Environmental Interest/Information System:
AFS (Aerometric Information Retrieval System (AIRS) Facility Subsystem) replaces the former Compliance Data System (CDS), the National Emission Data System (NEDS), and the Storage and Retrieval of Aerometric Data (SAROAD). AIRS is the national repository for information concerning airborne pollution in the United States. AFS is used to track emissions and compliance data from industrial plants. AFS data are utilized by states to prepare State Implementation Plans to comply with regulatory programs and by EPA as an input for the estimation of total national emissions. AFS is undergoing a major redesign to support facility operating permits required under Title V of the Clean Air Act.
AIR EMISSIONS CLASSIFICATION UNKNOWN
MA-EPICS - Massachussetts Environmental Protection Integrated Computer System
AIR MINOR

Environmental Interest/Information System:
RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Hazardous Waste Summary:

Waste Code:	D002
Waste Description:	CORROSIVE WASTE
Waste Code:	D003
Waste Description:	REACTIVE WASTE
Waste Code:	D007
Waste Description:	CHROMIUM
Waste Code:	F005
Waste Description:	THE FOLLOWING SPENT NONHALOGENATED SOLVENTS: TOLUENE, METHYL ETHYL KETONE, CARBON DISULFIDE, ISOBUTANOL, PYRIDINE, BENZENE, 2-ETHOXYETHANOL, AND 2-NITROPROPANE; ALL SPENT SOLVENT MIXTURES/BLENDS

NEW GARDEN PARK FORMERLY NEW ENGLAND PLATING (Continued) **1000111997**

CONTAINING, BEFORE USE, A TOTAL OF TEN PERCENT OR MORE (BY VOLUME) OF ONE OR MORE OF THE ABOVE NONHALOGENATED SOLVENTS OR THOSE SOLVENTS LISTED IN F001, F002, OR F004; AND STILL BOTTOMS FROM THE RECOVERY OF THESE SPENT SOLVENTS AND SPENT SOLVENT MIXTURES.

Waste Code: F006
Waste Description: WASTEWATER TREATMENT SLUDGES FROM ELECTROPLATING OPERATIONS, EXCEPT FROM THE FOLLOWING PROCESSES: (1) SULFURIC ACID ANODIZING OF ALUMINUM; (2) TIN PLATING ON CARBON STEEL; (3) ZINC PLATING (SEGREGATED BASIS) ON CARBON STEEL; (4) ALUMINUM OR ZINC-ALUMINUM PLATING ON CARBON STEEL; (5) CLEANING/STRIPPING ASSOCIATED WITH TIN, ZINC, AND ALUMINUM PLATING ON CARBON STEEL; AND (6) CHEMICAL ETCHING AND MILLING OF ALUMINUM.

Waste Code: F007
Waste Description: SPENT CYANIDE PLATING BATH SOLUTIONS FROM ELECTROPLATING OPERATIONS.

Waste Code: F008
Waste Description: PLATING BATH RESIDUES FROM THE BOTTOM OF PLATING BATHS FROM ELECTROPLATING OPERATIONS IN WHICH CYANIDES ARE USED IN THE PROCESS.

Waste Code: F009
Waste Description: SPENT STRIPPING AND CLEANING BATH SOLUTIONS FROM ELECTROPLATING OPERATIONS IN WHICH CYANIDES ARE USED IN THE PROCESS.

FINDS:
Registry ID: 110000739620

Click Here for FRS Facility Detail Report:

Environmental Interest/Information System:
US EPA TRIS (Toxics Release Inventory System) contains information from facilities on the amounts of over 300 listed toxic chemicals that these facilities release directly to air, water, land, or that are transported off-site.
RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.
MA-EPICS - Massachussetts Environmental Protection Integrated Computer System

Environmental Interest/Information System:
RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

To maintain currency of the following federal and state databases, EDR contacts the appropriate governmental agency on a monthly or quarterly basis, as required.

Number of Days to Update: Provides confirmation that EDR is reporting records that have been updated within 90 days from the date the government agency made the information available to the public.

STANDARD ENVIRONMENTAL RECORDS

Lists of Federal NPL (Superfund) sites

NPL: National Priority List

National Priorities List (Superfund). The NPL is a subset of CERCLIS and identifies over 1,200 sites for priority cleanup under the Superfund Program. NPL sites may encompass relatively large areas. As such, EDR provides polygon coverage for over 1,000 NPL site boundaries produced by EPA's Environmental Photographic Interpretation Center (EPIC) and regional EPA offices.

Proposed NPL: Proposed National Priority List Sites

A site that has been proposed for listing on the National Priorities List through the issuance of a proposed rule in the Federal Register. EPA then accepts public comments on the site, responds to the comments, and places on the NPL those sites that continue to meet the requirements for listing.

NPL LIENS: Federal Superfund Liens

Federal Superfund Liens. Under the authority granted the USEPA by CERCLA of 1980, the USEPA has the authority to file liens against real property in order to recover remedial action expenditures or when the property owner received notification of potential liability. USEPA compiles a listing of filed notices of Superfund Liens.

Lists of Federal Delisted NPL sites

Delisted NPL: National Priority List Deletions

The National Oil and Hazardous Substances Pollution Contingency Plan (NCP) establishes the criteria that the EPA uses to delete sites from the NPL. In accordance with 40 CFR 300.425.(e), sites may be deleted from the NPL where no further response is appropriate.

SEMS: Superfund Enterprise Management System

SEMS (Superfund Enterprise Management System) tracks hazardous waste sites, potentially hazardous waste sites, and remedial activities performed in support of EPA's Superfund Program across the United States. The list was formerly know as CERCLIS, renamed to SEMS by the EPA in 2015. The list contains data on potentially hazardous waste sites that have been reported to the USEPA by states, municipalities, private companies and private persons, pursuant to Section 103 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). This dataset also contains sites which are either proposed to or on the National Priorities List (NPL) and the sites which are in the screening and assessment phase for possible inclusion on the NPL.

Lists of Federal CERCLA sites with NFRAP

SEMS-ARCHIVE: Superfund Enterprise Management System Archive

SEMS-ARCHIVE (Superfund Enterprise Management System Archive) tracks sites that have no further interest under the Federal Superfund Program based on available information. The list was formerly known as the CERCLIS-NFRAP, renamed to SEMS ARCHIVE by the EPA in 2015. EPA may perform a minimal level of assessment work at a site while it is archived if site conditions change and/or new information becomes available. Archived sites have been removed and archived from the inventory of SEMS sites. Archived status indicates that, to the best of EPA's knowledge, assessment at a site has been completed and that EPA has determined no further steps will be taken to list the site on the National Priorities List (NPL), unless information indicates this decision was not appropriate or other considerations require a recommendation for listing at a later time. The decision does not necessarily mean that there is no hazard associated with a given site; it only means that. based upon available information, the location is not judged to be potential NPL site.

Lists of Federal RCRA TSD facilities

RCRA-TSDF: RCRA - Treatment, Storage and Disposal

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Transporters are individuals or entities that move hazardous waste from the generator offsite to a facility that can recycle, treat, store, or dispose of the waste. TSDFs treat, store, or dispose of the waste.

Lists of Federal RCRA generators

RCRA-LQG: RCRA - Large Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Large quantity generators (LQGs) generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month.

Lists of state and tribal brownfield sites

BROWNFIELDS: Completed Brownfields Covenants Listing

Under Massachusetts law, M.G.L. c. 21E is the statute that governs the cleanup of releases of oil and/or hazardous material to the environment. The Brownfields Act of 1998 amended M.G.L. c. 21E by establishing significant liability relief and financial incentives to spur the redevelopment of brownfields, while ensuring that the Commonwealth's environmental standards are met. Most brownfields are redeveloped with the benefit of liability protections that operate automatically under M.G.L. c. 21E.

ADDITIONAL ENVIRONMENTAL RECORDS

Local Brownfield lists

US BROWNFIELDS: A Listing of Brownfields Sites
Brownfields are real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. Cleaning up and reinvesting in these properties takes development pressures off of undeveloped, open land, and both improves and protects the environment. Assessment, Cleanup and Redevelopment Exchange System (ACRES) stores information reported by EPA Brownfields grant recipients on brownfields properties assessed or cleaned up with grant funding as well as information on Targeted Brownfields Assessments performed by EPA Regions. A listing of ACRES Brownfield sites is obtained from Cleanups in My Community. Cleanups in My Community provides information on Brownfields properties for which information is reported back to EPA, as well as areas served by Brownfields grant programs.

EPA WATCH LIST: EPA WATCH LIST

EPA maintains a "Watch List" to facilitate dialogue between EPA, state and local environmental agencies on enforcement matters relating to facilities with alleged violations identified as either significant or high priority. Being on the Watch List does not mean that the facility has actually violated the law only that an investigation by EPA or a state or local environmental agency has led those organizations to allege that an unproven violation has in fact occurred. Being on the Watch List does not represent a higher level of concern regarding the alleged violations that were detected, but instead indicates cases requiring additional dialogue between EPA, state and local agencies - primarily because of the length of time the alleged violation has gone unaddressed or unresolved.

2020 COR ACTION: 2020 Corrective Action Program List

The EPA has set ambitious goals for the RCRA Corrective Action program by creating the 2020 Corrective Action Universe. This RCRA cleanup baseline includes facilities expected to need corrective action. The 2020 universe contains a wide variety of sites. Some properties are heavily contaminated while others were contaminated but have since been cleaned up. Still others have not been fully investigated yet, and may require little or no remediation. Inclusion in the 2020 Universe does not necessarily imply failure on the part of a facility to meet its RCRA obligations.

RMP: Risk Management Plans

When Congress passed the Clean Air Act Amendments of 1990, it required EPA to publish regulations and guidance for chemical accident prevention at facilities using extremely hazardous substances. The Risk Management Program Rule (RMP Rule) was written to implement Section 112(r) of these amendments. The rule, which built upon existing industry codes and standards, requires companies of all sizes that use certain flammable and toxic substances to develop a Risk Management Program, which includes a(n): Hazard assessment that details the potential effects of an accidental release, an accident history of the last five years, and an evaluation of worst-case and alternative accidental releases; Prevention program that includes safety precautions and maintenance, monitoring, and employee training measures; and Emergency response program that spells out emergency health care, employee training measures and procedures for informing the public and response agencies (e.g the fire department) should an accident occur.

RAATS: RCRA Administrative Action Tracking System

RCRA Administration Action Tracking System. RAATS contains records based on enforcement actions issued under RCRA pertaining to major violators and includes administrative and civil actions brought by the EPA. For administration actions after September 30, 1995, data entry in the RAATS database was discontinued. EPA will retain a copy of the database for historical records. It was necessary to terminate RAATS because a decrease in agency resources made it impossible to continue to update the information contained in the database.

Date of Government Version: 04/17/1995

HIST FTTS: FIFRA/TSCA Tracking System Administrative Case Listing
A complete administrative case listing from the FIFRA/TSCA Tracking System (FTTS) for all ten EPA regions. The information was obtained from the National Compliance Database (NCDB). NCDB supports the implementation of FIFRA (Federal Insecticide, Fungicide, and Rodenticide Act) and TSCA (Toxic Substances Control Act). Some EPA regions are now closing out records. Because of that, and the fact that some EPA regions are not providing EPA Headquarters with updated records, it was decided to create a HIST FTTS database. It included records that may not be included in the newer FTTS database updates. This database is no longer updated.

Date of Government Version: 10/19/2006
Date Data Arrived at EDR: 03/01/2007

UMTRA: Uranium Mill Tailings Sites

Uranium ore was mined by private companies for federal government use in national defense programs. When the mills shut down, large piles of the sand-like material (mill tailings) remain after uranium has been extracted from the ore. Levels of human exposure to radioactive materials from the piles are low; however, in some cases tailings were used as construction materials before the potential health hazards of the tailings were recognized.

US AIRS (AFS): Aerometric Information Retrieval System Facility Subsystem (AFS)

The database is a sub-system of Aerometric Information Retrieval System (AIRS). AFS contains compliance data on air pollution point sources regulated by the U.S. EPA and/or state and local air regulatory agencies. This information comes from source reports by various stationary sources of air pollution, such as electric power plants, steel mills, factories, and universities, and provides information about the air pollutants they produce. Action, air program, air program pollutant, and general level plant data. It is used to track emissions and compliance data from industrial plants.

ABANDONED MINES: Abandoned Mines

An inventory of land and water impacted by past mining (primarily coal mining) is maintained by OSMRE to provide information needed to implement the Surface Mining Control and Reclamation Act of 1977 (SMCRA). The inventory contains information on the location, type, and extent of AML impacts, as well as, information on the cost associated with the reclamation of those problems. The inventory is based upon field surveys by State, Tribal, and OSMRE program officials. It is dynamic to the extent that it is modified as new problems are identified and existing problems are reclaimed.

EDR HIGH RISK HISTORICAL RECORDS

EDR Exclusive Records

EDR MGP: EDR Proprietary Manufactured Gas Plants
The EDR Proprietary Manufactured Gas Plant Database includes records of coal gas plants (manufactured gas plants) compiled by EDR's researchers. Manufactured gas sites were used in the United States from the 1800's to 1950's to produce a gas that could be distributed and used as fuel. These plants used whale oil, rosin, coal, or a mixture of coal, oil, and water that also produced a significant amount of waste. Many of the byproducts of the gas production, such as coal tar (oily waste containing volatile and non-volatile chemicals), sludges, oils and other compounds are potentially hazardous to human health and the environment. The byproduct from this process was frequently disposed of directly at the plant site and can remain or spread slowly, serving as a continuous source of soil and groundwater contamination.

EDR Hist Auto: EDR Exclusive Historical Auto Stations
EDR has searched selected national collections of business directories and has collected listings of potential gas station/filling station/service station sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include gas station/filling station/service station establishments. The categories reviewed included, but were not limited to gas, gas station, gasoline station, filling station, auto, automobile repair, auto service station, service station, etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

OTHER DATABASE(S)

Depending on the geographic area covered by this report, the data provided in these specialty databases may or may not be complete. For example, the existence of wetlands information data in a specific report does not mean that all wetlands in the area covered by the report are included. Moreover, the absence of any reported wetlands information does not necessarily mean that wetlands do not exist in the area covered by the report.

CT MANIFEST: Hazardous Waste Manifest Data

Facility and manifest data. Manifest is a document that lists and tracks hazardous waste from the generator through transporters to a tsd facility.

Date of Government Version: 12/03/2021

Sensitive Receptors: There are individuals deemed sensitive receptors due to their fragile immune systems and special sensitivity to environmental discharges. These sensitive receptors typically include the elderly, the sick, and children. While the location of all sensitive receptors cannot be determined, EDR indicates those buildings and facilities - schools, daycares, hospitals, medical centers, and nursing homes - where individuals who are sensitive receptors are likely to be located.

AHA Hospitals:
Source: American Hospital Association, Inc.
Telephone: 312-280-5991
The database includes a listing of hospitals based on the American Hospital Association's annual survey of hospitals.

Medical Centers: Provider of Services Listing
Source: Centers for Medicare & Medicaid Services
Telephone: 410-786-3000
A listing of hospitals with Medicare provider number, produced by Centers of Medicare & Medicaid Services, a federal agency within the U.S. Department of Health and Human Services.

Nursing Homes

EDR’s GeoCheck Physical Setting Source Addendum is provided to assist the environmental professional in forming an opinion about the impact of potential contaminant migration.

Assessment of the impact of contaminant migration generally has two principle investigative components:

1. Groundwater flow direction, and
2. Groundwater flow velocity.

Groundwater flow direction may be impacted by surface topography, hydrology, hydrogeology, characteristics of the soil, and nearby wells. Groundwater flow velocity is generally impacted by the nature of the geologic strata.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

GROUNDWATER FLOW DIRECTION INFORMATION

Groundwater flow direction for a particular site is best determined by a qualified environmental professional using site-specific well data. If such data is not reasonably ascertainable, it may be necessary to rely on other sources of information, such as surface topographic information, hydrologic information, hydrogeologic data collected on nearby properties, and regional groundwater flow information (from deep aquifers).

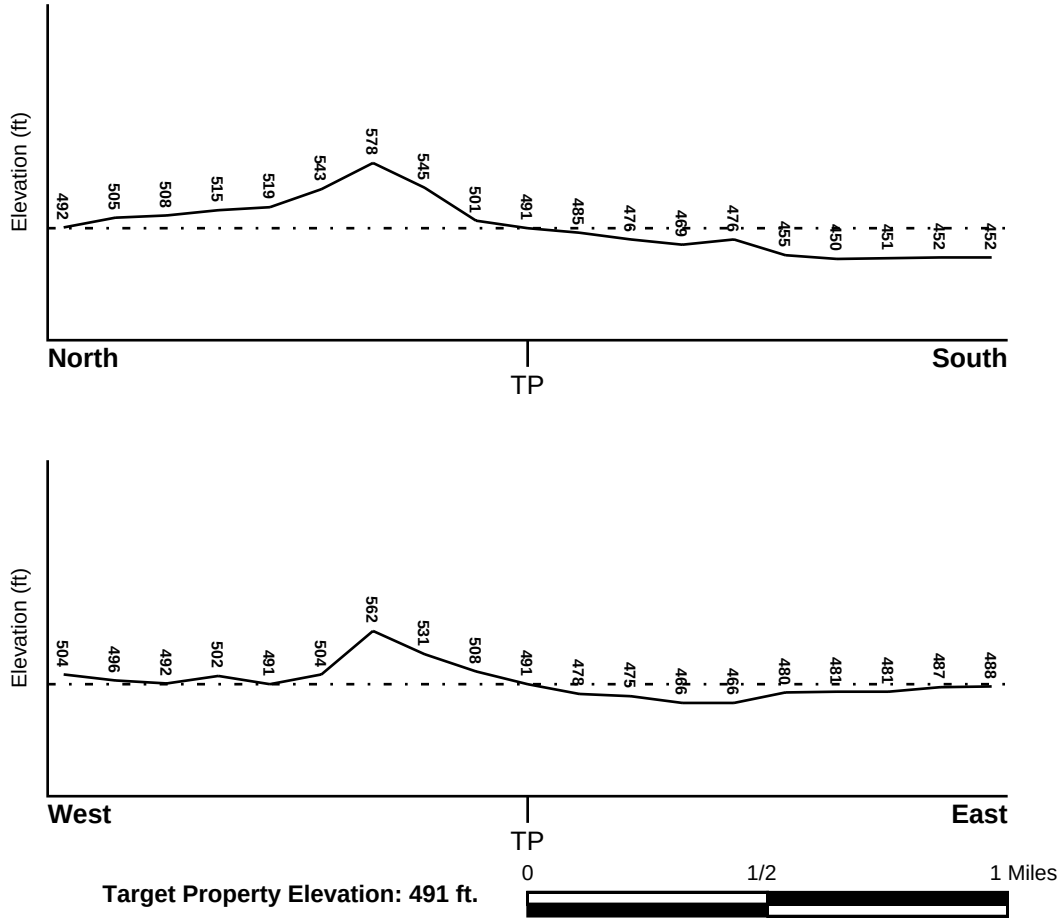
TOPOGRAPHIC INFORMATION

Surface topography may be indicative of the direction of surficial groundwater flow. This information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

TARGET PROPERTY TOPOGRAPHY

General Topographic Gradient: General SE

SURROUNDING TOPOGRAPHY: ELEVATION PROFILES



Source: Topography has been determined from the USGS 7.5' Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

HYDROLOGIC INFORMATION

Surface water can act as a hydrologic barrier to groundwater flow. Such hydrologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

Refer to the Physical Setting Source Map following this summary for hydrologic information (major waterways and bodies of water).

FEMA FLOOD ZONE

Flood Plain Panel at Target Property	FEMA Source Type
25027C0618E	FEMA FIRM Flood data

Additional Panels in search area:	FEMA Source Type
25027C0614E	FEMA FIRM Flood data
25027C0802E	FEMA FIRM Flood data
25027C0806E	FEMA FIRM Flood data

NATIONAL WETLAND INVENTORY

NWI Quad at Target Property	NWI Electronic Data Coverage
WORCESTER NORTH	YES - refer to the Overview Map and Detail Map

HYDROGEOLOGIC INFORMATION

Hydrogeologic information obtained by installation of wells on a specific site can often be an indicator of groundwater flow direction in the immediate area. Such hydrogeologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

AQUIFLOW®

Search Radius: 1.000 Mile.

EDR has developed the AQUIFLOW Information System to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted by environmental professionals to regulatory authorities at select sites and has extracted the date of the report, groundwater flow direction as determined hydrogeologically, and the depth to water table.

For additional site information, refer to Physical Setting Source Map Findings.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

GROUNDWATER FLOW VELOCITY INFORMATION

Groundwater flow velocity information for a particular site is best determined by a qualified environmental professional using site specific geologic and soil strata data. If such data are not reasonably ascertainable, it may be necessary to rely on other sources of information, including geologic age identification, rock stratigraphic unit and soil characteristics data collected on nearby properties and regional soil information. In general, contaminant plumes move more quickly through sandy-gravelly types of soils than silty-clayey types of soils.

GEOLOGIC INFORMATION IN GENERAL AREA OF TARGET PROPERTY

Geologic information can be used by the environmental professional in forming an opinion about the relative speed at which contaminant migration may be occurring.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

DOMINANT SOIL COMPOSITION IN GENERAL AREA OF TARGET PROPERTY

The U.S. Department of Agriculture's (USDA) Soil Conservation Service (SCS) leads the National Cooperative Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. The following information is based on Soil Conservation Service SSURGO data.

Soil Map ID: 1

Soil Component Name: Urban land

Soil Surface Texture:
Hydrologic Group: Not reported

Soil Drainage Class:
Hydric Status: Unknown

Corrosion Potential - Uncoated Steel: Not Reported

Depth to Bedrock Min: > 0 inches

Depth to Watertable Min: > 0 inches

No Layer Information available.

LOCAL / REGIONAL WATER AGENCY RECORDS

EDR Local/Regional Water Agency records provide water well information to assist the environmental professional in assessing sources that may impact ground water flow direction, and in forming an opinion about the impact of contaminant migration on nearby drinking water wells.

PHYSICAL SETTING SOURCE RECORDS SEARCHED

TOPOGRAPHIC INFORMATION

USGS 7.5' Digital Elevation Model (DEM)
Source: United States Geologic Survey
EDR acquired the USGS 7.5' Digital Elevation Model in 2002 and updated it in 2006. The 7.5 minute DEM corresponds to the USGS 1:24,000- and 1:25,000-scale topographic quadrangle maps. The DEM provides elevation data with consistent elevation units and projection.

Current USGS 7.5 Minute Topographic Map
Source: U.S. Geological Survey

HYDROLOGIC INFORMATION

Flood Zone Data: This data was obtained from the Federal Emergency Management Agency (FEMA). It depicts 100-year and 500-year flood zones as defined by FEMA. It includes the National Flood Hazard Layer (NFHL) which incorporates Flood Insurance Rate Map (FIRM) data and Q3 data from FEMA in areas not covered by NFHL.
Source: FEMA
Telephone: 877-336-2627
Date of Government Version: 2003, 2015

NWI: National Wetlands Inventory. This data, available in select counties across the country, was obtained by EDR in 2002, 2005 and 2010 from the U.S. Fish and Wildlife Service.

State Wetlands Data: Wetland Inventory
Source: MassDEP
Telephone: 617-292-5907

HYDROGEOLOGIC INFORMATION

AQUIFLOW^{R} Information System
Source: EDR proprietary database of groundwater flow information
EDR has developed the AQUIFLOW Information System (AIS) to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted to regulatory authorities at select sites and has extracted the date of the report, hydrogeologically determined groundwater flow direction and depth to water table information.

GEOLOGIC INFORMATION

Geologic Age and Rock Stratigraphic Unit
Source: P.G. Schruben, R.E. Arndt and W.J. Bawiec, Geology of the Conterminous U.S. at 1:2,500,000 Scale - A digital representation of the 1974 P.B. King and H.M. Beikman Map, USGS Digital Data Series DDS - 11 (1994).

STATSGO: State Soil Geographic Database
Source: Department of Agriculture, Natural Resources Conservation Service (NRCS)
The U.S. Department of Agriculture's (USDA) Natural Resources Conservation Service (NRCS) leads the national Conservation Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. Soil maps for STATSGO are compiled by generalizing more detailed (SSURGO) soil survey maps.

SSURGO: Soil Survey Geographic Database
Source: Department of Agriculture, Natural Resources Conservation Service (NRCS)
Telephone: 800-672-5559
SSURGO is the most detailed level of mapping done by the Natural Resources Conservation Service, mapping scales generally range from 1:12,000 to 1:63,360. Field mapping methods using national standards are used to construct the soil maps in the Soil Survey Geographic (SSURGO) database. SSURGO digitizing duplicates the original soil survey maps. This level of mapping is designed for use by landowners, townships and county natural resource planning and management.

PHYSICAL SETTING SOURCE RECORDS SEARCHED

LOCAL / REGIONAL WATER AGENCY RECORDS

FEDERAL WATER WELLS

PWS: Public Water Systems
Source: EPA/Office of Drinking Water
Telephone: 202-564-3750
Public Water System data from the Federal Reporting Data System. A PWS is any water system which provides water to at least 25 people for at least 60 days annually. PWSs provide water from wells, rivers and other sources.

PWS ENF: Public Water Systems Violation and Enforcement Data
Source: EPA/Office of Drinking Water
Telephone: 202-564-3750
Violation and Enforcement data for Public Water Systems from the Safe Drinking Water Information System (SDWIS) after August 1995. Prior to August 1995, the data came from the Federal Reporting Data System (FRDS).

USGS Water Wells: USGS National Water Inventory System (NWIS)
This database contains descriptive information on sites where the USGS collects or has collected data on surface water and/or groundwater. The groundwater data includes information on wells, springs, and other sources of groundwater.

STATE RECORDS

Massachusetts Geographic Information System (MassGIS) Datalayers
Source: Executive Office of Environmental Affairs
Telephone:

Public Water Supply Database

Telephone:
The Public Water Supply datalayer contains the locations of public community surface and groundwater supply sources and public non-community supply sources as defined in 310 CMR 22.00.

Areas of Critical Environmental Concern

Telephone:
The Areas of Critical Environmental Concern (ACEC) datalayer shows the location of areas that have been designated ACECs by the Secretary of Environmental Affairs. ACEC designation requires greater environmental review of certain kinds of proposed development under state jurisdiction within the ACEC boundaries. The ACEC Program is administered by the Department of Environmental Management (DEM) on behalf of the Secretary of Environmental Affairs. The Massachusetts Coastal Zone Management (MCZM) Office managed the original Coastal ACEC Program from 1978 to 1993, and continues to play a key role in monitoring coastal ACECs. Procedures for ACEC designation and the general policies governing the effects of designation are contained in the ACEC regulations (301 CMR 12.00). The ACEC datalayer has been compiled by MCZM and DEM and includes both coastal and inland areas.

EPA Designated Sole Source Aquifers

Telephone:
The Sole Source Aquifer datalayer was compiled by the Department of Environmental Protection (DEP) Division of Water Supply (DWS). Seven Sole Source Aquifers have been designated by the US Environmental Protection Agency (EPA) for Massachusetts. A Sole Source Aquifer (SSA) is an aquifer designated by US EPA as the sole or principal source of drinking water for a given aquifer service area; that is, an aquifer which is needed to supply 50% or more of the drinking water for that area and for which there are no reasonably available alternative sources should that aquifer become contaminated. The aquifers were defined by an EPA hydrogeologist.

Aquifers

Telephone:
MassGIS produced an aquifer datalayer composed of 20 individual panels, generally based on the boundaries of the major drainage basins. Areas of high and medium yield were mapped. This datalayer includes polygon attribute coding to help in the identification of areas in which cleanup of hazardous waste sites must meet drinking water standards, as defined in the Massachusetts Contingency Plan (MCP) (310 CMR 40.00000).

Non-Potential Drinking Water Source Areas

Telephone:
Non-Potential Drinking Water Source Areas (NPDWSA) are regulatory in nature representing one of many considerations used in determining the standards to which ground water must be cleaned in the event of a release of oil or hazardous material. NPDWSAs are not based on existing water quality and do not indicate poor ambient conditions.

The Sanborn Library has been searched by EDR and maps covering the target property location as provided by Wilcox & Barton, Inc. were identified for the years listed below. The Sanborn Library is the largest, most complete collection of fire insurance maps. The collection includes maps from Sanborn, Bromley, Perris & Browne, Hopkins, Barlow, and others. Only Environmental Data Resources Inc. (EDR) is authorized to grant rights for commercial reproduction of maps by the Sanborn Library LLC, the copyright holder for the collection. Results can be authenticated by visiting www.edrnet.com/sanborn.

The Sanborn Library is continually enhanced with newly identified map archives. This report accesses all maps in the collection as of the day this report was generated.

Environmental Data Resources, Inc. (EDR) Aerial Photo Decade Package is a screening tool designed to assist environmental professionals in evaluating potential liability on a target property resulting from past activities. EDR's professional researchers provide digitally reproduced historical aerial photographs, and when available, provide one photo per decade.

Search Results:

Disclaimer - Copyright and Trademark Notice

This Report contains certain information obtained from a variety of public and other sources reasonably available to Environmental Data Resources, Inc. It cannot be concluded from this Report that coverage information for the target and surrounding properties does not exist from other sources. **NO WARRANTY EXPRESSED OR IMPLIED, IS MADE WHATSOEVER IN CONNECTION WITH THIS REPORT. ENVIRONMENTAL DATA RESOURCES, INC. SPECIFICALLY DISCLAIMS THE MAKING OF ANY SUCH WARRANTIES, INCLUDING WITHOUT LIMITATION, MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE OR PURPOSE. ALL RISK IS ASSUMED BY THE USER. IN NO EVENT SHALL ENVIRONMENTAL DATA RESOURCES, INC. BE LIABLE TO ANYONE, WHETHER ARISING OUT OF ERRORS OR OMISSIONS, NEGLIGENCE, ACCIDENT OR ANY OTHER CAUSE, FOR ANY LOSS OR DAMAGE, INCLUDING, WITHOUT LIMITATION, SPECIAL, INCIDENTAL, CONSEQUENTIAL, OR EXEMPLARY DAMAGES. ANY LIABILITY ON THE PART OF ENVIRONMENTAL DATA RESOURCES, INC. IS STRICTLY LIMITED TO A REFUND OF THE AMOUNT PAID FOR THIS REPORT.** Purchaser accepts this Report "AS IS". Any analyses, estimates, ratings, environmental risk levels or risk codes provided in this Report are provided for illustrative purposes only, and are not intended to provide, nor should they be interpreted as providing any facts regarding, or prediction orforecast of, any environmental risk for any property. Only a Phase I Environmental Site Assessment performed by an environmental professional can provide information regarding the environmental risk for any property. Additionally, the information provided in this Report is not to be construed as legal advice.

EXECUTIVE SUMMARY

DESCRIPTION

Environmental Data Resources, Inc.'s (EDR) City Directory Report is a screening tool designed to assist environmental professionals in evaluating potential liability on a target property resulting from past activities. EDR's City Directory Report includes a search of available city directory data at 5 year intervals.

RECORD SOURCES

EDR's Digital Archive combines historical directory listings from sources such as Cole Information and Dun & Bradstreet. These standard sources of property information complement and enhance each other to provide a more comprehensive report.

EDR is licensed to reproduce certain City Directory works by the copyright holders of those works. The purchaser of this EDR City Directory Report may include it in report(s) delivered to a customer. Reproduction of City Directories without permission of the publisher or licensed vendor may be a violation of copyright.

Asbestos Notification Form

☐ This is a revision to an existing form.
Project ID for existing form to be revised: _____

☐ This job is being conducted under a Blanket Permit.
MassDEP assigned Blanket Authorization ID: _____

☐ This job is being conducted under a Non Traditional Abatement Work Practice Permit.
MassDEP assigned Non Traditional Work Practice Authorization ID: _____

☐ This job does not require the use of an asbestos contractor licensed by the MA Department of Labor Standards because (please check one box below):

- ☐ This job involves breaking, shearing or slicing of non-friable asbestos-containing material only (e.g. cement shingles/panels, cement pipe, asphalt roofing or siding, vinyl floor tiles, etc.) in a manner that does not generate asbestos dust or render the material friable, as allowed by the Department of Labor Standards (DLS) at 453 CMR 6.13(2)(a)5. All work must be done in compliance with the applicable regulations at 310 CMR 7.15; or

- ☐ This job involves work on asbestos containing material that is classified by the Department of Labor Standards (DLS) as a 'Small-Scale Asbestos Project,' an 'Asbestos-Associated Project', or an 'Asbestos Response Action' by qualified 'in-house' personnel as allowed by the Department of Labor Standards (DLS) at 453 CMR 6.00, and will be performed in accordance with all the requirements of 453 CMR 6.13 (1)(a), 453 CMR 6.13 (2)(a)1. and 3., and 453 CMR 6.14 (1)(a), as applicable. All work must be done in compliance with the applicable regulations at 310 CMR 7.15.

☑ None of the above conditions apply, generate a new form.

URGENT LEGAL MATTER: PROMPT ACTION NECESSARY

Owens, Renz & Lee Co., Inc.
2 Summit Place
Branford, CT 06405

RE: CRWSC - Worcester
Denholm Building
484 Main St.

ATTN: Robert Owen,
President

Release Tracking Number: 2-0018124

NOTICE OF RESPONSIBILITY
REQUEST FOR INFORMATION
INTERIM DEADLINES
M.G.L. c. 21E, 310 CMR 40.0000

Dear Mr. Owen:

The Department of Environmental Protection (the MassDEP or the Department) was notified on March 9, 2011, at 1:25 p.m., that a sudden release of an unknown quantity of #4 fuel oil, likely to exceed the reportable quantity of ten (10) gallons within 24 hours, occurred at the above-referenced property (the Site). Specifically, an unknown volume of #4 fuel oil occurred from a ruptured pipe leading from a 10,000 gallon #4 fuel oil underground storage tank (UST) at the Site. The section(s) of pipe where the #4 fuel oil was release were located outside. The exact cause of the ruptured pipe is unknown. The release impacted snow/ice, paved surface, exterior walls, and a stack pit with standing water. It is unknown if the water present in the stack pit was surface and/or rainwater runoff or groundwater. Such condition required oral notification to the MassDEP as soon as possible but not more than 2-hours after obtaining knowledge of a reportable condition and performance of an Immediate Response Action (IRA). In light of the notification and other information available, the MassDEP wishes to ensure that you are aware of your rights and responsibilities under the Massachusetts Oil and Hazardous Material Release Prevention and Response Act, M.G.L. c. 21E, and the Massachusetts Contingency Plan (MCP), 310 CMR 40.0000.

The MassDEP has identified the property, or portions thereof, as a disposal site that requires the conduct of cleanup or other response actions. The cleanup of disposal sites is

governed by Chapter 21E and the MCP. The MassDEP has assigned Release Tracking Number (RTN): 2-0018124 to this disposal site for the release notification received.

The MassDEP also has reason to believe that you (as used in this Notice, "you" refers to Owens, Renz & Lee Co., Inc.) are a party with potential liability for response action costs and damages under Chapter 21E, § 5.

The attached summary is intended to provide you with information about liability under Chapter 21E to assist you in deciding what actions to take in response to this Notice.

You should be aware that you might have claims against third parties for damages, including claims for contribution or reimbursement for the costs of cleanup. Such claims do not exist indefinitely but are governed by laws that establish the time allowed for bringing litigation. The MassDEP encourages you to take any action necessary to protect any such claims you may have against third parties.

IMMEDIATE RESPONSE ACTIONS

On March 9, 2011 at 2:20 p.m. "you" agreed to take the required IRA, response actions deemed necessary by the MassDEP.

On March 9, 2011, the MassDEP gave Ralph Tella, LSP, your LSP on your behalf, oral approval to conduct the proposed IRA pursuant to 310 CMR 40.0410. The approval included the following conditions:

- Immediately remove and properly dispose of #4 fuel oil and contaminated water from the stack pit;
- Remove and properly dispose of contaminated snow and ice;
- Apply absorbents to impacted surfaces, as necessary;
- Inspect nearby catch basins for evidence of impact from this release; and
- Remove and properly dispose of all contaminated remediation waste associated with this release.

You must dispose of any Remediation Waste as defined by the MCP, including, without limitation, contaminated soil and/or debris, generated at the location in accordance with 310 CMR 40.0030. Any Bill of Lading accompanying such waste **must bear the seal and signature of a Licensed Site Professional (LSP).**

NECESSARY RESPONSE ACTIONS AND APPLICABLE DEADLINES

Please be advised that March 9, 2011 is considered to be the date of release notification. This date will be the baseline for calculating compliance with deadlines contained within the MCP.

The MCP requires responsible parties and any other person undertaking response actions at a disposal site to perform Immediate Response Actions in response to sudden releases, Imminent Hazards and Conditions of Substantial Release Migration. Such persons must continue to evaluate the need for Immediate Response Actions and notify the MassDEP immediately if such a need exists.

As an integral part of the response action(s) for this release, you must also comply with the following:

1. Submit a completed *Release Notification & Retraction Form* to the MassDEP by May 8, 2011, in accordance with 310 CMR 40.0300 (i.e., within **60 days** of the date of release notification).

2. Submit an IRA Plan (310 CMR 40.0420), or IRA Completion Statement (310 CMR 40.0427), or a Response Action Outcome Statement (310 CMR 40.1000) whichever is applicable to the MassDEP by May 8, 2011 (within **60 days** of the date of the release notification or the date of service of this Notice, whichever comes first).

In addition, per M.G.L. c.21E (6) and 40.0101, MassDEP requires that you investigate the cause of this incident and **take necessary actions where possible to prevent a recurrence and/or mitigate the extent of future releases.** Such requirements may include, without limitation, but without duplication of requirements prescribed in other programs of the Department, the preparation of contingency plans, the acquisition, construction, maintenance and operation of equipment, facilities and resources for the monitoring, prevention and control of releases, and the staffing and training of personnel regarding the prevention and control of releases of oil or hazardous material.

No disposal site will be deemed to have had all the necessary and required response actions taken for it unless and until all substantial hazards presented by the release and/or threat of release have been eliminated and a level of no significant risk exists or has been achieved in compliance with M.G.L. c. 21E and the MCP.

A fee of $1,200.00 is assessed if an RAO is filed 120 days after release notification, but before Tier Classification. Therefore, if all remediation work has been completed, you are encouraged to have the RAO submitted promptly to avoid the fee.

Unless otherwise provided by the MassDEP, responsible parties have one year from the initial date notice of a release or threat of release is provided to the MassDEP pursuant to 310 CMR 40.0300 or from the date the MassDEP issues a Notice of Responsibility, whichever occurs earlier, to file with the MassDEP one of the following submittals: (1) a completed Tier Classification Submittal; or (2) a Response Action Outcome Statement. If required by the MCP, a completed Tier I Permit Application must also accompany a Tier Classification Submittal. The deadline for these submittals for this disposal site is **March 9, 2012.**

FINANCIAL INABILITY TO PERFORM RESPONSE ACTIONS

If you are unable to perform the Response Action(s) because you have reason to believe that performing the Response Actions are beyond your financial ability, you should so inform the Department in writing, in accordance with the requirements of 310 CMR 40.0172 (1), (3) and (4). The Department has Guidance available for assisting you in applying for a Department Determination of Financial Inability to Perform Response Actions. Please call (617) 348-4055 to obtain the necessary information.

Please be advised that, should the Department determine the Response Actions are beyond your financial ability, such determination does not constitute an express or implied release from liability under c. 21E, nor does it extinguish any obligation you may have to take or arrange for the Response Actions necessary to achieve a permanent solution at the above referenced site.

REQUEST FOR INFORMATION

This RFI is issued pursuant to the Department's authority to gather information and to investigate, sample, and inspect records, conditions, equipment, practices, or property under M.G.L. c.21E, Sections 2, 4, and 8. You are directed to provide to the Department the information listed below on or before **April 29, 2011.** This deadline constitutes an Interim Deadline pursuant to 310 CMR 40.0167.

1. Please provide a complete chronology for this release, beginning with the first instance you or any employee or representative of Owens, Renz & Lee Co., Inc. had knowledge of this release up to the time MassDEP had been contacted by the Worcester Fire Department on March 9, 2011 at 1:25 p.m.;

2. Please deseribe, to the best of your knowledge, how this release occurred.

3. Please provide what response actions were taken in response to this release and when;

4. Please explain why notification was not provided to MassDEP within the required 2 hours;

5. Please explain why timely and appropriate Immediate Response Actions were not taken in response to this release; and

6. Please provide any other information you may have to help the Department better understand how the oil and hazardous material came to be located on your property.

7. If you are now represented by legal counsel, please provide a letter to the Department informing us of the name, firm, and what role they are performing for you in regards to this case.

Please provide all documentation that refers or pertains to the information you provided in the responses to the questions set forth above.

The Department considers this an important matter and encourages you to give this request your immediate attention. Please be advised that failure to respond in a timely and adequate manner to this RFI, or the submission of false, misleading, or incomplete information would be considered an act of noncompliance.

Please make a separate response to each of the inquiries and precede each answer with the number of the question. This RFI imposes a continuing obligation on you to respond. Pursuant to 310 CMR 40.0165(2), if material information that is not currently known or available to you later becomes known or available to you, you must supplement your response to the Department.

The Department requires, pursuant to the provisions of 310 CMR 40.0009(6) that persons responding to a Request for Information certify as to the truth and accuracy of their responses. For your convenience, the Department has provided such a certification statement in the enclosed attachment. Please sign the certification statement and submit it with your response.

PROCEDURES TO FOLLOW TO UNDERTAKE RESPONSE ACTIONS

The MassDEP encourages parties having liability under M.G.L. c. 21E to take prompt action in response to releases and threats of release of oil and hazardous materials. By taking prompt action, liable parties may significantly lower cleanup costs and avoid the imposition of, or reduce the amount of, certain permit and/or annual compliance assurance fees payable under 310 CMR 4.00 (e.g., no annual compliance assurance fee is due for Response Action Outcome Statements submitted to the MassDEP within 120 days of the initial date of release notification).

You must employ or engage an LSP to manage, supervise, or actually perform all response actions that you intend to undertake at this disposal site. You may obtain a list of the names and addresses of LSPs by visiting www.mass.gov/lsp, by contacting the Board of Registration of Hazardous Waste Site Cleanup Professionals by telephone at (617) 556-1091, or in person or by mail at One Winter Street, 10th Floor, Boston, Massachusetts 02108.

If you have any questions, please contact this office at the letterhead address or at (508) 792-7650. The MassDEP requests that you inform your LSP of this Notice. All future correspondence communications regarding the disposal site should reference RTN: **2-0018124.**

Sincerely,

MAR 31 2011

CERTIFICATION OF SUBMITTAL (310 CMR 40.0009)

This Certification must be included with your response to the Request for Information

I certify under the penalties of law that I have personally examined and am familiar with the information contained in this submittal, including any and all documents accompanying this submittal, and that, based on my inquiry of those individuals immediately responsible for obtaining the information, the material information contained in this submittal is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties, including, but not limited to, possible fines and imprisonment, for willfully submitting false, inaccurate or incomplete information. I am fully authorized to make this attestation on behalf of the person or entity legally responsible for this submittal:

Name (Print): _____

Title: _____

Signature: _____

Date: _____

SUMMARY OF LIABILITY UNDER CHAPTER 21E

As stated in the Notice of Responsibility accompanying this Summary, the MassDEP has reason to believe that you are a Potentially Responsible Party ("PRP") with potential liability under M.G.L. c. 21E, Section 5, for response action costs and damages to natural resources caused by the release and/or threat of release. The MassDEP has identified you as a PRP because it believes you fall within one or more of the following categories of persons made potentially liable by Subsection 5(a):

- any current owner or operator of a site from or at which there is or has been a release or threat of release of oil and/or hazardous material;
- any person who owned or operated a site at the time hazardous material was stored or disposed of;
- any person who arranged for the transport, disposal, storage or treatment of hazardous material to or at a site;
- any person who transported hazardous material to a transport, disposal, storage or treatment site from which there is or has been a release or threat of release of such material; and
- any person who otherwise caused or is legally responsible for n release or threat of release of oil or hazardous material at a site.

For purposes of the MCP, you are considered a Responsible Party ("RP") with actual liability under Chapter 21E if you fall within one of these categories unless you (1) are entitled to a defense under Section 5 or other applicable law, and (2) have reasonably incurred cleanup costs in an amount equal to or greater than any applicable cap on liability under Subsection 5(d).

This liability is "strict," meaning it is not based on fault, but solely on your status as an owner, operator, generator, transporter or disposer. It is also joint and several, meaning that each person who falls within one of these categories may be held liable for all response action costs incurred at the site, regardless of the existence of any other liable parties.

Section 5 provides a few narrowly drawn defenses to liability, including a defense for releases and damages caused by an act of God, an act of war or an act by a third party other than an employee, agent or person with whom the party has a contractual relationship (*see* Subsection 5(c)); a defense for certain owners of residential property at which the owner maintains a permanent residence (*see* Subsection 5(h)); and a defense for certain public utilities and agencies of the Commonwealth which own a right-of-way that is a site (*see* Subsection 5(j)).

You may voluntarily undertake response actions under the MCP without having your liability under Chapter 21E formally adjudicated by the MassDEP. If you do not take the necessary response actions, or fail to perform them in an appropriate and timely manner, the MassDEP is authorized by Chapter 21E to perform the necessary work.

By taking the necessary response actions, you can avoid liability for response action costs incurred by the MassDEP in performing these actions. If you are a RP and you fail to perform necessary response actions at the site, you may be held liable for up to three (3) times all response action costs incurred by the MassDEP and sanctions may be imposed on you for failure to perform response actions required by the MCP.

Response action costs include, without limitation, the cost of direct hours spent by MassDEP employees arranging for response actions or overseeing work performed by persons other than the MassDEP or its contractors, expenses incurred by the MassDEP in support of those direct hours, and payments to the MassDEP's contractors (for more detail on cost liability, *see* 310 CMR 40.1200: Cost Recovery). The MassDEP may also assess interest on costs incurred at the rate of twelve percent (12%), compounded annually.

Any liability to the Commonwealth under Chapter 21E constitutes a debt to the Commonwealth. To secure payment of this debt, the MassDEP may place liens on all of your property in the Commonwealth under M.G.L. c. 21E, Section 13. To recover this debt, the Commonwealth may foreclose on these liens or the Attorney General may bring legal action against you.

In addition to your potential liability for response action costs and damages to natural resources caused by the release, civil and criminal liability may also be imposed by a court of competent jurisdiction under M.G.L. c. 21E, Section 11, and civil administrative penalties may be assessed by the MassDEP under M.G.L. c. 21A, Section 16, for each violation of Chapter 21E, the MCP or any order, permit or approval issued there under.

If you are an RP and you have reason to believe that your performance of the necessary response actions is beyond your technical, financial or legal ability, you should promptly notify the MassDEP in writing of your inability in accordance with Chapter 21E, Subsection 5(e), and 310 CMR 40.0172. If you assert and demonstrate in compliance therewith that performing or paying for such response action is beyond your ability, Subsection 5(e) provides you with a limited defense to an action by the Commonwealth for recovery of two to three times the MassDEP's response action costs and 310 CMR 40.0172 provides you with a limited defense to the MassDEP's assessment of civil administrative penalties.

Asbestos Notification Form

☐ This is a revision to an existing form.
Project ID for existing form to be revised: _____

☐ This job is being conducted under a Blanket Permit.
MassDEP assigned Blanket Authorization ID: _____

☐ This job is being conducted under a Non Traditional Abatement Work Practice Permit.
MassDEP assigned Non Traditional Work Practice Authorization ID: _____

☐ This job does not require the use of an asbestos contractor licensed by the MA Department of Labor Standards because (please check one box below):

- ☐ This job involves breaking, shearing or slicing of non-friable asbestos-containing material only (e.g. cement shingles/panels, cement pipe, asphalt roofing or siding, vinyl floor tiles, etc.) in a manner that does not generate asbestos dust or render the material friable, as allowed by the Department of Labor Standards (DLS) at 453 CMR 6.13(2)(a)5. All work must be done in compliance with the applicable regulations at 310 CMR 7.15; or

- ☐ This job involves work on asbestos containing material that is classified by the Department of Labor Standards (DLS) as a 'Small-Scale Asbestos Project,' an 'Asbestos-Associated Project', or an 'Asbestos Response Action' by qualified 'in-house' personnel as allowed by the Department of Labor Standards (DLS) at 453 CMR 6.00, and will be performed in accordance with all the requirements of 453 CMR 6.13 (1)(a), 453 CMR 6.13 (2)(a)1. and 3., and 453 CMR 6.14 (1)(a), as applicable. All work must be done in compliance with the applicable regulations at 310 CMR 7.15.

☑ None of the above conditions apply, generate a new form.

6. Please provide any other information you may have to help the Department better understand how the oil and hazardous material came to be located on your property.

7. If you are now represented by legal counsel, please provide a letter to the Department informing us of the name, firm, and what role they are performing for you in regards to this case.

Please provide all documentation that refers or pertains to the information you provided in the responses to the questions set forth above.

The Department considers this an important matter and encourages you to give this request your immediate attention. Please be advised that failure to respond in a timely and adequate manner to this RFI, or the submission of false, misleading, or incomplete information would be considered an act of noncompliance.

Please make a separate response to each of the inquiries and precede each answer with the number of the question. This RFI imposes a continuing obligation on you to respond. Pursuant to 310 CMR 40.0165(2), if material information that is not currently known or available to you later becomes known or available to you, you must supplement your response to the Department.

The Department requires, pursuant to the provisions of 310 CMR 40.0009(6) that persons responding to a Request for Information certify as to the truth and accuracy of their responses. For your convenience, the Department has provided such a certification statement in the enclosed attachment. Please sign the certification statement and submit it with your response.

PROCEDURES TO FOLLOW TO UNDERTAKE RESPONSE ACTIONS

The MassDEP encourages parties having liability under M.G.L. c. 21E to take prompt action in response to releases and threats of release of oil and hazardous materials. By taking prompt action, liable parties may significantly lower cleanup costs and avoid the imposition of, or reduce the amount of, certain permit and/or annual compliance assurance fees payable under 310 CMR 4.00 (e.g., no annual compliance assurance fee is due for Response Action Outcome Statements submitted to the MassDEP within 120 days of the initial date of release notification).

NOTICE OF NONCOMPLIANCE

THIS IS AN IMPORTANT NOTICE. FAILURE TO TAKE ADEQUATE ACTION IN RESPONSE TO THIS NOTICE COULD RESULT IN SERIOUS LEGAL CONSEQUENCES.

Dear Mr. Owen:

MassDEP personnel have reason to believe that Owens, Renz & Lee Co., Inc. is in noncompliance with M.G.L. c. 21E, the Massachusetts Oil and Hazardous Material Release Prevention and Response Act, and 310 CMR 40.0000, the Massachusetts Contingency Plan ("MCP").

Attached hereto is a written description of (1) each activity referred to above; (2) the requirement violated; (3) the action MassDEP now wants you to take, and (4) the deadline for taking such action.

If Owens, Renz & Lee Co. fails to take any action MassDEP now wants it to take by the prescribed deadline, or if it otherwise fails to comply in the future with requirements applicable to it, it could be subject to legal action. Such action could include criminal prosecution, court-imposed civil penalties, or civil administrative penalties assessed by MassDEP. A civil administrative penalty may be assessed for every day from now on that you are in noncompliance with the requirements referred to above.

This information is available in alternate format. Call Michelle Waters-Ekanem, Diversity Director, at 617-292-5751. TDD# 1-866-539-7622 or 1-617-574-6868
MassDEP Website: www.mass.gov/dep
Printed on Recycled Paper

If you have any questions about this matter, please contact DEP Staff at (508) 767-2815 or at the address that appears on the letterhead above. If you decide to respond in writing to this Notice of Noncompliance, then please reference Release Tracking No 2-0018124 and File No. NON-CE-11-3E062 on your correspondence.

Sincerely,

AUG 11 2011

NOTICE OF NONCOMPLIANCE
NONCOMPLIANCE SUMMARY

FILE NO.: NON-CE-11-3E062

ENTITY IN NONCOMPLIANCE:

Owens, Renz & Lee Co., Inc.
2 Summit Place
Branford, CT 06405

LOCATION WHERE NONCOMPLIANCE OCCURRED OR WAS OBSERVED:

484 Main St.
Worcester, MA 01608

DATE WHEN NONCOMPLIANCE OCCURRED OR WAS OBSERVED:

July 8, 2011

DESCRIPTION OF NONCOMPLIANCE:

The Department of Environmental Protection (the MassDEP or the Department) was notified on March 9, 2011, at 1:25 p.m., that a sudden release of an unknown quantity of #4 fuel oil, likely to exceed the reportable quantity of ten (10) gallons within 24 hours, occurred at the above-referenced property (the Site). Specifically, an unknown volume of #4 fuel oil occurred from a ruptured pipe leading from a 10,000 gallon #4 fuel oil underground storage tank (UST) at the Site. The section(s) of pipe where the #4 fuel oil was release were located outside. The exact cause of the ruptured pipe is unknown. The release impacted snow/ice, paved surface, exterior walls, and a stack pit with standing water. Such condition required oral notification to the MassDEP as soon as possible but not more than 2-hours after obtaining knowledge of a reportable condition and performance of an Immediate Response Action (IRA).

On March 9, 2011, the MassDEP gave Ralph Tella, LSP, your LSP on your behalf, oral approval to conduct the proposed IRA pursuant to 310 CMR 40.0410. The approval included the following conditions:

- Immediately remove and properly dispose of #4 fuel oil and contaminated water from the stack pit;
- Remove and properly dispose of contaminated snow and ice;
- Apply absorbents to impacted surfaces, as necessary;
- Inspect nearby catch basins for evidence of impact from this release; and

- Remove and properly dispose of all contaminated remediation waste associated with this release.

On May 6, 2011, MassDEP received a Release Notification Form and written Immediate Response Action Plan submitted by you, prepared by Lord Associates, Inc.

Based on the above information, the deadline for submitting a completed Immediate Response Action Status Report, pursuant to 310 CMR 40.0425(1), was July 7, 2011. MassDEP has not received an Immediate Response Action Status Report for this release as of the date of this Notice.

DESCRIPTION OF THE REQUIREMENTS NOT COMPLIED WITH:

40.0425: Immediate Response Action Status and Remedial Monitoring Reports

(1) Unless otherwise specified in writing by the Department, a person conducting Immediate Response Actions shall submit a written Status Report to the Department 120 days after the date on which that person first communicated to the Department his or her intention to conduct that Immediate Response Action.

ACTION TO BE TAKEN AND THE DEADLINES FOR TAKING SUCH ACTION:

In order to return to compliance with 310 CMR 40.0000, you must complete the following:

1. Submit a completed Immediate Action Status Report to MassDEP by September 16, 2011;

2. Alternatively, you may submit a schedule setting forth how and when you propose to return to compliance. Your schedule must include deadlines for completing an Immediate Response Action Plan or Completion Statement prepared in accordance with 310 CMR 40.0420(7).

   The schedule will be deemed approved if (1) MassDEP issues a written approval within 45 days of receipt of your proposal; or if (2) MassDEP does not issue a written approval or other correspondence within 45 days of receipt of your proposal; it is presumptively approved. To return to compliance, you must implement and adhere to the approved schedule.

In responding to this NON, please reference the NON number found on the first page of the NON to ensure proper acknowledgement of your response

RE: NOTICE OF NONCOMPLIANCE

THIS IS AN IMPORTANT NOTICE. FAILURE TO TAKE ADEQUATE ACTION IN RESPONSE TO THE NOTICE COULD RESULT IN SERIOUS LEGAL CONSEQUENCES.

Dear Mr. White:

Department personnel have observed that on February 28, 1996 activity occurred at your facility located on 484 Main Street in Worcester, Massachusetts, in noncompliance with one or more laws, regulations, orders, licenses, permits, or approvals enforced by the Department. Specifically, Department personnel observed activities in noncompliance with applicable Hazardous Waste Management and Air Quality regulations.

Attached is a written description of (1) each activity referred to above, (2) the requirements violated, (3) the action the Department now wants you to take, and (4) the deadline for taking such action. An administrative penalty may be assessed for every day from now on that you are in noncompliance with the requirements described in this Notice of Noncompliance.

Notwithstanding this Notice of Noncompliance, the Department reserves the right to exercise the full extent of its legal authority in order to obtain full compliance with all applicable requirements, including but not limited to, criminal prosecution, civil action including court-imposed civil penalties, or administrative penalties assessed by the Department.

SOURCE REDUCTION OPPORTUNITIES

You may be able to reduce environmentally driven costs and possibly reduce the regulatory requirements and fees applied to your firm if you eliminate or reduce the use of toxic materials or other inputs, or the generation of wastes through decreased chemical use or increased process efficiency. As a result, you may save money and improve quality and productivity.

Moreover, tracking annual usage of each toxic substance or other input, if you are not already doing so, may lead to identification of additional source reduction opportunities.

For further information on source reduction of toxic and other waste you may contact:

- The Office of Technical Assistance (617-727-3260) for **FREE, CONFIDENTIAL** technical assistance including on-site assessments, financial evaluations, the handbook "The Practical Guide to Toxics Use Reduction", and other resources.
- The Toxics Use Reduction Institute (508-934-3262) for courses for certified "Toxics Use Reduction Planners".
- DEP's Toxics Use Reduction Implementation Team (617-292-5870) for guidance material on the Toxics Use Reduction Act requirements.

If you have any questions regarding this matter, please contact Michelle Delemarre of this office at (508) 792-7692, Ext. 3777.

Very truly yours,

NAME OF ENTITY IN NONCOMPLIANCE: Meredith & Grew Incorporated

LOCATION WHERE NONCOMPLIANCE OCCURRED OR WAS OBSERVED:
484 Main Street
Worcester, MA 01608

DATE WHEN NONCOMPLIANCE OCCURRED OR WAS OBSERVED:
February 28, 1996

DESCRIPTION OF NONCOMPLIANCE AND OF THE REQUIREMENT(S) NOT COMPLIED WITH:

HAZARDOUS WASTE

1. The Company is conducting waste oil activity without proper notification to the Department, in violation of 310 CMR 30.253(9)(a).

2. The Company is accumulating waste oil in containers which are open and not properly managed, in violation of 310 CMR 30.253(5)(c), 310 CMR 30.353(6)(g), and 310 CMR 30.685(1).

3. The Company's waste oil accumulation containers are not properly labelled, in violation of 310 CMR 30.253(5)(c), 310 CMR 30.353(6)(g) and 310 CMR 30.682.

4. The Company's waste oil accumulation area is not marked, in violation of 310 CMR 30.253(5)(c), 310 CMR 30.353(6)(h) and 310 CMR 30.340(1)(k).

5. The Company's waste oil accumulation area does not have a sign posted, in violation of 310 CMR 30.253(5)(c), 310 CMR 30.353(6)(h) and 310 CMR 30.340(1)(j).

AIR QUALITY

6. On February 28, 1996, Department personnel observed black visible emissions with an opacity equal to 45% or greater between 8:46 a.m. and 8:57 a.m. being discharged from the building's round brick stack. Investigation revealed that the source of emissions was a boiler rated at 4.2 million BTU per hour utilizing #4 fuel oil. Visible emissions with an opacity of 45% or greater for more than two minutes are a violation of 310 CMR 7.06(1)(b) and 7.01.

ACTION TO BE TAKEN AND THE DEADLINE FOR TAKING SUCH ACTION:

HAZARDOUS WASTE

1. Effective immediately, your Company must complete and submit the enclosed "Commonwealth of Massachusetts Department of Environmental Protection Generator Registration" form per the instructions given, in compliance with 310 CMR 30.253(9)(a).

2. Effective immediately, comply with 310 CMR 30.253(5)(c), 310 CMR 30.353(6)(g) and 310 CMR 30.685(1) with respect to keeping waste oil containers closed during storage, except when waste oil is being added or removed.

3. Effective immediately, comply with 310 CMR 30.253(5)(c), 310 CMR 30.353(6)(g) and 310 CMR 30.682 with respect to labelling throughout the period of storage. The side of each container(s) of waste oil shall be clearly labelled and marked in a manner which identifies, in words "Hazardous Waste", the hazardous waste(s) being stored in the container(s) (e.g., Waste Oil) and the hazards associated with the waste (e.g., toxic).

4. Effective immediately, comply with 310 CMR 30.253(5)(c), 310 CMR 30.353(6)(h) and 310 CMR 30.340(1)(k) with respect to clearly marking all areas where wastes are accumulated (e.g., by a clearly visible line or piece of tape on the floor, or by a gate or fence, or by a sign at the boundary of a clearly distinguishable area).

5. Effective immediately, comply with 310 CMR 30.253(5)(c), 310 CMR 30.353(6)(h) and 310 CMR 30.340(1)(j) with respect to posting a sign with the words "Hazardous Waste" in capital letters at least one inch high, at all areas where wastes are accumulated.

AIR QUALITY

6. Effective immediately, comply with 310 CMR 7.06(1)(b) and 7.01 by taking action to eliminate the visible emissions. Within 21 days, submit a report describing:

   a) what caused the visible emissions;

   b) what steps were taken to eliminate the visible emissions; and

   c) what action will be taken to remain in compliance with the applicable regulations.

7. Within 21 calendar days from the date of this Notice of Noncompliance, this Regional Office must have received written confirmation that your Company is in compliance with requirements 1 through 6 stated above.

Please address your reply to this Notice of Noncompliance to Michelle Delemarre at this office.

SIC Code: 6530

On February 28, 1996, Michelle Delemarre conducted an inspection of the building located at 484 Main Street in Worcester, Massachusetts. This building contains offices and retail condominium units.

The objective of the inspection was to verify where black visible emissions with an opacity equal to 45% or greater were coming from and the company's compliance with the Department's regulations. On the day of the inspection, Kevin White of Meredith & Grew Incorporated led the tour of the boiler room and provided further information.

VIOLATION SUMMARY

There were violations associated with the Hazardous Waste Management and Air Quality Regulations. The hazardous waste violations pertain to conducting waste oil activity without properly registering with the Department, open buckets of waste oil, no labelling of waste oil buckets, and no marked and posted area for waste oil.

The air quality violation pertains to black visible emissions with an opacity equal to 45% or greater, between 8:46 a.m. to 8:57 a.m., being discharged from the building's round brick stack on February 28, 1996. Investigation revealed that the source of emissions was one of the building's boilers (Boiler #1).

UNIT OPERATION #1 - HEATING EQUIPMENT

The building is heated by two identical H.B. Smith cast iron sectional (17 sections) boilers. Each of the building's boilers is rated at 35 gallons per hour utilizing #4 fuel oil, or 4.2 million british thermal units (btus)/hour output each. Boiler #1 is equipped with a Preferred Inject Aire model No. BG 353M4 forced draft mechanical rotating type atomizing burner. Boiler #2 is equipped with a rotary cup burner and is used for emergency standby operation only. The Department must be notified in writing when Boiler #2 (designated standby boiler) is to be utilized per 310 CMR 7.04(7)(b)2 and per the Department's approval letter (CM-81-C-053) for the boilers. These boilers are exempt from reporting requirements pursuant to 310 CMR 7.12, as combined they are below the threshold of 10 million btus/hour.

Waste Streams

Air Quality - Products of combustion (NO_x, SO_x, CO, VOC, TSP, PM_{10}).

VIOLATION - Visible emissions with an opacity of 45% or greater for more than two minutes are a violation of 310 CMR 7.06(1)(b) and 7.01.

Industrial Wastewater - A chemical feeding tank is connected to the boilers in order to provide the boiler treatment chemicals. The boilers are blown down as needed into the sewer system. The blowdown might have high concentrations of metals since the boilers are old and were installed in 1957. These boilers are exempt from needing a DEP sewer connection permit.

Hazardous Waste - Waste oil is collected in five gallon pails. At the time of inspection, one (1) five gallon pail was located under each boiler. A very small amount of waste oil was located in each pail. Another five gallon pail of waste oil was located around the corner from the boilers which was full.

VIOLATIONS - Conducting waste oil activity without properly registering with the Department, open buckets of waste oil, no labelling of waste oil buckets, and no marked and posted area for waste oil.

General Comments

These boilers have a history of non-compliance:

Jan. 7, 1974 - Notice of Violation issued for black visible emissions at 40% opacity coming from the building's round brick stack.

Oct. 15, 1976 - Notice of Violation issued for black visible emissions at 60% opacity coming from the building's round brick stack.

Feb. 2, 1990 - Black visible emissions at 40% opacity observed from the building's round brick stack.

The boilers were serviced in the beginning of the heating season. However, facility personnel have been aware of the black visible emissions and have actively been looking into solutions to try to prevent them. Personnel have been researching the difference in the cost between utilizing #4 fuel oil and #2 fuel oil and have been looking into several different models of newer burners. Facility personnel have agreed to send the Department copies of this research.

Michael E Berberian
Michael Berberian

SIGNED: Michael E Berberian

Denholm Condominium Trust
C/O Glickman Kovago
Management, Inc
47 Harvard Street
Worcester MA 01609

Dear Sirs,

The Director of Housing Inspection, acting under the authority of Massachusetts General Laws, Chapter 111, Sections 127A and 127B as most recently amended and Chapters I and II of the Sanitary Code has caused an examination to be made of the dwelling located at **484 Main St** in this City of Worcester, MA 01608 on November 20, 2017. According to the records of the Assessor's Department this dwelling is owned by you. The examination has revealed that there are violations of the Minimum Standards of Fitness for Human Habitation of the above mentioned Sanitary Code existing in this dwelling.

In a report of an examination of the dwelling the following violations are listed.

	Int./Ext:	Floor:	Unit No.:	Area:	Code:
1.	Exterior			Street	410.351

* **Violation: Owner's Installation and Maintenance Responsibilities**
Notes: On November 21, 2017 the City of Worcester Department of Public Works Sewer Division placed green dye tablets in a hole in the street. The hole was then flushed with water, causing green dye to enter the city sewer

92

system. This is an indication of a broken private sewer line.

You are hereby ordered to correct the violations within **7 (seven) Days** of receipt by you of this notice. A re-inspection of this dwelling will be conducted after the time for compliance with this order has elapsed.
Under Regulation 410.850 of the Sanitary Code you are entitled to a hearing in this matter. Section 410.850(A) reads as follows:

REGULATION 105 CMR 410.850 RIGHT OT HEARING

Unless otherwise specified in 105 CMR 410.000, the following persons may request a hearing before the Commissioner of Housing by filing a written petition.

A. Any person or persons upon whom any order has been served pursuant to any regulation of 105 CMR 410.000 (except for an order issued after the requirements of Regulation 410.831 have been satisfied); provided, such petition must be filed within seven days after the order was served.

At the expiration of this period, if you have not taken action to correct the violations cited, this department will pursue any prescribed course of action in accordance with applicable laws and regulations which it deems necessary, including the initiation of appropriate court action.

Pursuant to 105 CMR Section 410.960, if a failure to comply with an order requiring that any dwelling or its premises be properly cleaned or repaired results in a condition which endangers or materially impairs the health or well-being of the occupant or the public, the Commissioner of Housing Inspection may cause such proper cleaning or repair and charge the responsible person or persons with any and all expenses incurred.

Owners are required to follow all applicable plumbing, gas-fitting, wiring and building codes as applicable when making all of the necessary repairs. In most cases these regulations require permits to be obtained prior to performing the work.

Effective March 31, 2006, Massachusetts General Law Chapter 148 Section 26F1/2 requires all buildings used for residential purposes that contain fossil-fuel burning equipment or incorporate enclosed parking within the structure, to install approved carbon monoxide alarms as specified in Fire Prevention regulation 527 CMR 31.00. The alarms are required by law to be installed and maintained by the building landlord and/or superintendent. For further information please contact the Worcester Fire Department at (508) 799-1822.

QUITCLAIM DEED

Winchendon Park LLC, a Massachusetts limited liability company with an address of 58 Brigham Hill Road, Grafton, Massachusetts 01519, for consideration paid, and in full consideration of **Thirty Thousand and 00/100 ($30,000.00) Dollars**, grants to **In Courage Mint LLC**, a Massachusetts limited liability company with an address of 450 Chapel Street, Holden, Massachusetts 01520,

with QUITCLAIM COVENANTS

Unit 180 of the Denholm Condominium located at 484 Main Street, Worcester, Worcester County, Massachusetts, created pursuant to and in accordance with Chapter 183A of the General Laws of Massachusetts by a Master Deed dated December 30, 1982 and recorded with Worcester District Registry of Deeds on January 10, 1983 in Deed Book 7652, Page 117, as revised by Amendment August 1, 1983 recorded in Deed Book 7895 Page 330, to wit:

Unit Number 180 as shown on a set of Condominium Floor Plans filed with said Master Deeds and as more particularly described in said Master Deed (the "Unit")

The address of the Unit is:
Unit Number 180
Denholm Condominium
484 Main Street
Worcester, Massachusetts 01608

Adams & Assoc. Legal Svcs.
Title Division
16-100
(508)791-3800

The Unit contains 1,439 square feet of building area, more or less, and is laid out as shown on the unit plan recorded with the unit deed, which unit plan is a copy of a portion of the Floor Plans filed with the Master Deed. A verified statement in the form provided for in Section 9 of Chapter 183A of the General Laws of Massachusetts is attached to such plans.

The Unit is conveyed together with a 1.3% undivided interest in the Common Areas and Facilities as defined and described in the Master Deed, the right as set forth in the Master Deed to park one registered motor vehicle for each one thousand square feet of building area contained within the unit in the area designated "Parking" on Exhibit "E" to the Master Deed. The Unit is subject to and has the benefit of easements, restrictions and other matters appearing of the record and all applicable provisions contained in said Master Deed and in the Declaration of Trust (including By-Laws) of the Denholm Condominium trust dated December 30, 1982 and

Property Address: 484 Main Street, Unit Number 180, Worcester, Massachusetts 01608

(3)

recorded with Worcester District Registry of Deeds on January 10, 1985 in Deed Book 7652, Page 145, and the rules and regulations from time to time adopted thereunder by said Trust including, without limitations, the provisions for assessment of common expenses.

The Unit is to be used only for commercial, office and retail purposes as set forth in paragraph 8 of the Master Deed and is subject to all of the restrictions set forth in paragraph 9 of the Master Deed.

The grantees hereunder are acquiring the Unit with the benefit of and subject to the provisions of Chapter 183A of the General Laws of Massachusetts relating to condominiums, as that statute is written as of the hereof.

This conveyance is made subject to and with the benefit of all restrictions, easements, rights, agreements, and stipulations of record, if any there be, insofar as the same are now in force and applicable.

This conveyance is not part of a transaction in which there is a sale, lease exchange, or other transfer of all or substantially all of the property or assets of Winchendon Park LLC. Winchendon Park LLC is a Massachusetts limited liability company and is not treated as a *LLC Name for tax purposes.*

For title, see deed of Webster First Federal Credit Union dated May 20, 2014, and recorded with Worcester District Registry of Deeds in Deed Book 52386, Page 203.

Executed as a sealed instrument this 20th day of January, 2016.

Winchendon Park LLC

EASEMENT DEED

ROBERT MARHEFKA, ADAM SHUSTER, JAMES HAYES, JILL DAGILIS, RANDY FELDMAN AND REBECCA COFFIN, TRUSTEES OF THE DENHOLM CONDOMINIUM TRUST, under Declaration of Trust dated December 30, 1982 and recorded with the Worcester District Registry of Deeds (the "Registry") in Book 7652, Page 145, with a mailing address of 484 Main Street, Worcester, Massachusetts 01608 ("Grantor"), for good and valuable consideration paid of Less Than One Hundred and 00/100 Dollars ($100.00), grant to the **CITY OF WORCESTER,** a municipal corporation duly established under the laws of the Commonwealth of Massachusetts, with a mailing address of 455 Main Street, Worcester, Massachusetts 01608 ("Grantee"), ***with quitclaim covenants***, an exclusive and temporary easement in gross over, across and upon the land of Grantor situated in the City of Worcester and described in a Master Deed dated December 30, 1982 and recorded with the Worcester District Registry of Deeds in Book 7652, Page 117 (the "Burdened Property"), for the purposes of (i) the placement, installation, display, exhibit, maintenance, operation and repair of public artwork on a wall of the building located on the Burdened Property more fully described in "Exhibit A" attached hereto (the "Easement Area"), and (ii) unrestricted ingress and egress to the Burdened Property in order to carry out the activities described in item (i), subject to the following conditions (the Easement"):

1. Term of Easement. The Easement shall terminate and be of no further effect on the date that is two (2) years after the date this Easement Deed was recorded with the Worcester District Registry of Deeds, unless earlier terminated as set forth herein (the "Term").

2. Use of the Burdened Property. The public artwork in the Easement Area shall be limited to paint and/or other materials affixed flush against the building wall (the "Artwork"). Grantee shall not drill into any walls, roofs or other structures located on the Burdened Property without Grantor's prior written consent. Grantee shall provide written notice to Grantor at least three (3) business days prior to any entry upon the Burdened Property. Grantee's entry upon the Burdened Property shall be at Grantee's sole cost and expense and at Grantee's sole risk. Grantee's entry upon the Burdened Property shall not interfere with Grantor's use and enjoyment of the Burdened Property. Grantor may continue to use the Burdened Property for any purpose that does not interfere with Grantee's rights

abutting the Easement Area, owned by a third party, is to be redeveloped in such a way as to interfere with the public's view of the Easement Area.

c. Grantor may terminate the Easement with Grantee's written consent, not to be unreasonably withheld, upon Grantor's showing of any of the following: (i) that the Burdened Property is to be sold and the buyer requires removal of the Easement as a condition of the purchase and sale; (ii) that the Burdened Property is to be refinanced and the lender requires removal of the Easement as a condition of the refinancing; (iii) that the Burdened Property is to be substantially remodeled or altered in a way that precludes continued maintenance of the Artwork; or (iv) that circumstances have materially changed and the continued existence of the Easement or maintenance of the Artwork substantially interferes with Grantor's use and enjoyment of the Burdened Property.

d. Grantee may terminate the Easement at any time in its sole discretion, for any reason or no reason or for its convenience.

8. Removal of the Artwork. Within sixty (60) days after the expiration of the Term or a Termination, and upon providing two (2) weeks written notice to Grantor, Grantee shall, at Grantee's sole cost and expense, remove the Artwork and restore the Burdened Property to its prior condition; provided, however, that Grantor may elect to retain the Artwork by providing written notice to Grantee, and upon receipt of such notice, Grantee shall have no further obligations with respect to the Artwork and Grantor shall maintain and, if necessary, repair the Artwork to its original standard of execution for as long as the Artwork is displayed.

9. Notice. Notice shall be made to the following addresses, unless otherwise provided for in writing:

Re: Availability of Immediate Response Action Plan
484 Main Street, Worcester
DEP RTN 2-0018124

Dear Public Officials:

Lord Associates, Inc. has completed an Immediate Response Action Plan for the property located behind the Denholm Building at 484 Main Street, Worcester, MA. The subject property was listed as a Disposal Site by the MADEP in March 9, 2011 in response to a finding of a release of fuel oil from an underground storage tank feed line rupture.

Emergency Response Activities completed on March 30, 2011 cleaned-up all non-aqueous phase liquid that discharged to the snow and surrounding asphalt pavement. Future investigations are planned to determine if the release has effected soil and groundwater located beneath the paved areas.

Pursuant to section 310 CMR 40.1403(3) of the Massachusetts Contingency Plan, at any time after the MADEP has been notified of a release or threat of release pursuant to 310 CMR 40.0300, the Chief Municipal Officer and Board of Health in the community(ies) in which the site is located shall be notified of the availability of the completion of a Immediate Response Action Plan. The intention of this letter is to fulfill this legal obligation.

In addition, 310 CMR 40.1403(3) stipulates that this notification shall include information about how local officials may obtain a copy of the report. A copy of the report can be viewed by scheduling a file review of RTN 2-0018124 with the DEP Central Regional Office in Worcester by calling (508) 792-7650 or on-line at http://db.state.ma.us/dep/cleanup/sites/search.asp.

Very truly yours,

URGENT LEGAL MATTER: PROMPT ACTION NECESSARY

Denholm Condominium Trust
484 Main St.
Worcester, MA 01608

RE: CRWSC - Worcester
Denholm Building
484 Main St.

ATTN: Robert Marhefka,
Trustee

Release Tracking Number: 2-0018124

NOTICE OF RESPONSIBILITY
M.G.L. c. 21E, 310 CMR 40.0000

Dear Mr. Marhefka:

The Department of Environmental Protection (the MassDEP or the Department) was notified on March 9, 2011, at 1:25 p.m., that a sudden release of an unknown quantity of #4 fuel oil, likely to exceed the reportable quantity of ten (10) gallons within 24 hours, occurred at the above-referenced property (the Site). Specifically, an unknown volume of #4 fuel oil occurred from a ruptured pipe leading from a 10,000 gallon #4 fuel oil underground storage tank (UST) at the Site. The section(s) of pipe where the #4 fuel oil was release were located outside. The exact cause of the ruptured pipe is unknown. The release impacted snow/ice, paved surface, exterior walls, and a stack pit with standing water. It is unknown if the water present in the stack pit was surface and/or rainwater runoff or groundwater. Such condition required oral notification to the MassDEP as soon as possible but not more than 2-hours after obtaining knowledge of a reportable condition and performance of an Immediate Response Action (IRA). In light of the notification and other information available, the MassDEP wishes to ensure that you are aware of your rights and responsibilities under the Massachusetts Oil and Hazardous Material Release Prevention and Response Act, M.G.L. c. 21E, and the Massachusetts Contingency Plan (MCP), 310 CMR 40.0000.

The MassDEP has identified the property, or portions thereof, as a disposal site that requires the conduct of cleanup or other response actions. The cleanup of disposal sites is governed by Chapter 21E and the MCP. The MassDEP has assigned Release Tracking Number (RTN): 2-0018124 to this disposal site for the release notification received.

This information is available in alternate format. Call Michelle Waters-Ekanem, Diversity Director, at 617-292-5751. TDD# 1-866-539-7622 or 1-617-574-6868
MassDEP Website: www.mass.gov/dep
Printed on Recycled Paper

The MassDEP also has reason to believe that you (as used in this Notice, "you" refers to Denholm Condominium Trust) are a party with potential liability for response action costs and damages under Chapter 21E, § 5.

The attached summary is intended to provide you with information about liability under Chapter 21E to assist you in deciding what actions to take in response to this Notice.

The Department has determined that there are two potentially responsible parties with respect to this release: 1) Owens, Renz & Lee Co., Inc. as operator, and 2) Denholm Condominium Trust as owner. The Department requests that the two parties determine amongst themselves how to allocate responsibility for the necessary response actions at the site.

You should be aware that you might have claims against third parties for damages, including claims for contribution or reimbursement for the costs of cleanup. Such claims do not exist indefinitely but are governed by laws that establish the time allowed for bringing litigation. The MassDEP encourages you to take any action necessary to protect any such claims you may have against third parties.

IMMEDIATE RESPONSE ACTIONS

On March 9, 2011 at 2:20 p.m. Owens, Renz & Lee Co., Inc. agreed to take the required IRA, response actions deemed necessary by the MassDEP.

On March 9, 2011, the MassDEP gave Ralph Tella, LSP, on behalf of Owens, Renz & Lee Co., Inc., oral approval to conduct the proposed IRA pursuant to 310 CMR 40.0410. The approval included the following conditions:

- Immediately remove and properly dispose of #4 fuel oil and contaminated water from the stack pit;
- Remove and properly dispose of contaminated snow and ice;
- Apply absorbents to impacted surfaces, as necessary;
- Inspect nearby catch basins for evidence of impact from this release; and
- Remove and properly dispose of all contaminated remediation waste associated with this release.

You must dispose of any Remediation Waste as defined by the MCP, including, without limitation, contaminated soil and/or debris, generated at the location in accordance with 310 CMR 40.0030. Any Bill of Lading accompanying such waste **must bear the seal and signature of a Licensed Site Professional (LSP)**.

NECESSARY RESPONSE ACTIONS AND APPLICABLE DEADLINES

Please be advised that March 9, 2011 is considered to be the date of release notification. This date will be the baseline for calculating compliance with deadlines contained within the MCP.

The MCP requires responsible parties and any other person undertaking response actions at a disposal site to perform Immediate Response Actions in response to sudden releases, Imminent Hazards and Conditions of Substantial Release Migration. Such persons must continue to evaluate the need for Immediate Response Actions and notify the MassDEP immediately if such a need exists.

In addition, per M.G.L. c.21E (6) and 40.0101, MassDEP requires that you investigate the cause of this incident and **take necessary actions where possible to prevent a recurrence and/or mitigate the extent of future releases.** Such requirements may include, without limitation, but without duplication of requirements prescribed in other programs of the Department, the preparation of contingency plans, the acquisition, construction, maintenance and operation of equipment, facilities and resources for the monitoring, prevention and control of releases, and the staffing and training of personnel regarding the prevention and control of releases of oil or hazardous material.

No disposal site will be deemed to have had all the necessary and required response actions taken for it unless and until all substantial hazards presented by the release and/or threat of release have been eliminated and a level of no significant risk exists or has been achieved in compliance with M.G.L. c. 21E and the MCP.

A fee of $1,200.00 is assessed if an RAO is filed 120 days after release notification, but before Tier Classification. Therefore, if all remediation work has been completed, you are encouraged to have the RAO submitted promptly to avoid the fee.

Unless otherwise provided by the MassDEP, responsible parties have one year from the initial date notice of a release or threat of release is provided to the MassDEP pursuant to 310 CMR 40.0300 or from the date the MassDEP issues a Notice of Responsibility, whichever occurs earlier, to file with the MassDEP one of the following submittals: (1) a completed Tier Classification Submittal; or (2) a Response Action Outcome Statement. If required by the MCP, a completed Tier I Permit Application must also accompany a Tier Classification Submittal. The deadline for these submittals for this disposal site is **March 9, 2012.**

FINANCIAL INABILITY TO PERFORM RESPONSE ACTIONS

If you are unable to perform the Response Action(s) because you have reason to believe that performing the Response Actions are beyond your financial ability, you should so inform the Department in writing, in accordance with the requirements of 310 CMR 40.0172 (1), (3) and (4). The Department has Guidance available for assisting you in applying for a Department Determination of Financial Inability to Perform Response Actions. Please call (617) 348-4055 to obtain the necessary information.

Please be advised that, should the Department determine the Response Actions are beyond your financial ability, such determination does not constitute an express or implied release from

liability under c. 21E, nor does it extinguish any obligation you may have to take or arrange for the Response Actions necessary to achieve a permanent solution at the above referenced site.

PROCEDURES TO FOLLOW TO UNDERTAKE RESPONSE ACTIONS

The MassDEP encourages parties having liability under M.G.L. c. 21E to take prompt action in response to releases and threats of release of oil and hazardous materials. By taking prompt action, liable parties may significantly lower cleanup costs and avoid the imposition of, or reduce the amount of, certain permit and/or annual compliance assurance fees payable under 310 CMR 4.00 (e.g., no annual compliance assurance fee is due for Response Action Outcome Statements submitted to the MassDEP within 120 days of the initial date of release notification).

You must employ or engage an LSP to manage, supervise, or actually perform all response actions that you intend to undertake at this disposal site. You may obtain a list of the names and addresses of LSPs by visiting www.mass.gov/lsp, by contacting the Board of Registration of Hazardous Waste Site Cleanup Professionals by telephone at (617) 556-1091, or in person or by mail at One Winter Street, 10th Floor, Boston, Massachusetts 02108.

If you have any questions, please contact this office at the letterhead address or at (508) 792-7650. The MassDEP requests that you inform your LSP of this Notice. All future correspondence communications regarding the disposal site should reference RTN: **2-0018124.**

SUMMARY OF LIABILITY UNDER CHAPTER 21E

As stated in the Notice of Responsibility accompanying this Summary, the MassDEP has reason to believe that you are a Potentially Responsible Party ("PRP") with potential liability under M.G.L. c. 21E, Section 5, for response action costs and damages to natural resources caused by the release and/or threat of release. The MassDEP has identified you as a PRP because it believes you fall within one or more of the following categories of persons made potentially liable by Subsection 5(a):

- any current owner or operator of a site from or at which there is or has been a release or threat of release of oil and/or hazardous material;
- any person who owned or operated a site at the time hazardous material was stored or disposed of;
- any person who arranged for the transport, disposal, storage or treatment of hazardous material to or at a site;
- any person who transported hazardous material to a transport, disposal, storage or treatment site from which there is or has been a release or threat of release of such material; and
- any person who otherwise caused or is legally responsible for a release or threat of release of oil or hazardous material at a site.

For purposes of the MCP, you are considered a Responsible Party ("RP") with actual liability under Chapter 21E if you fall within one of these categories unless you (1) are entitled to a defense under Section 5 or other applicable law, and (2) have reasonably incurred cleanup costs in an amount equal to or greater than any applicable cap on liability under Subsection 5(d).

This liability is "strict," meaning it is not based on fault, but solely on your status as an owner, operator, generator, transporter or disposer. It is also joint and several, meaning that each person who falls within one of these categories may be held liable for all response action costs incurred at the site, regardless of the existence of any other liable parties.

Section 5 provides a few narrowly drawn defenses to liability, including a defense for releases and damages caused by an act of God, an act of war or an act by a third party other than an employee, agent or person with whom the party has a contractual relationship (*see* Subsection 5(c)); a defense for certain owners of residential property at which the owner maintains a permanent residence (*see* Subsection 5(h)); and a defense for certain public utilities and agencies of the Commonwealth which own a right-of-way that is a site (*see* Subsection 5(j)).

You may voluntarily undertake response actions under the MCP without having your liability under Chapter 21E formally adjudicated by the MassDEP. If you do not take the necessary response actions, or fail to perform them in an appropriate and timely manner, the MassDEP is authorized by Chapter 21E to perform the necessary work.

By taking the necessary response actions, you can avoid liability for response action costs incurred by the MassDEP in performing these actions. If you are a RP and you fail to perform necessary response actions at the site, you may be held liable for up to three (3) times all response action costs incurred by the MassDEP and sanctions may be imposed on you for failure to perform response actions required by the MCP.

Response action costs include, without limitation, the cost of direct hours spent by MassDEP employees arranging for response actions or overseeing work performed by persons other than the MassDEP or its contractors, expenses incurred by the MassDEP in support of those direct hours, and payments to the MassDEP's contractors (for more detail on cost liability, *see* 310 CMR 40.1200: Cost Recovery). The MassDEP may also assess interest on costs incurred at the rate of twelve percent (12%), compounded annually.

Any liability to the Commonwealth under Chapter 21E constitutes a debt to the Commonwealth. To secure payment of this debt, the MassDEP may place liens on all of your property in the Commonwealth under M.G.L. c. 21E, Section 13. To recover this debt, the Commonwealth may foreclose on these liens or the Attorney General may bring legal action against you.

In addition to your potential liability for response action costs and damages to natural resources caused by the release, civil and criminal liability may also be imposed by a court of competent jurisdiction under M.G.L. c. 21E, Section 11, and civil administrative penalties may be assessed by the MassDEP under M.G.L. c. 21A, Section 16, for each violation of Chapter 21E, the MCP or any order, permit or approval issued there under.

If you are an RP and you have reason to believe that your performance of the necessary response actions is beyond your technical, financial or legal ability, you should promptly notify the MassDEP in writing of your inability in accordance with Chapter 21E, Subsection 5(e), and 310 CMR 40.0172. If you assert and demonstrate in compliance therewith that performing or paying for such response action is beyond your ability, Subsection 5(e) provides you with a limited defense to an action by the Commonwealth for recovery of two to three times the MassDEP's response action costs and 310 CMR 40.0172 provides you with a limited defense to the MassDEP's assessment of civil administrative penalties.

NOTICE OF NONCOMPLIANCE

THIS IS AN IMPORTANT NOTICE. FAILURE TO TAKE ADEQUATE ACTION IN RESPONSE TO THIS NOTICE COULD RESULT IN SERIOUS LEGAL CONSEQUENCES.

Dear Mr. Owen:

MassDEP personnel have reason to believe that Owens, Renz & Lee Co., Inc. is in noncompliance with M.G.L. c. 21E, the Massachusetts Oil and Hazardous Material Release Prevention and Response Act, and 310 CMR 40.0000, the Massachusetts Contingency Plan ("MCP").

Attached hereto is a written description of (1) each activity referred to above; (2) the requirement violated; (3) the action MassDEP now wants you to take, and (4) the deadline for taking such action.

If Owens, Renz & Lee Co. fails to take any action MassDEP now wants it to take by the prescribed deadline, or if it otherwise fails to comply in the future with requirements applicable to it, it could be subject to legal action. Such action could include criminal prosecution, court-imposed civil penalties, or civil administrative penalties assessed by MassDEP. A civil administrative penalty may be assessed for every day from now on that you are in noncompliance with the requirements referred to above.

This information is available in alternate format. Call Michelle Waters-Ekanem, Diversity Director, at 617-292-5751. TDD# 1-866-539-7622 or 1-617-574-6868

NOTICE OF NONCOMPLIANCE
NONCOMPLIANCE SUMMARY

FILE NO.: NON-CE-11-3E062

ENTITY IN NONCOMPLIANCE:

Owens, Renz & Lee Co., Inc.
2 Summit Place
Branford, CT 06405

LOCATION WHERE NONCOMPLIANCE OCCURRED OR WAS OBSERVED:

484 Main St.
Worcester, MA 01608

DATE WHEN NONCOMPLIANCE OCCURRED OR WAS OBSERVED:

July 8, 2011

DESCRIPTION OF NONCOMPLIANCE:

The Department of Environmental Protection (the MassDEP or the Department) was notified on March 9, 2011, at 1:25 p.m., that a sudden release of an unknown quantity of #4 fuel oil, likely to exceed the reportable quantity of ten (10) gallons within 24 hours, occurred at the above-referenced property (the Site). Specifically, an unknown volume of #4 fuel oil occurred from a ruptured pipe leading from a 10,000 gallon #4 fuel oil underground storage tank (UST) at the Site. The section(s) of pipe where the #4 fuel oil was release were located outside. The exact cause of the ruptured pipe is unknown. The release impacted snow/ice, paved surface, exterior walls, and a stack pit with standing water. Such condition required oral notification to the MassDEP as soon as possible but not more than 2-hours after obtaining knowledge of a reportable condition and performance of an Immediate Response Action (IRA).

On March 9, 2011, the MassDEP gave Ralph Tella, LSP, your LSP on your behalf, oral approval to conduct the proposed IRA pursuant to 310 CMR 40.0410. The approval included the following conditions:

- Immediately remove and properly dispose of #4 fuel oil and contaminated water from the stack pit;
- Remove and properly dispose of contaminated snow and ice;
- Apply absorbents to impacted surfaces, as necessary;
- Inspect nearby catch basins for evidence of impact from this release; and

- Remove and properly dispose of all contaminated remediation waste associated with this release.

On May 6, 2011, MassDEP received a Release Notification Form and written Immediate Response Action Plan submitted by you, prepared by Lord Associates, Inc.

Based on the above information, the deadline for submitting a completed Immediate Response Action Status Report, pursuant to 310 CMR 40.0425(1), was July 7, 2011. MassDEP has not received an Immediate Response Action Status Report for this release as of the date of this Notice.

DESCRIPTION OF THE REQUIREMENTS NOT COMPLIED WITH:

40.0425: Immediate Response Action Status and Remedial Monitoring Reports

> (1) Unless otherwise specified in writing by the Department, a person conducting Immediate Response Actions shall submit a written Status Report to the Department 120 days after the date on which that person first communicated to the Department his or her intention to conduct that Immediate Response Action.

ACTION TO BE TAKEN AND THE DEADLINES FOR TAKING SUCH ACTION:

In order to return to compliance with 310 CMR 40.0000, you must complete the following:

1. Submit a completed Immediate Action Status Report to MassDEP by September 16, 2011;

2. Alternatively, you may submit a schedule setting forth how and when you propose to return to compliance. Your schedule must include deadlines for completing an Immediate Response Action Plan or Completion Statement prepared in accordance with 310 CMR 40.0420(7).

   The schedule will be deemed approved if (1) MassDEP issues a written approval within 45 days of receipt of your proposal; or if (2) MassDEP does not issue a written approval or other correspondence within 45 days of receipt of your proposal; it is presumptively approved. To return to compliance, you must implement and adhere to the approved schedule.

In responding to this NON, please reference the NON number found on the first page of the NON to ensure proper acknowledgement of your response

DENHOLM AND McKAY COMPANY a corporation duly established under the laws of Massachusetts and having its usual place of business at 484 Main Street, Worcester, Worcester County, Massachusetts, for consideration of $1,650,000.00 paid, grants to HOWARD N. FEIST, JR., BARBARA S. FEIST and JOHN F. COGAN, JR. as TRUSTEES of THE MAYFLOWER PROPERTIES TRUST under Declaration of Trust dated March 6, 1967, recorded with Worcester District Registry of Deeds on December 2, 1969, as Instrument No. 38888 et seq, the mailing address of Grantee being c/o John F. Cogan, Jr., 28 State Street, Boston, Massachusetts 02109, with QUITCLAIM COVENANTS

A Certain tract of land situated on the northwesterly side of Main Street, the northeasterly side of Chatham Street and the southeasterly side of High Street in Worcester, Worcester County, bounded and described as follows:

BEGINNING at a point at the southwesterly corner of the parcel, which point is on the intersection of the northeasterly side of Chatham Street and the southeasterly side of High Street;

THENCE northeasterly by the southeasterly side of High Street three hundred thirty-eight and ninety-seven hundredths (338.97) feet more or less to a point which is the intersection of the southwesterly line of a six foot passageway known as Barton Place and the southeasterly line of High Street;

THENCE S. 63° 09' E. by said Barton Place one hundred forty-seven and twenty-eight hundredths (147.28) feet more or less to a point in said Barton Place which point is six (6) feet southwesterly of the northwesterly line of said Barton Place;

THENCE S. 26° 08' W. one hundred two and thirty-two hundredths (102.32) feet more or less by land now or formerly of Forrest W. Taylor, Inc. to a point;

THENCE S. 63° 44' E. two hundred fifteen and no hundredths (215.00) feet more or less, partly by land now or formerly of said

Forrest W. Taylor, Inc., crossing a thirty foot way known as Chase Court, and partly by the center line of a sixteen inch brick wall to a point on the northwesterly line of Main Street;

4996

374

THENCE southwesterly by said northwesterly line of Main Street one hundred seventy-four and ninety-six hundredths (174.96) feet more or less to land now or formerly of Richard Healy Corporation;

THENCE northwesterly by land of said Richard Healy Corporation one hundred thirty-six and thirty-three hundredths (136.33) feet more or less to a point on the southeasterly line of Chase Court;

THENCE southwesterly by said southeasterly line of Chase Court one hundred six and ninety-one hundredths (106.91) feet more or less to a point on the northeasterly line of Chatham Street;

THENCE northwesterly by said northeasterly line of Chatham Street one hundred seventy-two and two hundredths (172.02) feet more or less to the point of beginning.

Together with all our right, title and interest, if any, in said Barton Place and Chase Court.

Together with a right of way over Chase Court extending from land of Grantor on the south to the southerly line of Barton Place, said right of way being recited in deed of Ransom C. Taylor to Joseph Sargent dated January 14, 1870, and recorded in Worcester District Registry of Deeds Book 804 Page 546.

Together with a right of way, in common with others, over Barton Place, extending from Main Street northerly to High Street, said right of way being recited in deed of Maria Barton to Ransom C. Taylor dated December 31, 1867 and recorded in Worcester District Registry of Deeds Book 755 Page 649.

Subject to the right of way for others in Chase Court, said rights of way being recited in Worcester District Registry of Deeds Book 804 Page 544, Book 869 Page 601, Book 874 Page 136, Book 1139 Page 27.

Subject also to a right of way twenty feet in width along the above described course "S. 26°08'W. one hundred two and thirty-two hundredths (102.32) feet" and rights of encroachment upon said right of way as reserved in deed of Forrest W. Taylor, Inc. to H. B. Corporation dated June 9, 1945 and recorded in Worcester District Registry of Deeds Book 2958 Page 43. Subject to rights, if any now exist, of Worcester County Electric Co. in said twenty foot way, as recited in Worcester District Registry of Deeds Book 1588 Page 120. Excepting from this conveyance the gasoline pump, accessories thereto, and tank in said twenty foot way belonging to the Standard Oil Company of New York, as recited in said Deeds Book 2958 Page 43, if still in force and effect.

Subject to party wall obligations as recited in an agreement between Joseph Sargent and Ransom C. Taylor dated March 25, 1870 and recorded in said Registry Book 812 Page 459 and modified by an instrument dated June 23, 1881 and recorded in said Registry Book 1168 Page 367.

Subject also to party wall obligations as recited in an agreement between Anthony Chase and Franklin Whipple and William Dexter Dated May 4, 1872 and recorded in said Registry Book 869 Page 598 and as modified by an agreement between Richard Healey and Denholm and McKay Realty Company dated April 25, 1917 and recorded in said Registry Book 2131 Page 147.

CERTIFICATE OF VOTE

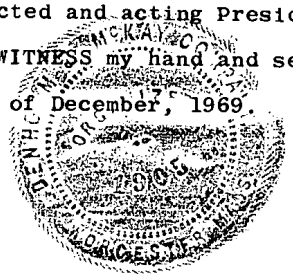
I, Robert S. Bowditch, hereby certify that I am the current, duly elected and acting Clerk of Denholm and McKay Company, a Massachusetts corporation; that at a meeting of the stockholders of said corporation duly called and held on December 1, 1969, the following vote was duly passed; that more than two-thirds of the shares of capital stock of Denholm and McKay Company outstanding and entitled to vote at said meeting were voted in favor thereof; and that said vote is still in full force and effect:

> VOTED: That Denholm and McKay Company sell and convey the land, together with the buildings, structures and leasehold or other improvements thereon, and all furniture, equipment and fixtures thereon which are, or can by agreement be made a part of said realty, now owned by it in the City and County of Worcester, Massachusetts to Howard N. Feist, Jr., Barbara S. Feist and John F. Cogan, Jr. as Trustees of the Mayflower Properties Trust under Declaration of Trust dated March 6, 1967, recorded with Worcester District Registry of Deeds on December 1, 1969, as Instrument No. 38888, and that the President be and he hereby is authorized and empowered to execute, affix the corporate seal and deliver a deed in such form as he shall approve so conveying such property, his signature thereto to be conclusive evidence of his approval for and on behalf of Denholm and McKay Company of the form, terms and conditions thereof.

I further certify that a meeting of the Board of Directors of said corporation duly called and held on December 1, 1969, at which a quorum was present and acting throughout, the foregoing vote was approved and adopted as a vote of the Board of Directors of said corporation and is still in full force and effect.

I further certify that Alexander L. Keyes is the current duly elected and acting President of Denholm and McKay Company.

WITNESS my hand and seal of the said corporation this first day of December, 1969.



Robert S. Bowditch

Clerk

Recorded Dec. 2, 1969 at 2h. 42m. P. M.
