I. OVERVIEW OF COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM

The Community Development Block Grant Program (CDBG), which is funded by the United States Department of Housing and Urban Development (HUD), provides annual grants on a formula basis to cities. The City of Worcester is a recipient of this annual grant funding.

The goal of the CDBG Program is to foster the development of viable urban communities by providing decent housing, creating a suitable living environment, and expanding economic opportunities for low- and moderate-income individuals and families. To ensure compliance with federal regulations, CDBG funds must be used for projects, programs, or activities that meet one of the following National Objectives:

- Benefit Low- and Moderate-Income Persons;
- Prevent or Eliminate Slums or Blight;
- Address an Urgent Need.

For the City's Fiscal Year 2027, the estimated funding available for CDBG activities is \$4,000,000. Please note that HUD has not yet released final entitlement figures, so this amount is based on historical data and trends, including funding adjustments. Per CDBG regulations, an estimated \$600,000.00 (15% of the City's total annual CDBG entitlement) can be allocated to Public Service Activities this year.

Additional CDBG related materials and information are available at:

http://www.worcesterma.gov/housing-neighborhood-development/community-development-block-grants

II. APPLICANT ELIGIBILITY AND CRITERIA REQUIREMENTS

Applicants interested in applying for CDBG funds must:

- Have a program that meets one of the CDBG National Objectives mentioned above and meet all eligible activity criteria;
- Be eligible to participate in HUD and City-funded programs;
- Respond to the needs of the City of Worcester, as outlined in the City's Five (5)
 Year Consolidated Plan (2025-2030);
- Have no part of the organization's or agency's net earnings;
- Have a functioning accounting system and protocols that are operated in accordance with generally accepted accounting principles, or have designated an entity that will maintain such an accounting system; and
- Provide a current budget showing the applicant's capacity to execute the proposed project and the ability to secure additional funding necessary to operate the proposed project.

III. THRESHOLD REQUIREMENTS FOR PROJECT SUBMISSION

All applicants and proposals must meet the following minimum threshold requirements:

- Applicant and affiliates or subsidiaries must be current in all financial obligations
 with the City of Worcester. The City of Worcester will not fund an organization or
 agency with outstanding disallowed costs, defaulted loans, tax arrearages,
 debarment actions or any other legal encumbrances, regardless of the merits of
 the submitted proposal.
- Applicant's organization must certify that it complies with the Americans with Disabilities Act of 1990 (ADA), as amended (P.L. 110-325).
- Applicant must have their Board of Directors certify that they have a three (3) month cash flow reserve available.
- Applicant must certify that it has an Anti-Discrimination Policy and if awarded, provide copies of that policy upon request to their assigned city monitor.
- Applicants currently receiving CDBG funding must meet the following additional minimum threshold requirements:
 - o Agency must be in compliance with all terms of its most recent CDBG contract;
 - Agency must not have a serious unresolved HUD or City monitoring finding or audit finding of a material nature regarding any of the agency's CDBG-funded projects or other federally funded projects.
- Due to an anticipated reduction in City Fiscal Year 2027 CDBG allocations, a single applicant organization may not submit more than 4 applications for CDBG funding to the City of Worcester. All CDBG Public Facilities Improvements awards will be capped at a maximum of \$195,000 for any single application.

PLEASE NOTE: Projects, programs, or activities that fail to meet the applicable regulations and criteria <u>WILL NOT BE CONSIDERED FOR FUNDING</u>. Submissions that fail to demonstrate compliance with minimum threshold requirements will be considered incomplete and will not be evaluated against complete applications.

IV. ELIGIBLE AND INELIGIBLE CDBG-FUNDED ACTIVITIES

This section outlines activities that are generally eligible and ineligible public service and project uses under CDBG.

The following is a general summary of eligible CDBG-funded activities for low- to moderate-income individuals and areas. This list is not comprehensive; more information on CDBG National Objectives and eligible activities can be found under "CDBG Resource Documents" on the City's website at: https://www.worcesterma.gov/housing-neighborhood-development/community-development-block-grants

~	Technical assistance for microenterprises (5 employees or less)
~	Historic Preservation
✓	Small business façade improvements

• CDBG Ineligible activities (either completely or generally):

- Direct income payments to an individual or family, which are used to provide basic services such as food, shelter (including payment for rent, mortgage or utilities) or clothing.
- Buildings or building maintenance in the case of buildings used for the general conduct of government
- General government expenses
- Political activities (including voter registration)
- Purchase of equipment (except firefighting equipment, or equipment needed by local government to administer the CDBG program, etc.)
- Construction of new housing

While there are many CDBG eligible "project use" activities (see prior table), this City of Worcester RFP is requesting proposals for activities under the **Public Facilities and Improvements** category of CDBG project use, in addition to **Public Services** related activities (See description below).

Public Facilities and Improvements Activities

Examples of eligible Public Facilities and Improvements include acquisition and construction or rehabilitation and general improvements to facilities that deliver non-profit recreational, educational, health, or social and human services to low- and moderate-income populations, as well as capital improvements that provide an Area Benefit, such as neighborhood parks, roads, sewer and drainage systems, community or recreation centers, etc. to majority low- and moderate-income areas.

Public facility improvements must improve the ability of CDBG sub-recipients and/or facility owners to better deliver services to low- and moderate income clients, or better serve an area in general, through changes that improve safety, remove architectural barriers, improve energy-efficiency, improve handicapped access, improve public access in general, or otherwise make delivery of the services to low-to moderate-income individuals or areas more cost-effective or efficient for the public facility owners.

Please note that Public Facilities and Improvements applicants must either 1) own the facility in need of improvements or 2), have at least a 10-year lease on the facility.

All Public Facilities and Improvements applications will be subject to the Davis-Bacon Act regarding federal prevailing wage requirements for projects with construction costs in excess of \$2,000, as well as any and all pertinent CDBG and federally mandated Environmental Review ("ER") regulations and processes. Additionally, Public Facilities and Improvements projects utilizing more than \$200,000 in total HUD related funding sources will be subject to 24 CFR 75, also known as "Section 3". Section 3 requires that contractors, to the greatest extent feasible, give economic opportunities to low- income persons residing in Worcester. HUD's Guidebook explains this regulation in detail at https://www.hudexchange.info/programs/section-3/section-3-guidebook. To the extent applicable, Public Facilities and Improvements applications may also require adherence to the Build America Buy America ("BABA"). HUD information and guidance on BABA can be found here:

Build America, Buy America (BABA) | HUD.gov / U.S. Department of Housing and Urban Development (HUD)

Public Services Activities

The City is seeking proposals for **Public Services** activities. Up to 15% (approximately \$600,000.00) of the City's total anticipated annual CDBG allocation may by be awarded to various sub-recipients for use on eligible Public Services that meet an established community need as identified in the Five (5) Year Consolidated Plan (2025 - 2030).

Eligible Public Service activities are described further in the table on page 3 and include, but are not limited to, various activities aimed to assist low- and moderate-income populations such as: youth services and after school programming, health and dental services, case management, information and referral services, housing stabilization or housing maintenance and repair services, educational programming and services, food security assistance, crime prevention and public safety services, substance abuse counseling, job training and preparation, services for seniors, etc.

For Public Services, CDBG funds may be used to pay for the labor, administration, supplies, and materials to operate and deliver the service and/or maintain the portion of

a facility in which a public service is located. All of this must be calculated into the total "Cost Per Unit" for providing the public service. Please see budget template and documents, as cost per units can be calculated using budget documents provided as part of this application.

For prior CDBG funded activities, a Public Service must be either a new service; or a quantifiable increase in the level of service provided by or on behalf of the unit of general local government in the prior 12 calendar months of the program. An eligible public service can be funded at the same or reduced levels as the previous years if no quantifiable increase in service is provided.

Please also note that as described further in the separate CDBG RFP "Application Guidelines & Scoring Criteria" document (published on the City's website alongside the CDBG RFP materials), this year the City of Worcester is further encouraging applications from organizations that have not received CDBG funding for Public Services within the last 5 CDBG program years (i.e. must not have received City of Worcester CDBG funding for Public Service activities between July 1, 2021 to present). If the City's annual CDBG funding for Program Year 52 permits, it anticipates supporting up to two organizations that are "new" to CDBG funding at up to a max of \$10,000 total. This funding will be capped at a maximum award of up to \$10,000 per "new" applicant organization. All new RFP applicants may request more than \$10,000 in CDBG Public Service funds. However, if an organization has not received CDBG Public Service funding within the past five program years, its application will be evaluated alongside organizations with established CDBG experience and may be less competitive as a result.

Organizations new to CDBG Public Services that apply for \$10,000 or less will automatically be evaluated against other similarly experienced applicants for funding. The City of Worcester **is not** seeking to support entirely new organizations or entirely new programs (i.e. organizations or programs with one year or less of existence or program experience) as part of this incentive. The City seeks established and impactful programs and services that have not received CDBG as part of their prior years of funding composition.

Benefits to Low- and Moderate-Income Individuals and Areas

All eligible activities must benefit primarily low- and moderate-income persons through any one of the following established CDBG program methods and means:

- An Area Benefit; that is, the benefits are expected to be available to all residents
 of a service area that has been designated by HUD as an area that is
 predominantly (51% or more) low- and moderate-income based on the latest
 available HUD or U.S. Census Tract statistics (or acceptable alternative source).
- A benefit to Limited Clientele who are presumed by HUD to be principally lowand moderate-income people such as abused children, battered spouses, elderly persons, handicapped persons, homeless persons, and illiterate persons.
- A benefit to Limited Clientele that are concluded to be low- and moderateincome based on the nature and location of service or program being delivered.

- A benefit to Limited Clientele who are expected to be low-and moderateincome based on a program or service already having clearly established income eligibility requirements.
- A benefit to Limited Clientele, at least 51% of whom are shown to be low- and moderate-income persons by documentation related to family size and income that indicates household incomes do not exceed the latest effective low (80%) income limits established by HUD (Effective April 1, 2025), which are provided below:

Current FY 2025 Income Limit	1	2	3	4	5
Categories by Household Size	Person	Person	Person	Person	Person
Extremely Low (30%) Income Limits	\$26,200	\$29,950	\$33,700	\$37,400	\$40,400
Very Low (50%) Income Limits	\$43,650	\$49,900	\$56,150	\$62,350	\$67,350
Low (80%) Income Limits	\$69,850	\$79,800	\$89,800	\$99,750	\$107,750

V. CITY, STATE, AND FEDERAL REQUIREMENTS

The use of CDBG funds are subject to applicable City and State laws and regulations in addition to HUD regulations. These laws include procurement policies and the State's Prevailing Wage rates. Other Federal, State and local requirements may apply, including but not limited to: Equal Employment Opportunity; anti-kickback rules; Davis-Bacon Act (federal prevailing wage amounts must be paid on labor costs for construction projects in excess of \$2,000 or residential structures with 8 units or more); accounting records; bonding and insurance; environmental laws; and 24 CFR 75 ("Section 3").

To be awarded federal entitlement funds, all applicants must be fully registered, and receive a Unique Entity Identifier (UEI), on <u>Sam.gov</u>. Registration may take 2-3 weeks to show as 'active.' Interested parties are encouraged to begin the registration process early.

Non-profit organizations that receive CDBG funding for CDBG-eligible activities are also subject to 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, also referred to as the "Super Circular". The Super Circular supersedes federal guidance and regulations formally found in OMB Circular A-122, Cost Principles, OMB Circular A-133, Audits, OMB Circular A-87, and OMB Circular A-110, Uniform Administrative Requirements.

No funding will be disbursed to a CDBG grant sub-recipient unless there is a grant contract in place between the City of Worcester and the respective sub-recipient. Contracts will stipulate regular performance-based reporting requirements to include reporting on contracted grant activity goals and metrics before any grant drawn down or reimbursement requests can be approved by the City of Worcester.

Grant sub-recipients are expected to be monitored by the City of Worcester during the grant funded activity's project term. Monitoring expectations may vary based on precontract risk assessment analyses completed by the City.

STATEMENT OF APPLICANT

The undersigned acknowledges the following:

Preparer's Signature

- 1. That, to the best of its knowledge and belief, all factual information provided is true and correct and all estimates are reasonable.
- 2. That no revised proposals/applications may be made in connection with this application once the deadline for applications has passed.
- 3. That the City of Worcester may request or require changes in the information submitted, and may substitute its own figures which it deems reasonable for any or all figures provided. That the applicant will participate in required interview for project assessment and cooperatively assist in the review process.
- 4. That, if the project is recommended and approved by City Council, the City reserves the right to reduce and/or cancel the allocation if federal entitlements are cancelled, reduced, or rescinded.
- 5. That the City of Worcester reserves the right not to fund any submittals received.
- 6. By submission of this application, the organization agrees to abide by the Federal regulations applicable to this program.
- 7. That, if the project is funded, the organization agrees to abide by the City's locally established policies and guidelines.
- 8. That past program and financial performance will be considered in reviewing this application.
- 9. That services are to be provided at no cost to citizens during the grant period. All program income (i.e., fees, repayments, foreclosures, etc.) must be remitted to the City.
- 10. That, if the project is funded, the City or a designated agency may conduct an accounting system inspection to review internal controls, including procurement and uniform administrative procedures, prior to issuance of payments for projected expenditures.
- 11. That, if the project is funded, the City will perform an Environmental Review prior to the obligation of funds.
- 12. That, if the project is funded, a written agreement that includes a statement of work, records retention and reporting, program income procedures, local and federal requirements, circumstances that would trigger grant suspensions and terminations, and reversions of assets would be required between the organization and the City.
- 13. That a project's funding does not guarantee its continuation in subsequent action plans.
- 14. That proof of insurance (general comprehensive public liability insurance with a company licensed to do business in Massachusetts, and in the aggregate naming the City, its employees and agents as additional insures) will be submitted to the city prior to execution of the contract.
- 15. Applicant shall provide written signatory authority from the organization's governing body indicating who has authority to execute contracts and amendments on its behalf.
- 16. Applicant agrees to abide by the City of Worcester's Conflict of Interest policy. Items of concern would include staff members serving on the Board of Directors, staff members' families serving on the Board of Directors, and other matters that may give the appearance of a conflict of interest.
- 17. Applicant agrees to comply with the following: Fair Housing Act, Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990, and all applicable Federal and State Anti-discrimination laws and regulations.
- 18. That, if the project(s) is funded, the organization will repay to the City any funds expended on costs consequently disallowed by the City or HUD due to ineligibility based on programs rules and regulations.
