44. It is understood and agreed that it shall be a material breach of any contract resulting from this bid for the Contractor to engage in any practice which shall violate any provisions of Massachusetts General Laws, Chapter 151B, relative to discrimination in hiring, discharge, compensation, or terms, conditions or privileges of employment because of race, color, religious creed, national origin, sex, age or ancestry.
45. The undersigned as bidder, declares that the only parties interested in this proposal as principals are named herein; that this proposal is made without collusion with any other person, firm or corporation, that no officer or agent of the City is directly or indirectly interested in this bid; and he/she proposes and agrees that if this proposal is accepted he/she will contract with the City in accordance with the specifications, also the terms and conditions as spelled out in this bid form.
46. No Person, including but not limited to corporations, partnerships, limited partnerships or limited liability corporations, shall be eligible to receive a contract under this invitation to bid and/or requires for proposal if that person has been convicted of any felony offense involving the distribution of controlled substances as that term is defined under Chapter 94C of the General Laws and, for contracts to be performed for on-site services to the Worcester Public Schools, if that person or any person to be employed by that person in the performance of such on-site services has been convicted of a "sex offense" or a "sex offense involving a child" or a "sexually violent offense" or would meet the definition of "sexually violent predator" as those terms are defined in Section 178C of the General Laws and who must register with the sex offender registry board.

47. The Contractor shall at all times enforce strict discipline and good order among his employees and shall not employ for work or services relating to this contract any unfit person or anyone not skilled in the task assigned to him. In light of the fact that the performance of this contract requires the Contractor and its employees to have significant interaction with the public, the Contractor shall require all employees who may perform services under this contract to conduct themselves in a courteous, professional manner. If the Contractor is notified by the Contract Officer that any person engaged upon the work is incompetent, unfaithful, disorderly, discourteous, or otherwise unsatisfactory, then such person shall be discharged from providing services or work pursuant to this contract. Without limiting the generality of the foregoing, intimidation, threats and/or violent conduct of any kind or nature directed to members of the public are absolutely prohibited. Failure to comply with this requirement shall be grounds for termination of the contract.
48. The Contractor's performance may be evaluated on an ongoing basis including but not limited to consideration of complaints received from members of the public. In order to facilitate this evaluation, the Contractor shall provide the City with documents and records upon request. The Contractor shall further obtain from its employees authorization that appropriate City personnel may obtain all available criminal offender information ("CORI") from the Criminal History Systems Board. A high number of unresolved complaints, any number of complaints that are particularly severe, or employment of individuals who have been convicted or assault or other violent crimes shall be grounds for the early termination or non-renewal of the contract by the City.
49. The procurement officer shall award the contract to the lowest responsible and responsive bidder. The term "responsible bidder" means "a person who has the capability to perform fully the contract requirements, and the integrity and reliability which assures good faith performance." Consistent with its duty to maintain public order and promote public safety, the City has determined that this contract is of a type and nature so as to be particularly sensitive due, at least in part, to the contractor's inherent access and dealings with the members of the general public. Therefore, the City has concluded that additional scrutiny is justified as it determines whether a particular bidder is responsible, having the integrity and reliability to properly perform the requested services. This may entail consideration of the contractor's system of oversight, training and supervision of its employees, including but not limited to its requirement of a high standard of customer service and courtesy in its dealings with the public. The bidder's care and diligence in hiring and assigning its employees will also be considered. In making its determination, the City reserves the right to examine any and all information at its disposal, including but not limited to prior City contracts, the experiences and information obtained from current and former customers (whether identified by the bidder as references or not), as well as other sources available to the City, including but not limited to court documents, newspapers, financial reports (such as DUNS), and certain police data and reports.
50. The Contractor, acting through its owner(s) or any of its employees, or its agents or sub-contractors and any of their employees, shall not engage in any behavior, whether during the course of its duties under this contract or at any other time, that is illegal, criminal or otherwise shocking or offensive to the general public. The determination whether any particular behavior is illegal, criminal or shocking to the general public shall rest in the sound judgment of the Contracting Officer or the City Manager. In making such determination, the Contracting Officer or the City Manager shall apply the general standards of the community. No criminal conviction or formal charges shall be required to make such determination. Such behavior need be something more than trivial and something which would cause the general public to have concerns either about the safety of individuals coming in contact with the Contractor or about the character and integrity of the individuals with which the City does business. Violation of this provision shall be grounds for immediate and unilateral termination of this contract by the City upon five days' notice as otherwise provided herein.

- Fire extinguisher(s)

The worker shall obtain any supplies needed to complete the job at the most expeditious and cost effective location to the site. Another factor in determining where the supply shall be obtained will be the availability of the supply. **The Worcester Public School Department cannot be charged in excess of 10% over the contractor's net cost for material.** The City of Worcester pays no sales tax therefore the net cost must reflect this.

The contractor may use the site's existing services if they are available in order to complete a job. This would include water and electricity. This may be withdrawn if it is determined by the School Department that the contractor is abusing the privilege. The contractor may be charged for the use of the services if it is determined that the contractor is abusing the privilege.

COMPLETED WORK

All work must be completed and tested. It must be left in full operating order. It must be left in a safe condition where no harm can come to any person because of a lack of ordinary care. Its operation or condition must be tested in the presence of a custodian. It will be the responsibility of the worker to test the operation of the equipment/repair or prove the work was successfully completed in the presence of a custodian. This must be noted on the order/service slip. The custodian will sign this slip.

CORRECTIONS TO WORK

If the School Department, at its sole discretion, feels that the work performed by the vendor is not adequate then the City of Worcester will notify the vendor of this in writing. The vendor will have 5 business days to respond and make the necessary corrections. If the vendor fails to do this it will be grounds for cancellation of this contract. The City of Worcester may remedy the problem by hiring an outside vendor to complete/correct the job. The contracting vendor may be charged for these corrective services. If the contractor fails to correct defective work or persistently fails to carry out the work in accordance with the contract documents, the City of Worcester will cause this contract to be cancelled.

INVOICES

No invoices will be paid without the proper information attached. It will be required that all invoices be prepared in the following manner:

All invoices will be emailed to wsaccts payable@worcesterschools.net

The copy of the service slip must accompany the invoice.

The School Department can only be invoiced after all the work has been completed.

All pertinent information must be broken out on the invoice as below:

- Number of hours worked (multiply this by the hourly rate)
- Any and all materials used for the job with their individual prices

- Brief description of work that was done

If the contracting vendor uses materials or services from an outside vendor, the invoice must state the cost for those items to the contracting vendor (not to exceed 10% over the contractor's net cost).

The invoice must be dated properly and accurately.

NO payment will be made until, such time, as the Worcester Public Schools is satisfied with work.

OVERCHARGING (MATERIALS)

If the City of Worcester and/or the Worcester School Department questions the validity of an invoice, the vendor will be notified. The vendor will have 5 business days to answer any and all questions and to provide proof of such items as:

(For materials/outside services)

Copy of invoice stating amount that the vendor was charged for supplies/services, etc. Invoice must be a legitimate copy to be forwarded to the School Department.

The invoice must be dated.

The invoice must have the company's name, address and telephone number along with a contact person's name.

The City and/or School Department may request from the contracting vendor a copy of any invoice from the company with which the vendor conducts his business for materials. The purpose of this is to confirm the contractor's net charge to the City of Worcester at a rate not to exceed 10% over the contractor's net cost.

The City reserves the right to conduct random price audits at its discretion.

PERSONNEL

No job will have more than one person working at a time unless explicit permission is received by the School Department. If the contractor sends more than one person it will be at their own discretion and cost.

MILEAGE

The School Department cannot be charged for any time, mileage fees or other costs while a tradesperson is traveling to and from the site. The vendor shall take into account this cost in his hourly rate when he bids. Time begins when the tradesperson arrives at the site. The School Department can be charged an amount based solely on the quoted hourly rate for picking up any parts or supplies needed in order to correct the problem.

CUSTODIAL COVERAGE

Normal school operation hours vary from school to school. However, typically the hours for custodial coverage for an elementary school at 7 a.m. to 4 p.m. Monday through Friday. High schools and middle school hours are from 6 a.m. to 11 p.m. Monday through Friday. Some custodial coverage is provided at certain schools on Saturdays. During vacation periods, the normal hours of operation would be 7 a.m. to 3 p.m. Monday through Friday. Please contact the School Facilities Department to verify the hours and any vacation periods where the school might not be open.

MANDATORY MEETING

This will be considered an introductory meeting.

Contract Number: CR-7710-W2 **City/Town:** WORCESTER
Description of Work: Provide welding and metal fabrications services on an as-needed basis per attached requirements and specifications
Job Location: various

Information about Prevailing Wage Schedules for Awarding Authorities and Contractors

- This wage schedule applies only to the specific project referenced at the top of this page and uniquely identified by the “Wage Request Number” on all pages of this schedule.
 - An Awarding Authority must request an updated wage schedule from the Department of Labor Standards (“DLS”) if it has not opened bids or selected a contractor within 90 days of the date of issuance of the wage schedule. For CM AT RISK projects (bid pursuant to G.L. c.149A), the earlier of: (a) the execution date of the GMP Amendment, or (b) the bid for the first construction scope of work must be within 90-days of the wage schedule issuance date.
 - The wage schedule shall be incorporated in any advertisement or call for bids for the project as required by M.G.L. c. 149, § 27. The wage schedule shall be made a part of the contract awarded for the project. The wage schedule must be posted in a conspicuous place at the work site for the life of the project in accordance with M.G.L. c. 149 § 27. The wages listed on the wage schedule must be paid to employees performing construction work on the project whether they are employed by the prime contractor, a filed sub-bidder, or any sub-contractor.
 - All apprentices working on the project are required to be registered with the Massachusetts Department of Labor Standards, Division of Apprentice Standards (DLS/DAS). Apprentice must keep his/her apprentice identification card on his/her person during all work hours on the project. An apprentice registered with DAS may be paid the lower apprentice wage rate at the applicable step as provided on the prevailing wage schedule. **Any apprentice not registered with DLS/DAS regardless of whether or not they are registered with any other federal, state, local, or private agency must be paid the journeyworker's rate for the trade.**
 - The wage rates will remain in effect for the duration of the project, except in the case of multi-year public construction projects. For construction projects lasting longer than one year, awarding authorities must request an updated wage schedule. Awarding authorities are required to request these updates no later than two weeks before the anniversary of the date the contract was executed by the awarding authority and the general contractor. For multi-year CM AT RISK projects, awarding authority must request an annual update no later than two weeks before the anniversary date, determined as the earlier of: (a) the execution date of the GMP Amendment, or (b) the execution date of the first amendment to permit procurement of construction services. Contractors are required to obtain the wage schedules from awarding authorities, and to pay no less than these rates to covered workers. The annual update requirement is not applicable to 27F “rental of equipment” contracts.
 - Every contractor or subcontractor which performs construction work on the project is required to submit weekly payroll reports and a Statement of Compliance directly to the awarding authority by mail or email and keep them on file for three years. Each weekly payroll report must contain: the employee’s name, address, occupational classification, hours worked, and wages paid. Do not submit weekly payroll reports to DLS. A sample of a payroll reporting form may be obtained at <http://www.mass.gov/dols/pw>.
 - Contractors with questions about the wage rates or classifications included on the wage schedule have an affirmative obligation to inquire with DLS at (617) 626-6953.
 - Employees not receiving the prevailing wage rate set forth on the wage schedule may report the violation to the Fair Labor Division of the office of the Attorney General at (617) 727-3465.
 - Failure of a contractor or subcontractor to pay the prevailing wage rates listed on the wage schedule to all employees who perform construction work on the project is a violation of the law and subjects the contractor or subcontractor to civil and criminal penalties.
