June 16, 2022

To All Bidders:

Subject: **Bid No. CR-7838-W3, Solar Rectangular Rapid Flashing Beacons / DPWP**

ADDENDUM NO. 1

To Whom It May Concern:

With reference to our bid request relative to the above subject, please refer to the changes/modifications/clarifications to the original proposal request.

- **Please see below questions received and responses from City.**
- The specification requires **tactical arrow oriented to point in the direction of the crosswalk**. This feature is normally reserved for Push Buttons that have a voice message included such as the Polara iNX push button, however the audible requirement is only for a two tone confirmation indication which is used with the Polara Bulldog.
Could you clarify whether the bulldog or iNX push button (or equal) will be required?

The Bulldog push button – or equal is required.

Bidders are requested to acknowledge and/or include this addendum with submission. All other terms, conditions and specifications remain unchanged.

Very truly yours,

Christopher J. Gagliastro
Purchasing Director
