Q&A

1. Federal Square- where are these trees located? Is it the trees in front of the library? I found some previous pictures online but it appears with the construction on federal square the trees in the pictures are gone? I drove around trying to find them, asked two police officers where they were and they had no idea. So clarification / photos on the exact location of those would be greatly appreciated.
 - a) These trees have been removed and new ones will be added for 2023. This location is under construction.
2. Foster st - Are we doing the trees along the road on the DCU center side only? Or the trees on both sides of Foster street?
 - a) DCU center side only
