  - 1) Good morning, after several call I finally spoke with Elevator Maint. & Service, Inc. He explained to me that they would not give us a price for the elevator work, due to one of the elevator controllers is proprietary, along with he does not think there are enough wires in the travel harness to meet the needs of this added scope. Please advise.  
**Answer: If vendor is saying that the elevator controller is proprietary, they should reach out to KONE Elevator directly as this would be their proprietary equipment.**

Bidders are requested to acknowledge and/or include this addendum with submission. All other terms, conditions, and specifications remain unchanged.

Very truly yours,
