purchasing@worcesterma.gov

February 18, 2025

To All Bidders:

Subject: **Bid No. 8369-M5 Door & Lock Replacement – Phase II / WPS**

ADDENDUM NO. 1

To Whom It May Concern:

With reference to our bid request relative to the above subject, please refer to the changes/modifications/clarifications to the original proposal request.

Questions received by our office and answers from the City:

1. Q: In the documents I noticed that the completion date is no later than June 30, 2025. Is there a determined date to begin the project? Will the schools be available during the school year to begin the project?
A: The project will begin when the contract is signed, and the awardee is able to start. While school is in session, work will be done after schools let out for the day.
2. Q: Also has any testing of existing doors been done for asbestos or lead? Some of the new hardware will require drilling into the existing doors.
A: All testing and/or remediation, if necessary, will be done by the owner prior to any work being started.

Bidders are requested to acknowledge and/or include this addendum with submission. All other terms, conditions and specifications remain unchanged.

Very truly yours,

Stephen R. McDonald
Assistant Purchasing Director
