To All Bidders:

Subject: **7974-M3 Program Audit – Multilingual Program/WPS**

ADDENDUM NO. 1

To Whom It May Concern:

With reference to our proposal request relative to the above subject, please refer to the changes/modifications/clarifications to the original proposal request.

Question 1

Regarding the June 23 submission date for the EL audit scope of work, is there any flexibility with this date? For example, the final deliverable is submitted by this date - but supplemental, primary data could be collected to inform district recommendations over the coming months to ensure quality and depth to the EL audit findings.

Question 2

We are concerned that there is not sufficient time for all aspects of the evaluation to be completed by June 23. What, if any, flexibility would be available for extending the evaluation timeline?

Answer to Questions 1 & 2: Yes. WPS will extend the deadline for completed evaluation (with recommendations) to August 15, 2023.

Question 3

Of the focus areas listed in the RFP (e.g., staffing, compliance, curriculum) are there areas that you would prioritize for this EL audit?

Answer: Effectiveness of current model, approach, structure, services and implementation of instruction.

Question 4

What models of language instruction do you use?

Answer: SEI, Dual Language program and TBE.
