Questions Received by this Office and Answers from the City:

1. Q: Page 166 states that Hamilton Street is from Anderson Ave to Lave Ave for a length of 10,468 FT. That actual distance is around 3,400 FT. Please clarify if Anderson and Lake Ave are the limits?
 - **A: Update Length of this location to 3700'.**
2. Q: Page 166 states that May Street is from Park Ave to Main Street for a length of 11,853 FT. That actual distance is around 2,500 FT. Please clarify if Park Ave and Main street are the limits.?
 - **A: Update Length of this location to 2500'.**
3. Q: Page 170 talks about concrete collars around castings on low volume streets and asphalt to be used on arterial streets. Based on the bid quantity of Item 424, is it the intent of this project to remove any concrete or asphalt around the existing castings and replace it with 8” of 12.5mm L2 Superpave?
 - **A: 424 is for Misc Patching including around structures and full depth roadway repairs, it will be SSC-12.5.**

4. Q: Does the contractor need to have City of Worcester approved mix designs for items 422.1, 424 & 428?
 - A: Mix designs will be MassDOT or City of Worcester Approved Mix Designs. 428 has been removed.

5. Q: Does a control strip need to be completed per the city of Worcester specs for Item 422.1?
 - A: No, this item will not require a control strip. This item will be used for paver placed leveling or paver placed top course.

Bidders are requested to acknowledge and/or include this addendum with submission. All other terms, conditions and specifications remain unchanged.
