPORTIONATELY IMPACTED COMMUNITIES & POPULATIONS

As part of this application process, the City of Worcester will prioritize applications that create equitable outcomes by assisting disproportionately impacted communities through one of the four qualifying categories.

QUALIFYING CENSUS TRACTS (QCTs):

An interactive map of can be accessed here: https://www.huduser.gov/portal/sadda/sadda_qct.html

- To determine your census tract, once the map is opened:
 - In the search bar at the top of the page, enter “Worcester, MA”.
 - Below “Map Options” on the left side of the screen, select:
 - Color QCT Qualified Tracts (Zoom 7+)
 - Show Tracts Outline (Zoom 11+)

DISPROPORTIONATELY IMPACTED POPULATIONS

The Department of Treasury’s Final Rule provides additional local flexibility granted to the local recipients, such as the City of Worcester, to determine which general households or populations have been impacted and/or disproportionately impacted by the pandemic based on documented data or research. The local recipient may demonstrate that an individual household or business is within the class that experienced a negative economic impact, rather than requiring a recipient to demonstrate that each individual household or small business experienced a negative economic impact, because the impact was already identified for the class.

The City of Worcester has determined the following populations (cohorts of the overall city-wide population) were disproportionately impacted in the City of Worcester based on the current and pre-existing socioeconomic conditions, as well as COVID pandemic specific public health impacts, and are therefore presumed eligible beneficiaries:

- **Hispanic/Latino Population**
- **Black/African-American Population**
- **American Indian/Alaska Native Population**

ASSISTANCE BENEFICIARY

Treasury guidance allows further administrative flexibility by considering recipients of the following income restricted public programs and services as either impacted or disproportionately impacted by the pandemic, and therefore populations and households receiving them are deemed eligible beneficiaries of ARPA assistance:

- Children's Health Insurance Program (CHIP)
- Childcare Subsidies through the Child Care and Development Fund (CCDF) Program
- Medicaid
- Temporary Assistance for Needy Families (TANF)
- Supplemental Nutrition Assistance Program (SNAP)
- Free and Reduced-Price Lunch (NSLP) and/or School Breakfast (SBP) programs
- Medicare Part D Low-income Subsidies
- Supplemental Security Income (SSI)
- Head Start and/or Early Head Start
- Special Supplemental Nutrition Program for Women, Infants, and Children (WIC)
- Section 8 Vouchers
- Low-Income Home Energy Assistance Program (LIHEAP)
- Pell Grants

LOW INCOME QUALIFICATION

For this purpose, the U.S. Treasury defines low- to moderate-income as:

- Income at or below 300 percent of the Federal Poverty Guidelines for the size of its household based on the most recently published poverty guidelines;
 - Income at or below 40 percent of area median income for its county and size of household based on the most recently published data.
- or

Applying the above criteria to current income data points for the City of Worcester, the table below highlights the household size and income that business owners would qualify as eligible to receive ARPA funding assistance:

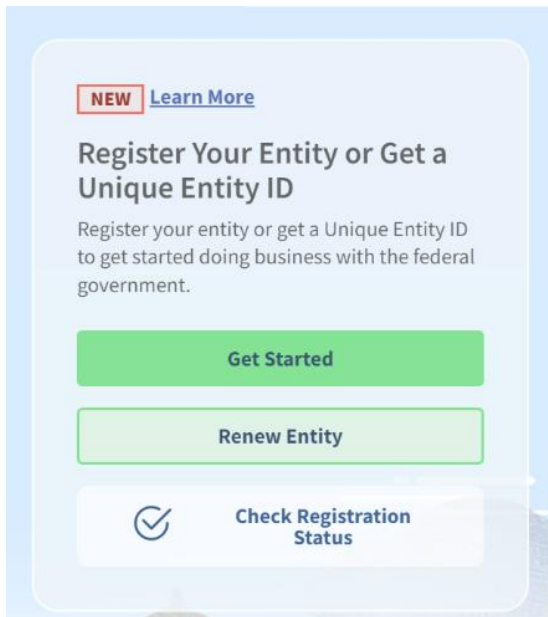

ARPA 2023 INCOME LIMITS								
2023 Income Limit Category	Persons In Household							
	1	2	3	4	5	6	7	8
Annual Income - Moderate	\$50,310	\$59,160	\$74,580	\$90,000	\$105,420	\$120,840	\$136,260	\$151,680

* Note: Determinations for all disproportionately impacted classes, listed above, are based on data from the following sources: U.S. Decennial Census, 2020 U.S. Census American Community Survey (ACS), 2018 U.S. Department of Housing and Urban Development (HUD) Comprehensive Housing Affordability Strategy, 2019, 2020, and 2021 U.S. Bureau of Labor Statistics, and UMass Memorial Healthcare statistics collected for all the City of Worcester’s COVID positivity and hospitalizations.
