43. If any product is found that does not meet the analysis submitted by the bidder in his/her proposal, the Purchasing Agent may, at his or her option, exercise his/her right to reject the product and require that all or any part thereof shall be removed promptly by and at the expense of the contractor and replace it forthwith with a product satisfactory to the Purchasing Agent, or to retain the product and compensate the contractor in an amount as determined by the Purchasing Agent and the City Manager.
44. It is understood and agreed that it shall be a material breach of any contract resulting from this bid for the Contractor to engage in any practice which shall violate any provisions of Massachusetts General Laws, Chapter 151B, relative to discrimination in hiring, discharge, compensation, or terms, conditions or privileges of employment because of race, color, religious creed, national origin, sex, age or ancestry.
45. The undersigned as bidder, declares that the only parties interested in this proposal as principals are named herein; that this proposal is made without collusion with any other person, firm or corporation, that no officer or agent of the City is directly or indirectly interested in this bid; and he/she proposes and agrees that if this proposal is accepted he/she will contract with the City in accordance with the specifications, also the terms and conditions as spelled out in this bid form.
46. No Person, including but not limited to corporations, partnerships, limited partnerships or limited liability corporations, shall be eligible to receive a contract under this invitation to bid and/or requires for proposal if that person has been convicted of any felony offense involving the distribution of controlled substances as that term is defined under Chapter 94C of the General Laws and, for contracts to be performed for on-site services to the Worcester Public Schools, if that person or any person to be employed by that person in the performance of such on-site services has been convicted of a "sex offense" or a "sex offense involving a child" or a "sexually violent offense" or would meet the definition of "sexually violent predator" as those terms are defined in Section 178C of the General Laws and who must register with the sex offender registry board.

47. The Contractor shall at all times enforce strict discipline and good order among his employees and shall not employ for work or services relating to this contract any unfit person or anyone not skilled in the task assigned to him. In light of the fact that the performance of this contract requires the Contractor and its employees to have significant interaction with the public, the Contractor shall require all employees who may perform services under this contract to conduct themselves in a courteous, professional manner. If the Contractor is notified by the Contract Officer that any person engaged upon the work is incompetent, unfaithful, disorderly, discourteous, or otherwise unsatisfactory, then such person shall be discharged from providing services or work pursuant to this contract. Without limiting the generality of the foregoing, intimidation, threats and/or violent conduct of any kind or nature directed to members of the public are absolutely prohibited. Failure to comply with this requirement shall be grounds for termination of the contract.
48. The Contractor's performance may be evaluated on an ongoing basis including but not limited to consideration of complaints received from members of the public. In order to facilitate this evaluation, the Contractor shall provide the City with documents and records upon request. The Contractor shall further obtain from its employees authorization that appropriate City personnel may obtain all available criminal offender information ("CORI") from the Criminal History Systems Board. A high number of unresolved complaints, any number of complaints that are particularly severe, or employment of individuals who have been convicted of assault or other violent crimes shall be grounds for the early termination or non-renewal of the contract by the City.
49. The procurement officer shall award the contract to the lowest responsible and responsive bidder. The term "responsible bidder" means "a person who has the capability to perform fully the contract requirements, and the integrity and reliability which assures good faith performance." Consistent with its duty to maintain public order and promote public safety, the City has determined that this contract is of a type and nature so as to be particularly sensitive due, at least in part, to the contractor's inherent access and dealings with the members of the general public. Therefore, the City has concluded that additional scrutiny is justified as it determines whether a particular bidder is responsible, having the integrity and reliability to properly perform the requested services. This may entail consideration of the contractor's system of oversight, training and supervision of its employees, including but not limited to its requirement of a high standard of customer service and courtesy in its dealings with the public. The bidder's care and diligence in hiring and assigning its employees will also be considered. In making its determination, the City reserves the right to examine any and all information at its disposal, including but not limited to prior City contracts, the experiences and information obtained from current and former customers (whether identified by the bidder as references or not), as well as other sources available to the City, including but not limited to court documents, newspapers, financial reports (such as DUNS), and certain police data and reports.
50. The Contractor, acting through its owner(s) or any of its employees, or its agents or sub-contractors and any of their employees, shall not engage in any behavior, whether during the course of its duties under this contract or at any other time, that is illegal, criminal or otherwise shocking or offensive to the general public. The determination whether any particular behavior is illegal, criminal or shocking to the general public shall rest in the sound judgment of the Contracting Officer or the City Manager. In making such determination, the Contracting Officer or the City Manager shall apply the general standards of the community. No criminal conviction or formal charges shall be required to make such determination. Such behavior need be something more than trivial and something which would cause the general public to have concerns either about the safety of individuals coming in contact with the Contractor or about the character and integrity of the individuals with which the City does business. Violation of this provision shall be grounds for immediate and unilateral termination of this contract by the City upon five days' notice as otherwise provided herein

DOCUMENT INDEX & SCANNING SERVICES / CITY CLERK

Bid #: 7951-W3

Scope of Work

Pertinent Data

The City Clerk's Office is the official keeper of documents and materials associated with the City of Worcester and is responsible for the largest collection of official government documentation the city maintains. Every document ever presented to City Council, and before that the Board of Alderman, is stored in our vault, along with all birth, death and marriage certificates ever processed in Worcester from the 1720's to present day. Further, our office maintains hundreds of audio and video recordings of each City Council meeting, as well as many other historic materials collected by City Clerks since the city's inception.

Image I: Worcester Town Record from 02 August 1774 reveals the tension of the Revolutionary War.

Although there has never been an exact count of materials in the City's collection, we estimate there are dozens of leather-bound journals/books, hundreds of handwritten letters, along with other objects.

The City of Worcester is seeking bids on the digitization and indexing of City Clerk documents, along with the creation of an online portal. Said online portal should have the option of being laid into the City Clerk's page on our city's website and should allow the city's residents and other interested parties alike to search for various records maintained and archived through the vendor's digitization and indexing process through metadata laid into the digital copies of the record. The documents include but are not limited to death records, birth records, birth record books, marriage record books, city and town council records and books.

Services to be performed

In FY 2023, the Contractor will perform the following tasks

1. Will note the type/quantity of materials that are leaving City Hall, document the condition of materials, transport documents from City Hall to offsite scanning location, provide preparation (including but not limited to removal of staples, paperclips, and sticky notes prior to scanning), and if needed undertake a paper audit (The paper audit may be needed if documents are not in order/out of category in box or if loose leaf documents are found in bound books. Documenting loose cards and/or documents are present in boxes to keep count of our materials at scanning facility) of the City Clerk documents.
2. Once indexing and digitization has begun, contractor should insert a barcode sheet as well as document type barcode labels on the various document types within the file.

Example:

City Records

- Death Records- Box Description (Date Range)
- Birth Records Cards- Box Description (Date Range)

- Birth Records Cards- Blue Cards Description on top of card
 - Birth Records Books- Title/Description on front spine
 - Marriage Record Books- Title/Description front cover or side
 - City Council Books- Title/Description front cover or side
3. Scan in “Attended Mode” to assure that the best quality image is rendered, visually inspect each image as it is captured, and interrupt scanning if any issues that comprise quality.
 4. While records are off site, the City Clerk’s office has the right to request a document they need to view for the public, this can be done via email.
 5. Image processing clean up once documents are scanned should include de-skew, de-speckle, black border removal and crop.

Bidder Qualifications

The Contractor shall demonstrate an ability to organize, index, and digitize the City Clerk’s records by showing us an objective, summary of contents, production contacts, project pickup and delivery schedules, document preparation, conversion services, transmission of images, post scanning indexing and organizing, image retrievals during production, and service level and retention of documents/materials. An example, such as the image below will indicate the process laid out by the Contractor(s). Contractor must have documented experience in digitizing municipal or other public/historical records. Please include a list of recent (within last 5 years) digitization projects.

Length of Term

This work associated with this bid invitation is expected to begin on or about January 2023 and be completed by June 2023. The City reserves the rights to change, delay, cancel, or expediate the term. The selected bidder is required to furnish all certificates of insurances required under the contract, in a form acceptable to the City prior to the execution date. Once completed, documents will be returned to the City of Worcester once scanning is complete.

Creation and Purpose of online portal

The purpose of this portal is to create an online digital public history repository to preserve, publish, and share digitized historical materials from City agencies/departments, civic organizations, as well as from independent and private collections. The intent is to make internet-accessible all appropriate historical materials that illuminate Worcester’s rich past for the use of scholars, students, residents, and all interested parties. This will allow

organizations and the public to share historical information about the city and community. It will be a portal on the City Clerk's web page that will be monitored by the city.

- Mission

- Maintain an accessible online collection of digitized materials and/or points of access.
- Welcome/encourage the broadest representation/participation of Worcester's diverse people, businesses/industries, and public and private organizations.
- Educate the public of the significance of this effort through public demonstrations, online tutorials, forums, and other appropriate means.
- Provide guidance/leadership/training for appropriate digitization of collections,
- identifying appropriate resource agencies for contracted digitization as well as possible sources of financial support.
- Ensure/maintain both current access to and long-term security of all digital assets.
- Contract, as time and/or resources permit, with collections/collectors to provide digitization services at the prevailing rate.

Access to these resources that share/explore Worcester's history for the broadest audience—local students, scholars everywhere, genealogists, business historians, journalists, and local community would provide the leadership and digitization assistance to non-City groups, organizations, etc., to add and preserve the stories/documents they have into the City's digital archive. This portion has enormous opportunities for not only the city but Worcester Historical Museum, Worcester Public Library, Preservation Worcester, and other institutional collections to smaller corporate archives (like Kennedy Health Center, Girl Scouts, etc.).

Invoicing

All invoices are to be sent to the City Clerk's Department, City Hall, Room 206, 455 Main Street., Worcester, MA 01608.

Invoicing should include a pricing summary breakdown for Birth Records, Marriage Record Books, City Council and town records. The price summary should also include a breakdown of the total amount for uploading the data to a server that will allow for it to be downloaded to future portal. Please see pricing page.

General Notes

The bidder shall be expected to comply with all applicable federal and state laws in the performance of services.
