To All Bidders:

Subject: **Bid No. 8419-J5, Radios / WPS**

ADDENDUM NO. 1

To Whom It May Concern:

With reference to our bid request relative to the above subject, please refer to the changes/modifications/clarifications to the original proposal request.

Questions received by this office and responses from The City:

1. Q: In the Radio Specs it says "Must support Hardware keyed 256 bit AES encryption". Does that mean you will need single or multi key AES Encryption as the 256 Bit Does not specify?

A: Single-key AES256 is all we need. Don't need OTAR as that will add significant cost.

Bidders are requested to acknowledge and/or include this addendum with submission. All other terms, conditions and specifications remain unchanged.

Very truly yours,

Jerry S. Kucera
Buyer
