October 4, 2023

To All Bidders:

Subject: **Bid No. 8066-W4, Dispatch Consoles & Equipment – Transportation / WPS**

## **ADDENDUM NO. 1**

To Whom It May Concern:

With reference to our bid request relative to the above subject, please refer to the changes/modifications/clarifications to the original proposal request.

Please see below questions received and responses from City

1. Do you want touch screen monitors or regular monitors?

**Regular monitors.**

2. You call for a headset jack in the bid spec but the mindshare essential console only allows for a desk mic or a headset interface, it can not have both. Please confirm which option you would like.

**Both are called for in the bid, it is up to the local operator to decide which to use and can easily be switched on the fly according to Mindshare. Bidders are to provide both with bid.**

3. We will be utilizing existing network switches already in place or do we need to provide new ones?

**A basic unmanaged switch will be needed.**

Bidders are requested to acknowledge and/or include this addendum with submission. All other terms, conditions and specifications remain unchanged.

Very truly yours,

Christopher J. Gagliastro  
Purchasing Director
