December 24, 2024

To All Bidders:

Subject: **Bid No. CR-8338-M5 – Maintenance & Repair – Generators / WPS & City**

ADDENDUM NO. 2

To Whom It May Concern:

With reference to our bid request relative to the above subject, please refer to the changes/modifications/clarifications to the original proposal request.

General Bid Clarifications:

Please be advised to recent changes to MGL Ch 149, effective October 29, 2024:

Notice of Prevailing Wage Classification

The Department of Labor Standards (DLS) is required to set prevailing wage schedules for public works construction projects based on “collective agreements or understandings in the private construction industry between organized labor and employers.” G.L. c. 149, § 26. DLS also looks to these agreements and understandings to determine the appropriate job classifications for the type of work in question. For purposes of G.L. c. 149, §§ 26 and 27, which comprise Massachusetts’ prevailing wage law for public works projects performed within the Commonwealth, the job classification applicable for the service and repair (including battery replacement) of electrical generators that are part of a public building, and not portable, is Electrician.

Bidders are requested to acknowledge and/or include this addendum with submission. All other terms, conditions and specifications remain unchanged.

Very truly yours,

Stephen R. McDonald
Assistant Purchasing Director
