- B. The Bidder shall acknowledge receipt of this Addendum in the appropriate space on the Bid Form.

1.3 ATTACHMENTS

A. None

1.4 REVISIONS TO PREVIOUS ADDENDA:

A. None

1.5 QUESTIONS AND ANSWERS

A. Answers to additional questions are provided below.

QUESTIONS AND ANSWERS:

1) Question: Section 013100, 1.7, B., 1 through 4 – please confirm if this section will, in part or in its entirety, be required.

Response: Alternative file sharing management software systems to those described in Section 013100 1.7(B)(1) and 1.7(B)(4) will be considered. The provisions of Section 013100 1.7(B)(2) and 1.7(B)(3) will be required.

2) Question: In order to effectively provide a cost for the bedrock ZVI/sand injection, the particle size of the ZVI and the particle size of the sand used for the pilot test is required. The materials used in the pilot test was successful enough that a full scale application has been designed around the approach and materials used in the pilot test. For all bidders to provide an accurate price to perform the requested scope of work, the particle size information must be provided.

Response: The bidder shall determine the appropriate size of microscale zero valent iron (ZVI) and sand on which to base the bid.
