• **PLEASE SEE BELOW QUESTIONS RECEIVED AND RESPONSES FROM CITY:**

1. Is there a 5 street limit?
 - **No, there is not a 5 street limit.**
2. Can work hours be adjust to 7AM to 5PM?
 - **Yes, the proposed hours are acceptable as long as the contractor schedules details with the Engineer 48 Hours in advance.**
3. Who is responsible for Private utility structures that need repairs?
 - **The Contractor is responsible to contact the utility company to make needed structure repairs.**
4. The specs say the prep work to be done by Contractor. Is this correct?
 - **Prep work to be completed by contractor. The Engineer will walk every street with the contractor to identify and mark out all necessary repairs.**

5. Please provide and item for traffic control.
 - Traffic control is incidental to the work. No major traffic control operations are expected under this contract.
 6. Please provide and item for the portable message sign.
 - Portable message will not be required under this contract unless requested by the Engineer. If requested, it will be billed T&M
 7. Can concrete collars for adjusted structures be filled level to the existing top course of the road?
 - HMA collars compacted in lifts are called for under this contract and will be paid for under the updated item **424.0000** by the Ton.
 8. Can the city provide laydown areas?
 - Finding laydown areas are the responsibility of the contractor. If a public road or lot is used, the contractor is to take pre-construction photos and videos and restore the location to equal to or better condition after construction is complete.
 9. Please confirm the completion date
 - The revised Completion Date is June 30, 2025.
 10. Who is responsible for fliers and parking signs
 - Contractor is responsible for fliers and posting no parking signs.
- **PLEASE SEE ATTACHED REVISED UNIT PRICING PAGES. BIDDERS ARE INSTRUCTED TO USE THESE REVISED PRICE PAGES WITH BID SUBMISSION.**

Bidders are requested to acknowledge and/or include this addendum with submission. All other terms, conditions and specifications remain unchanged.

Very truly yours

Christopher J. Gagliastro
