ADDENDUM NO. 2

To Whom It May Concern:

With reference to our bid request relative to the above subject, please refer to the changes/modifications/clarifications to the original proposal request.

Questions received by this office and responses from The City:

1. **My understanding is that all units are to be activated for the full 15 minutes. If that's the case, can you clarify how you'd like us to handle locations that do not have floor drains?**
 - a. **The 15-minute activation requirement will be waived as long as the contractor uses a calibrated bucket with a 2-gallon reference line and operates each unit for at least six seconds.**

Bidders are requested to acknowledge and/or include this addendum with submission. All other terms, conditions and specifications remain unchanged.

Very truly yours,
