Questions Received by this Office, and Answers from The City:

1. Q: Has The City of Worcester coordinated with the Crapo Hill Landfill? It is my understanding that the Crapo Hill Landfill cannot accept catch basin materials, unless the municipality has a Beneficial Use Determination (BUD) allowing the material to be sent to a MA landfill for daily cover an/or grading and shaping. Does the City of Worcester have a BUD? If so, can that be provided?

A: City of Worcester has a BUD for catch basin cleanings and street sand. Copy of BUD will be provided when bid is awarded.

Bidders are requested to acknowledge and/or include this addendum with submission. All other terms, conditions and specifications remain unchanged.

Very truly yours,

Stephen R. McDonald
