| <b>Response</b>             | The paragraph-e sub-bullets listed above do not apply to this project.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |                             |                                 |                   |                                       |                       |                                        |                     |                                      |                  |                                   |
| <b>Question</b>             | <b>Please confirm if electrical permit fee will be waived by the City of Worcester</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |                             |                                 |                   |                                       |                       |                                        |                     |                                      |                  |                                   |
| <b>Response</b>             | No permit fees shall be waived by city.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                             |                                 |                   |                                       |                       |                                        |                     |                                      |                  |                                   |
| <b>Question</b>             | <b>Please confirm no Electrical/Technology provisions are required per specification sections 260500(1.5)(G)(H) and 260533(2.8)</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |                             |                                 |                   |                                       |                       |                                        |                     |                                      |                  |                                   |
| <b>Response</b>             | It is confirmed that the project includes no Electrical/Technology provisions.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                             |                                 |                   |                                       |                       |                                        |                     |                                      |                  |                                   |
| <b>Question</b>             | <b>Please confirm coordination drawings are not required per specification section 260500(1.6)</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |                             |                                 |                   |                                       |                       |                                        |                     |                                      |                  |                                   |
| <b>Response</b>             | It is confirmed that coordination drawings are not needed, as mechanical-equipment power is minimal.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |                             |                                 |                   |                                       |                       |                                        |                     |                                      |                  |                                   |
| <b>From:</b>                | <b>Legrand Masonry, Inc.</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |                             |                                 |                   |                                       |                       |                                        |                     |                                      |                  |                                   |
| <b>Question</b>             | <b>Based on the average backlog of work for most contractors (4-6 months), would it be possible to extend the completion date of the work for the chair lifts to February/March of 2027? The accelerated timeline for substantial completion listed is currently stated as September 25, 2026.</b>                                                                                                                                                                                                                                                                                                            |                             |                                 |                   |                                       |                       |                                        |                     |                                      |                  |                                   |
| <b>Response</b>             | The chair lift completion date is critical and cannot be extended.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |                             |                                 |                   |                                       |                       |                                        |                     |                                      |                  |                                   |
| <b>Question</b>             | <b>Who is responsible for floor protection on paths of access in and out of the building from the construction area?</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |                             |                                 |                   |                                       |                       |                                        |                     |                                      |                  |                                   |
| <b>Response</b>             | Per division 01 specifications temporary protection is the responsibility of the general contractor.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |                             |                                 |                   |                                       |                       |                                        |                     |                                      |                  |                                   |
| <b>Question</b>             | <b>We noticed at the walk through that there are some glazed blocks that were removed and damaged in the spaces where the new chair lifts will be installed, but this work does not appear to be outlined in the bid documents. There is not enough information to quantify the amount of work, please provide locations and/or quantities, or exclude from the masonry sub-bid.</b>                                                                                                                                                                                                                          |                             |                                 |                   |                                       |                       |                                        |                     |                                      |                  |                                   |
| <b>Response</b>             | Masonry openings left as a result of owner removal of plumbing fixtures shall not be infilled.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                             |                                 |                   |                                       |                       |                                        |                     |                                      |                  |                                   |

| <b>Question</b> | <b>The project calls for the Wheelchair Lift to be Purchased by Owner, Installed by General Contractor. Is it the intention of the Owner to provide the installation cost from the Manufacturer at some point prior to the Bid Date? Other Lift Contractors will often not install other Lift Manufacturers, and General Contractors require special certifications for this work. Please advise on how to proceed.</b> |
| <b>Response</b> | The Wheelchair Lift is to be installed by General Contractor.                                                                                                                                                                                                                                                                                                                                                           |

Bidders are requested to acknowledge and/or include this addendum with submission. All other terms, conditions and specifications remain unchanged.

Very truly yours,

Stephen R. McDonald  
Assistant Purchasing Director
