43. If any product is found that does not meet the analysis submitted by the bidder in his/her proposal, the Purchasing Agent may, at his or her option, exercise his/her right to reject the product and require that all or any part thereof shall be removed promptly by and at the expense of the contractor and replace it forthwith with a product satisfactory to the Purchasing Agent, or to retain the product and compensate the contractor in an amount as determined by the Purchasing Agent and the City Manager.
44. It is understood and agreed that it shall be a material breach of any contract resulting from this bid for the Contractor to engage in any practice which shall violate any provisions of Massachusetts General Laws, Chapter 151B, relative to discrimination in hiring, discharge, compensation, or terms, conditions or privileges of employment because of race, color, religious creed, national origin, sex, age or ancestry.
45. The undersigned as bidder, declares that the only parties interested in this proposal as principals are named herein; that this proposal is made without collusion with any other person, firm or corporation, that no officer or agent of the City is directly or indirectly interested in this bid; and he/she proposes and agrees that if this proposal is accepted he/she will contract with the City in accordance with the specifications, also the terms and conditions as spelled out in this bid form.
46. No Person, including but not limited to corporations, partnerships, limited partnerships or limited liability corporations, shall be eligible to receive a contract under this invitation to bid and/or requires for proposal if that person has been convicted of any felony offense involving the distribution of controlled substances as that term is defined under Chapter 94C of the General Laws and, for contracts to be performed for on-site services to the Worcester Public Schools, if that person or any person to be employed by that person in the performance of such on-site services has been convicted of a "sex offense" or a "sex offense involving a child" or a "sexually violent offense" or would meet the definition of "sexually violent predator" as those terms are defined in Section 178C of the General Laws and who must register with the sex offender registry board.

47. The Contractor shall at all times enforce strict discipline and good order among his employees and shall not employ for work or services relating to this contract any unfit person or anyone not skilled in the task assigned to him. In light of the fact that the performance of this contract requires the Contractor and its employees to have significant interaction with the public, the Contractor shall require all employees who may perform services under this contract to conduct themselves in a courteous, professional manner. If the Contractor is notified by the Contract Officer that any person engaged upon the work is incompetent, unfaithful, disorderly, discourteous, or otherwise unsatisfactory, then such person shall be discharged from providing services or work pursuant to this contract. Without limiting the generality of the foregoing, intimidation, threats and/or violent conduct of any kind or nature directed to members of the public are absolutely prohibited. Failure to comply with this requirement shall be grounds for termination of the contract.
48. The Contractor's performance may be evaluated on an ongoing basis including but not limited to consideration of complaints received from members of the public. In order to facilitate this evaluation, the Contractor shall provide the City with documents and records upon request. The Contractor shall further obtain from its employees authorization that appropriate City personnel may obtain all available criminal offender information ("CORI") from the Criminal History Systems Board. A high number of unresolved complaints, any number of complaints that are particularly severe, or employment of individuals who have been convicted of assault or other violent crimes shall be grounds for the early termination or non-renewal of the contract by the City.
49. The procurement officer shall award the contract to the lowest responsible and responsive bidder. The term "responsible bidder" means "a person who has the capability to perform fully the contract requirements, and the integrity and reliability which assures good faith performance." Consistent with its duty to maintain public order and promote public safety, the City has determined that this contract is of a type and nature so as to be particularly sensitive due, at least in part, to the contractor's inherent access and dealings with the members of the general public. Therefore, the City has concluded that additional scrutiny is justified as it determines whether a particular bidder is responsible, having the integrity and reliability to properly perform the requested services. This may entail consideration of the contractor's system of oversight, training and supervision of its employees, including but not limited to its requirement of a high standard of customer service and courtesy in its dealings with the public. The bidder's care and diligence in hiring and assigning its employees will also be considered. In making its determination, the City reserves the right to examine any and all information at its disposal, including but not limited to prior City contracts, the experiences and information obtained from current and former customers (whether identified by the bidder as references or not), as well as other sources available to the City, including but not limited to court documents, newspapers, financial reports (such as DUNS), and certain police data and reports.
50. The Contractor, acting through its owner(s) or any of its employees, or its agents or sub-contractors and any of their employees, shall not engage in any behavior, whether during the course of its duties under this contract or at any other time, that is illegal, criminal or otherwise shocking or offensive to the general public. The determination whether any particular behavior is illegal, criminal or shocking to the general public shall rest in the sound judgment of the Contracting Officer or the City Manager. In making such determination, the Contracting Officer or the City Manager shall apply the general standards of the community. No criminal conviction or formal charges shall be required to make such determination. Such behavior need be something more than trivial and something which would cause the general public to have concerns either about the safety of individuals coming in contact with the Contractor or about the character and integrity of the individuals with which the City does business. Violation of this provision shall be grounds for immediate and unilateral termination of this contract by the City upon five days' notice as otherwise provided herein.

For all other payments, Licensors shall submit invoices periodically, but not more than monthly, reflecting services rendered and/or Equipment received. Article 5. PROPRIETARY RIGHTS AND CONFIDENTIALITY

5.1 City Ownership.

5.1.1 As between Licensors (and its licensors, licensees, subcontractors and affiliates) and the City, the City owns and shall retain ownership of its City Data (including any documents, information, as well as any extract or aggregation thereof, in whatever nature or form (collectively, "City Data"). For clarity and for the purposes of this Agreement, said City Data shall include but not be limited to any data that is licensed or made available to the City through a third party, including but not limited to personal and private information. By this Agreement, City does not convey any right, title or interest in City Data (including but not limited to any rights owned by or licensed from any third party). Notwithstanding any provision to the contrary,

Licensor is prohibited from retaining or using any City Data for any reason other than its performance under this Agreement, even if said City Data is aggregated, de-identified, pseudonymized or anonymized. Without limiting the scope of Section 12.10 below, the requirements of this provision shall survive the termination of this Agreement.

In addition to City Data, any deliverables furnished by Licensor for the City's use shall be instruments of service and property of the City, whether the work for which they are made be executed or not, and are not to be used on other work except by agreement with the City.

5.1.2 City may, from time to time, engage or contract with contractors, consultants or other third parties (collectively for this Article "City Consultants") to provide separate software, services or products that relate to (and/or interact with) the Software and/or Services provided by this Agreement. Licensor will provide reasonable cooperation and work in good faith with City and City Consultants as reasonably requested by City. Further, to the extent Licensor has access to information of such City Consultant(s) that is marked as or may reasonably be understood to be confidential information, Licensor shall, except as otherwise required by law, use such confidential information only for the purposes set forth in this Agreement and shall protect such confidential information in the same manner that it protects its own similar confidential information, but in no event using less than a reasonable standard of care.

5.1.3 At the termination of this Agreement, Licensor shall promptly (not less than five (5) calendar days) allow City to extract a copy of City Data at no cost for a period of one hundred twenty (120) calendar days, or such greater period as the Parties may agree. Within fifteen (15) calendar days of a written request by the City, Licensor shall return or destroy, at the City's option, all City Data, of whatever nature or form, including but not limited to all City Data received from or on behalf of the City or any City authorized user that is within Licensor's possession or control and shall (within five (5) calendar days following such destruction or return) certify in writing to the City that all City Data in its possession or control (including in the possession or control of Licensor's affiliates, subcontractors, licensees, licensors, and other agents) has been destroyed or returned to City.

5.2 Licensor Ownership

5.2.1 Licensor represents that it (or its licensors) own all right, title and interest in and to the Software (including but not limited to all source code, object code, class libraries, user interface screens, algorithms, development frameworks, repository, system designs, system logic flow, and processing techniques and procedures related thereto), technical and non-technical documentation, and other Licensor intellectual property rights (copyright, patent, trademark, trade secret and other proprietary rights in any of the foregoing), and subject to the limited license and other rights expressly granted hereunder, Licensor reserves all rights, title and interest thereto.

Additionally, reports or other data generated by Licensor regarding its traffic flow, feature use, system loads and/or product installation, and/or similar information, are the exclusive property of Licensor; expressly excluding however personally identifiable information (PII), which Licensor

shall neither collect (except to the limited extent necessary to perform its obligations under this Agreement), nor retain.

5.2.2 Restrictions. Except as otherwise required by law or order of a court with competent jurisdiction, or exempted by Section 5.3.3 or elsewhere in this Agreement, City agrees that it will not

- (i) modify the Software or technical documentation or create any derivative works based on the Software or technical documentation beyond changes necessary to support intended functions and integrations;
- (ii) copy the Software or technical documentation (except for archival copies of the technical documentation for use consistent with this Agreement, copies required as a step in the use of the Software or Service);
- (iii) license, sublicense, sell, resell, rent, lease, assign, distribute, time share, offer in a service bureau, or otherwise make the Software or technical documentation available to any third party, other than to authorized user as permitted herein;
- (iv) reverse engineer or decompile any portion of the Software or documentation;
- (v) access the Software or documentation for the purpose of establishing a competing commercially available product or Service; or
- (vi) modify, or create derivative works of any features, functions, integrations, interfaces or graphics of the Software or technical documentation.

For clarity, for purposes of this Agreement, (a) reports or other documents created from City Data and (b) configurations and customizations performed within the terms of the Agreement shall not be defined as derivative works and shall be available to the City for municipal uses, including public disclosure, in its discretion.

5.3 Confidential Information.

5.3.1 Licensor represents to the City that its Software and technical documentation contains proprietary information that are the exclusive property of Licensor (or the licensors of Licensor) ("Licensor Confidential Information"). Neither Party shall disclose or use any confidential information of the other Party except (i) as reasonably necessary to perform its obligations or exercise its rights pursuant to this Agreement, or (ii) to comply with applicable law or order of any court of competent jurisdiction. Subject to said first sentence, the Parties agree to protect the confidential information of the other Party in the same manner that it protects its own confidential information of like kind, but in no event using less than a reasonable standard of care. Notwithstanding any provision to the contrary, however, this Section 5.3.1 shall not affect the limits or exclusions to confidential information set forth elsewhere in this Agreement, including but not limited to Section 5.3.3.

5.3.2 Remedies. If a Party discloses or uses (or threatens to disclose or use) any confidential information of the other Party in breach of confidentiality protections hereunder, the other Party shall have the right, in addition to any other remedies available, to seek injunctive relief to enjoin such acts.

5.3.3 **Exclusions.** The definition of confidential information, including Licensor Confidential Information, shall not include any information (in any form) that: (i) is or becomes generally known to the public without breach of any obligation owed to the other Party; (ii) was known to a party prior to its disclosure by the other Party without breach of any obligation owed to the other Party; (iii) was independently developed by a Party without breach of any obligation owed to the other party; or (iv) is received from a third Party without breach of any obligation owed to the other Party. Notwithstanding any provision to the contrary in this Agreement, City Data (including but not limited to Personal Data) shall not be subject to the exclusions (i)-(iii) set forth in this Section 5.3.3. Notwithstanding any provision to the contrary in this Agreement, **expressly excluded from the Licensor Confidential Information provisions** shall be (a) this Agreement, as it may be amended (whether by change order, work order, order form, amendment or otherwise), and its appendices, addendum, order forms, exhibits, and (b) all other incorporated or referenced documents/attachments, including the RFP and the Proposal, (c) correspondence with the City by or on behalf of Licensor, (d) invoices and related details, (collectively for this Section “non-confidential documents and information”). City shall have the right to disclose publicly such non-confidential documents and information, in whatever form, for any municipal purpose consistent with the City’s usual practices and activities. Without limiting the generality of Section 12.10, the requirements of this Section shall survive termination of this Agreement.

Additionally and for the avoidance of doubt, none of the requirements of this Agreement shall be interpreted to impede, limit or prohibit the City from disclosing Licensor’s (or licensor, subcontractor, licensees, and affiliates) Confidential Information or other proprietary information, including trade secrets, to the extent that such information is required to be disclosed pursuant to any applicable law, including but not limited to Massachusetts public records law, open meeting law, or any other local public disclosure law applicable to City or pursuant to any order by a court of competent jurisdiction.

5.3.4 **FERPA/COPPA.** To the extent City is an educational institution subject to the Family Educational Rights and Privacy Act (“FERPA”) and to the extent Licensor may have access to student information during the performance of this Agreement, Licensor agrees that it is a “School Official” (as that term is used in FERPA) with a “legitimate educational interest” in any City Data that is protected by FERPA and, therefore, Licensor agrees that with respect to all City Data that is protected by FERPA, to the extent that Licensor accesses unencrypted City Data that is subject to FERPA, Licensor shall comply with any and all obligations of a School Official with respect to such access. Without limiting the foregoing, Licensor shall use education records only for the purposes of fulfilling its duties under this Agreement. Except as required by law or court order, Licensor shall not disclose or share education records with any third party except to subcontractors who have agreed to maintain the confidentiality of the education records to the same extent required of Licensor and only to the extent such education records are needed to fulfill said subcontractor’s duties under this Agreement. Additionally, and to the full extent applicable, Licensor shall comply with the requirements of the Children’s Online Privacy Protection Act (“COPPA”) and SHALL NOT KNOWINGLY COLLECT ANY PERSONALLY IDENTIFYING INFORMATION FROM CHILDREN UNDER THE AGE OF 13 THROUGH THE SOFTWARE AND/OR OTHER PRODUCT EXCEPT IN COMPLIANCE WITH COPPA.

Article 6. STANDARD OF CARE

6.1 Licensors shall provide all professional Services in a good, timely, thorough, and workmanlike manner, in accordance with the standard of care, skill, training, diligence, and judgment provided by highly competent providers and licensors performing services of a similar nature. Licensors shall be responsible for the security of the data (including but not limited to City Data) during any implementation, configuration and integration, and it shall be responsible for non-interference with those aspects of the City's existing computer and related systems that are not intended to be replaced or changed by this Project. Licensors shall be responsible for the professional and technical accuracy and the coordination of all work furnished under this Agreement. 6.2 Notwithstanding any provision to the contrary, the City's review, approval, testing, acceptance or payment for any of the software, deliverables, Equipment, labor, and/or services furnished shall not be construed to operate as a waiver of any rights under this Agreement or any cause of action arising out of the performance of this Agreement.

6.3 Without limiting the generality of other provisions of this Agreement, in the event that any aspect of Licensors' performance fails to comply with applicable law due to Licensors' negligence or breach of this Agreement, Licensors shall make all necessary corrections at no cost whatsoever to the City.

Article 7. INDEMNIFICATION

7.1 Licensors shall indemnify, defend and hold harmless the City and its officials, employees, agents, and attorneys against any third party claims, demands, actions, arbitrations, losses and liabilities resulting from any injury, death or damage to property, caused by Licensors' employees or subcontractors in performing the obligations under this Agreement. The City agrees to promptly provide Licensors notice thereof (although a delay of notice will not relieve Licensors of its obligations except to the extent that Licensors is materially prejudiced by such delay) and to provide reasonable cooperation, information, and assistance in connection therewith. If Licensors' indemnification is provided without reservation, Licensors shall have sole control and authority to defend, settle or compromise such claim, *provided* that any settlement/compromise shall unconditionally release City of all liability by all claimants *and further* that Licensors shall nevertheless obtain City's prior written consent prior to making any admission or statement of City breach, error or negligence.

7.2 Without limiting the generality of the foregoing, Licensors shall defend, hold harmless and indemnify the City, and its officials, employees, agents and attorneys against any damages or amounts paid in settlement, as well as any attorney fees and costs, as a result of any claim or threat of claim brought by a third party against the City alleging that: (i) the use of the Software, the documentation (including for this Article 7, technical and non-technical documentation) and/or other products, Equipment that City has licensed or otherwise received from Licensors infringes or misappropriates any patent, copyright, trademark, trade secret or other proprietary

right of a third party, or (ii) the Software, documentation and/or other products, Equipment, which City has licensed or otherwise received from Licensor caused damage or injury (including death), to the extent that such damage was not caused by the City through a change in said Software, documentation and/or other products, Equipment, except as performed or authorized by Licensor. The City agrees to promptly provide Licensor notice thereof (although a delay of notice will not relieve Licensor of its obligations except to the extent that Licensor is materially prejudiced by such delay) and to provide reasonable cooperation, information, and assistance in connection therewith. If Licensor's indemnification is provided without reservation, Licensor shall have sole control and authority to defend, settle or compromise such claim, *provided* that any settlement/compromise shall unconditionally release City of all liability by all claimants *and further* that Licensor shall nevertheless obtain City's prior written consent prior to making any admission or statement of City breach, error or negligence.

7.2.1 If the City is enjoined or otherwise prevented from using Software, documentation and/or other products, Equipment for any reason not the material breach of this Agreement by the City, Licensor shall make all reasonable efforts to obtain for the City (at no additional cost) the right to continue use of such Software, Equipment, documentation and/or other products, so that the City is no longer infringing. If neither of the foregoing options is reasonably available to Licensor, then Licensor shall equitably refund any payments made for the applicable Software, Equipment, documentation and/or other products, as of the last date the City was able to normally use said Software, Equipment, documentation and/or other products, and if the City determines that the functionality of the Software is materially reduced, the City may terminate this Agreement pursuant to Section 11.1.

7.3 Any and all costs of defense (e.g., reasonable attorney's fees and costs, any award, any settlement) related to Sections 7.1 and 7.2 shall be deemed direct damages for purposes of Section 9.1 and shall not be subject to the Limitation of Liability set forth in Section 9.2.

7.4 The City shall have no obligation to indemnify the Licensor. Without limiting the generality of Section 12.12, and notwithstanding any provision to the contrary, the City shall have no obligation to indemnify any third party, whether Licensor's affiliate, partner, licensor or otherwise.
